Slouching Towards Gomorrah:

Slouching Towards Gomorrah Robert H. Bork, 2010-11-16 In this New York Times bestselling book Robert H Bork our country's most distinguished conservative scholar offers a prophetic and unprecedented view of a culture in decline a nation in such serious moral trouble that its very foundation is crumbling a nation that slouches not towards the Bethlehem envisioned by the poet Yeats in 1919 but towards Gomorrah *Slouching Towards Gomorrah* is a penetrating devastatingly insightful exposé of a country in crisis at the end of the millennium where the rise of modern liberalism which stresses the dual forces of radical egalitarianism the equality of outcomes rather than opportunities and radical individualism the drastic reduction of limits to personal gratification has undermined our culture our intellect and our morality In a new Afterword the author highlights recent disturbing trends in our laws and society with special attention to matters of sex and censorship race relations and the relentless erosion of American moral values The alarm he sounds is more sobering than ever we can accept our fate and try to insulate ourselves from the effects of a degenerating culture or we can choose to halt the beast to oppose modern liberalism in every arena The will to resist he warns remains our only hope

Slouching Towards Gomorrah Joseph B. Fuiten, 1999* [Modern Jeremiahs](#) Mark Stephen Jendrysik, 2008-03-20 One of the most enduring themes in American political discourse is the idea of decline Since the very beginnings of the European settlement of North America there have been voices pointing to an inevitable regression of the people from the standards set by heroic ancestors This discourse of decay has often taken the form of the jeremiad in which public intellectuals pundits and politicians point to the causes of decline and call for a return to older and nobler standards of conduct The Jeremiad has seen a revival in the last 25 years Jendrysik traces the history of this form of political discourse from its modern reinvention by Allan Bloom to its current uses by such figures as Bill O'Reilly and Hillary Clinton

Proust's Lesbianism Elisabeth Ladenson, 1999 For decades Elisabeth Ladenson says critics have misread or ignored a crucial element in Marcel Proust's fiction his representation of lesbians Her challenging new book definitively establishes the centrality of lesbianism as sexual obsession and aesthetic model in Proust's vast novel *A la recherche du temps perdu* Traditional readings of the *Recherche* have dismissed Proust's Gomorrah his term for women who love other women as a veiled portrayal of the novelist's own homosexuality More recently queer positive rereadings have viewed the novel's treatment of female sexuality as ancillary to its accounts of Sodom and its meditations on time and memory Ladenson instead demonstrates the primacy of lesbianism to the novel showing that Proust's lesbians are the only characters to achieve a plenitude of reciprocated desire The example of Sodom by contrast is characterized by frustrated longing and self-loathing She locates the work's paradigm of hermetic relations between women in the self-sufficient bond between the narrator's mother and grandmother Ladenson traces Proust's depictions of male and female homosexuality from his early work onward and contextualizes his account of lesbianism in late nineteenth century sexology and early twentieth century thought A vital contribution to the fields of queer theory and of

French literature and culture Ladenson's book marks a new stage in Proust studies and provides a fascinating chapter in the history of a literary masterpiece's reception *Disconnected America* Ed Shane, 2001 Individuals find themselves in a world of voyeuristic television programs attention getting stunts trivialized information and glorified crisis events The author contends that there is an inherent but unfortunate bias within media against offering complex interpretations that provide history and meaning to the reporting of news events and he concludes that we are moving closer to the narcotic like trance depicted by Aldous Huxley in *Brave New World* than grim prison like atmosphere created by George Orwell in *Nineteen Eighty four* forward *Losing Our Virtue* David F. Wells, 1999-02 Why the Church must recover its moral vision *Justice as Integrity* David Fagelson, 2007-06-01 Do any moral values underlie the foundations of law and society in America In *Justice as Integrity* David Fagelson argues that morality is indeed a part of the idea of law Examining controversies of speech and privacy he does not ignore the conservative communitarian streak in America but argues that liberal tolerance best fits the social meanings of American political morality While tolerance plays a critical role different social practices yield different conceptions of tolerance Judges must interpret any public text to develop coherent narratives that best explain the use of force in their jurisdiction In America Fagelson argues liberal tolerance is the sovereign principle that the Supreme Court uses as a prism when interpreting social institutions like marriage speech and even death to make them more consistent with personal autonomy **That Nothing May Be Lost** Fr. Paul Scalia, 2017-03-25 Fr Paul Scalia reveals a scholar's mind and a pastor's heart in these inspiring reflections on a wide range of Catholic teachings and practices Rooted in Scripture the beauty and truth of these insights places the reader on a path to a deeper more meaningful relationship with God While keeping the focus on the theology and teachings of the Church Fr Scalia also covers these topics shows the unity that comes from the seven sacraments provides a road map to a life of grace encourages a strong devotion to our Blessed Mother provides guidance on how to develop a continuous conversation with God These ponderings are coupled with powerful and moving introductory essays penned by highly regarded Catholics each offering a glimpse into the Catholic faith realized Rev Paul Check Jim Towey Dr Scott Hahn Mary Ellen Bork Gloria Purvis Raymond Arroyo Lizz Lovett and Helen Alvare each open a section of the book with a personal account of his or her interaction with the faith Fr Scalia's writings then offer insight into developing and growing one's faith and relationship with God Additionally Archbishop Charles Chaput offers a thought provoking foreword to help the reader with a meaningful journey through the many aspects of the Catholic faith presented throughout this book *Dastardly Discourse* Meg Gorzycki, 2020-03-09 Screaming at the television compulsively firing off tart little tweets and blogging until we are blue these signal that we are feeling the effects of dastardly discourse We live in a world where people feel entitled to use words to hurt exploit and publicly degrade humanity We daily consume rhetoric that makes a mockery of decency and civility Leaders of key social institutions including government news media and religious organizations who are supposed to be role models of reasoned and compassionate communication are often the ones with the

loudest lies and the hardest hate We can change the channel We can unplug We can even encourage others to do the same We may not do so however until we grasp what is fundamentally at risk in our current norms of communication Nasty words are just the tip of the dastardly discourse iceberg What lies beneath is a steady flow of propaganda that aims to control our personal narratives This book is about that propaganda the importance of owning our own narratives and improving our own rhetorical capital the ability to analyze and evaluate information for the sake of sustaining human dignity decency and civility

Hijacked!
