Things That Changed the Course of History: The Story of the Invention of the Typewriter 150 Years Later Hannah Sandoval,2017 Maybe you ve never used a typewriter yourself but you ve probably seen a movie set sometime in the 20th century that features a room full of them Perhaps you ve heard the distinctive clickety clack of the machine the loud ping when the typists get to the end of the line and the gentle swoosh as the typists start all over again For those of us who grew up with computers typewriters have an undeniable fascination but let s stop trying to think of the typewriter as something that is vintage Let s start considering it as the amazing technological development that it was and is

To this day keyboards follow the QWERTY format because Christopher Latham Sholes the inventor of the typewriter designed his keyboards this way Women were able to enter the workforce with decent paying jobs because being a typist was deemed an acceptable position for women The industrialization of the economy was helped along by this more sophisticated device Not only is the typewriter the direct predecessor of the computer which has completely changed the way we communicate but it s also a charming machine in its own right with its clickety clack ping and swoosh Experience the story of the invention of the typewriter with help from our featured guests Linda Deutsch famed former Associated Press reporter Dorothy Portnoy long time typing teacher in Manhattan and Steven Hausman technology consultant and former Deputy Director for the National Institute of Health 10 19 2016 12 00 00 AM

Official Secret: The Remarkable Story Of Escape Aids, Their Invention, Production, And The Sequel Clayton Hutton,2015-11-06 Few readers fail to thrill to escape stories but do they pause to wonder who or what organization was behind the ingenious escape aids that became familiar to the allied forces Here is the story of that man Major Hutton whose wartime job was to devise aids to facilitate production to engineer distribution and to be ready to substitute at one when the enemy solved the secret There were silk maps to all areas and frontiers there were all sorts of ways of concealing tiny compasses there were flying books that could be quickly converted heels that held money plastic containers that held necessities for survival food medicine first aid items even a cream in toothpaste tubes Frequently his methods were on the edge of the illegal Print Ed
