specialists and general readers alike *South Toward Home* Julia Reed,2018-07-31 In considering the pleasures and absurdities of her native culture Julia Reed quotes another Southern writer Willie Morris who said It s the juxtapositions that get you down here These juxtapositions are for Julia the soul of the South and in her warmhearted and funny new book *South Toward Home* she chronicles her adventures through the highs and the lows of Southern life taking us everywhere from dive bars and the Delta Hot Tamale Festival to an impromptu shindig on a Mississippi River sandbar and a coveted seat on a Mardi Gras float She writes about the region s music and food its pesky critters and prodigious drinking habits its inhabitants penchant for making their own fun and crucially their gift for laughing at themselves With her distinctive voice and knowing eye Julia also provides her take on the South s more embarrassing characteristics from the politics of lust and the persistence of dry counties to the seemingly bottomless propensity for committing a whole lot of craziness in the name of the Lord No matter what she writes My fellow Southerners have brought me the greatest joy on the page over the airwaves around the dinner table at the bar or hell in the checkout line *South Toward Home* with a foreword by Jon Meacham is Julia Reed s valentine to the place she knows and loves best *The Broken Font. Stanford,Amy Verner,1999 There s a real flowering I think of southern poetry right now assembling at the edges of everything This observation by Pulitzer Prize winning poet Charles Wright reflects upon the continuing vibrancy and importance of the southern poetic tradition Although the death of James Dickey in 1997 left southern poetry without a recognizably dominant voice an array of other vibrant voices continue to be heard and recognized *Southbound Interviews with Southern Poets* provides a glimpse of the many poets who promise to keep southern poetry vital into the twenty first century *The Broken Font. The Story Paradox Jonathan Gottschall,2021-11-23 Storytelling a tradition that built human civilization may soon destroy it Humans are storytelling animals Stories are what make our societies possible Countless books celebrate their virtues But Jonathan Gottschall an expert on the science of stories argues that there is a dark side to storytelling we can no longer ignore Storytelling the very tradition that built human civilization may be the thing that destroys it In *The Story Paradox* Gottschall explores how a broad consortium of psychologists communications specialists neuroscientists and literary quants are using the scientific method to study how stories affect our brains The results challenge the idea that storytelling is an obvious force for good in human life Yes storytelling can bind groups together but it is also the main force dragging people apart And it s the best method we ve ever devised for manipulating each other by circumventing rational thought Behind all civilization s greatest ills environmental destruction runaway demagogues warfare you will always find the same master factor a mind disordering story Gottschall argues that societies succeed or fail depending on how they manage these tensions And it has only become harder as new technologies that amplify the effects of disinformation campaigns conspiracy theories and fake news make separating fact from fiction nearly impossible With clarity and conviction Gottschall reveals why our biggest asset has become our greatest threat and what if anything can be done It is a call to stop asking How we can change the world through stories and start asking How can we save the world from stories
