American Holiday Postcards, 1905-1915 Daniel Gifford,2013-08-29 In the early 20th century postcards were one of the most important and popular expressions of holiday sentiment in American culture Millions of such postcards circulated among networks of community and kin as part of a larger American postcard craze However their uses and meanings were far from universal This book argues that holiday postcards circulated primarily among rural and small town Northern white women with Anglo Saxon and Germanic heritages Through analysis of a broad range of sources Daniel Gifford recreates the history of postcards to account for these specific audiences and reconsiders the postcard phenomenon as an image based conversation among exclusive groups of Americans A variety of narratives are thus revealed the debates generated by the Country Life Movement the empowering manifestations of the New Woman the civic privileges of whiteness and the role of emerging technologies From Santa Claus to Easter bunnies flag waving turkeys to gun toting cupids holiday postcards at first seem to be amusing expressions of a halcyon past Yet with knowledge of audience and historical conflicts this book

Dinh,2017-02-21 Roaming the country by bus and train on a budget and without any institutional support Linh Dinh set out to document in words and pictures what life is like for people From Los Angeles Cheyenne Portland and New Orleans to Jackson and Wolf Point Linh walked miles and miles through unfamiliar neighborhoods talking to whoever would talk to him the homeless living in tent cities the peddlers the protestors the public preachers the prostitutes With the uncompromising eye of
