The Conquest of Ruins Julia Hell,2019-03-19 The Roman Empire has been a source of inspiration and a model for imitation for Western empires practically since the moment Rome fell Yet as Julia Hell shows in The Conquest of Ruins what has had the strongest grip on aspiring imperial imaginations isn t that empire s glory but its fall and the haunting monuments left in its wake Hell examines centuries of European empire building from Charles V in the sixteenth century and Napoleon s campaigns of the late seventeenth and early eighteenth centuries to the atrocities of Mussolini and the Third Reich in the 1930s and 40s and sees a similar fascination with recreating the Roman past in the contemporary image In every case particularly that of the Nazi regime the ruins of Rome seem to represent a mystery to be solved how could an empire so powerful be brought so low Hell argues that this fascination with the ruins of greatness expresses a need on the part of would be conquerors to find something to ward off a similar demise for their particular empire **Journal and**
