**Children's Play, Pretense, and Story** Susan Douglas,Lesley Stirling,2015-12-21 At the heart of this volume is the recognition that children s engagement with play and story are intrinsically and intricately linked The contributing authors share a passionate interest in the development and well being of children in particular through their use of imagination and adaptation of the everyday into play and stories Following these principles the volume explores the connections between play story and pretense with regard to many cultural and contextual factors that influence the way these elements vary in children s lives In a departure from earlier collections on play and story the authors take a particular focus on normative as compared with atypical development This collection begins with an approach to understanding the developmental relationship between play and story which recognizes their similarities while acknowledging their differences Much of the collection addresses pretend play and story in children with autism spectrum disorder an understudied but important group for consideration as these dimensions of their lives and development have often been considered problematic The volume also includes sections on play and story in classroom settings and play and story across cultures including non English speaking environments such as Israel Romania China and Mexico It concludes with a discussion of how play differs across sociocultural and economic contexts making a unifying claim for the importance of play in children s lives but also calling for an understanding of what play means to very different groups of children Old English History for Children Edward Augustus Freeman,1890 **Old English History** Edward Augustus Freeman,1873 *The Black Widower* Michael Fleeman,2017-08-01 She was his second wife to die Coming off a failed marriage a beautiful woman named Toni joined an online dating site hoping to find true and lasting love Harold Henthorn seemed like her dream come true a handsome man who said he had a heart for others Only weeks after meeting they were wed But Toni s family began noticing Harold s dark side especially his controlling nature which Toni didn t seem to mind Until she met her end at the bottom of a ravine Was he a grieving husband or a black widower Harold s tearful story of his wife s hiking accident just didn t hold up with Toni s family or the police Then a shocking truth was uncovered twenty years before Harold s first wife had also died suspiciously in a remote area with no witnesses Soon more questions arose Who was Harold Henthorn a devoted grief stricken husband or a cold calculating killer

Could authorities find a way to connect his wives deaths and expose the truth

Winstead,2018-04-05 The Oxford History of Life Writing Volume 1 The Middle Ages explores the richness and variety of life writing from late Antiquity to the threshold of the Renaissance During the Middle Ages writers from Bede to Chaucer were thinking about life and experimenting with ways to translate lives their own and others into literature Their subjects included career religious saints celebrities visionaries pilgrims princes philosophers poets and even a few ordinary people They relay life stories not only in chronological narratives but also in debates dialogues visions and letters Many medieval biographers relied on the reader's trust in their authority but some espoused standards of evidence that seem distinctly modern drawing on reliable written sources interviewing eyewitnesses and cross checking their facts wherever possible Others still professed allegiance to evidence but nonetheless freely embellished and invented not only events and dialogue but the sources to support them The first book devoted to life writing in medieval England The Oxford History of Life Writing Volume 1 The Middle Ages covers major life stories in Old and Middle English Latin and French along with such Continental classics as the letters of Abelard and Heloise and the autobiographical Vision of Christine de Pizan In addition to the life stories of historical figures it treats accounts of fictional heroes from Beowulf to King Arthur to Queen Katherine of Alexandria which show medieval authors experimenting with adapting and expanding the conventions of life writing Though Medieval life writings can be challenging to read we encounter in them the antecedents of many of our own diverse biographical forms tabloid lives literary lives brief lives revisionist lives lives of political figures memoirs fictional lives and psychologically oriented accounts that register the inner lives of their subjects

**Menus for Movieland** Richard Abel,2015-09-01 At the turn of the past century the main function of a newspaper was to offer menus by which readers could make sense of modern life

and imagine how to order their daily lives Among those menus in the mid 1910s were several that mediated the interests of movie manufacturers distributors exhibitors and the rapidly expanding audience of fans This writing about the movies arguably played a crucial role in the emergence of American popular film culture negotiating among national regional and local interests to shape fans ephemeral experience of moviegoing their repeated encounters with the fantasy worlds of movieland and their attractions to certain stories and stars Moreover many of these weekend pages daily columns and film reviews were written and consumed by women including one teenage girl who compiled a rare surviving set of scrapbooks Based on extensive original research *Menus for Movieland* substantially revises what moviegoing meant in the transition to what we now think of as Hollywood
