couples deal with the strain of the man wishing and hoping while all she longs for is the bliss of uninterrupted sleep In *The Sex Diaries* Australia's leading sex therapist Bettina Arndt uncovers the night time drama being played out in bedrooms everywhere the creeping hand and feigning of sleep the staying up late in the hope that he will doze off It is one of the great inconvenient truths of relationships that after the first blissful years together most men want more sex than their female partners Bettina Arndt recruited ninety eight couples to keep diaries revealing their intimate negotiations over sex Who feels like having sex Who doesn't And how do couples cope if one person wants it more than the other She draws on her thirty five years of experience as a sex therapist and psychologist to provide a provocative analysis that challenges our basic assumptions about sex With her characteristic humour and insight Bettina Arndt proposes a new approach to how couples can enjoy regular sex and sustain loving relationships

Shakespeare and the Middle Ages Martha W. Driver, Sid Ray, 2014-01-10 Every generation reinvents Shakespeare for its own needs imagining through its particular choices and emphases the Shakespeare that it values The man himself was deeply involved in his own kind of historical reimagining This collection of essays examines the playwright's medieval sources and inspiration and how they shaped his works With a foreword by Michael Almereyda director of the *Hamlet* starring Ethan Hawke and dramaturge Dakin Matthews these thirteen essays analyze the ways in which our modern understanding of medieval life has been influenced by our appreciation of Shakespeare's plays

The Vagina: A Literary and Cultural History Emma L. E. Rees, 2013-08-01 From *South Park* to Kathy Acker and from Lars Von Trier to *Sex and the City* women's sexual organs are demonized Rees traces the fascinating evolution of this demonization considering how calling the c word obscene both legitimates and perpetuates the fractured identities of women globally Rees demonstrates how writers artists and filmmakers contend with the dilemma of the vagina's puzzlingly covert visibility In our postmodern porn obsessed culture vaginas appear to be everywhere literally or symbolically but crucially they are as silenced as they are objectified *The Vagina: A Literary and Cultural History* examines the paradox of female genitalia through five fields of artistic expression literature film TV visual and performance art There is a peculiar paradox unlike any other regarding female genitalia Rees focuses on this paradox of what is termed the covert visibility of the vagina and on its monstrous manifestations That is what happens when the female body refuses to be pathologized eroticized or rendered subordinate to the will or intention of another Common and often offensive slang terms for the vagina can be seen as an attempt to divert attention away from the reality of women's lived sexual experiences such that we don't look at the vagina itself slang offers a convenient distraction to something so taboo *The Vagina: A Literary and Cultural History* is an important contribution to the ongoing debate in understanding the feminine identity

The Crown in Crisis Alexander Larman, 2025-08-22 The thrilling and definitive account of the Abdication Crisis of 1936 On December 10 1936 King Edward VIII brought a great international drama to a close when he abdicated renouncing the throne of the United Kingdom for himself and his heirs The reason he gave when addressing his subjects was that he could not fulfill his duties

without the woman he loved the notorious American divorcee Wallis Simpson by his side His actions scandalized the establishment who were desperate to avoid an international embarrassment at a time when war seemed imminent That the King was rumored to have Nazi sympathies only strengthened their determination that he should be forced off the throne by any means necessary Alexander Larman's *The Crown in Crisis* will treat readers to a new thrilling view of this legendary story Informed by revelatory archival material never before seen as well as by interviews with many of Edward's and Wallis's close friends Larman creates an hour by hour day by day suspenseful narrative that brings readers up to the point where the microphone is turned on and the king speaks to his subjects As well as focusing on King Edward and Mrs Simpson Larman looks closely at the roles played by those that stood against him Prime minister Stanley Baldwin his private secretary Alec Hardinge and the Archbishop of Canterbury Cosmo Lang Larman also takes the full measure of those who supported him the great politician Winston Churchill Machiavellian newspaper owner Lord Beaverbrook and the brilliant lawyer Walter Monckton For the first time in a book about the abdication readers will read an in depth account of the assassination attempt on Edward's life and its consequences a first person chronicle of Wallis Simpson's scandalous divorce proceedings information from the Royal Archives about the government's worries about Edward's relationship with Nazi high command Ribbentrop and a boots on the ground view of how the British people saw Edward as they watched the drama unfold You won't be able to put down *The Crown in Crisis* a full panorama of the people and the times surrounding Edward and the woman he loved

The Perfect Vagina Lindy McDougall, 2021-05-04 In the West a specific ideal for female genitalia has emerged one of absence a clean slit attained through the removal of pubic hair and increasingly through female genital cosmetic surgery known as FGCS In *The Perfect Vagina* Cosmetic Surgery in the Twenty First Century Lindy McDougall provides an ethnographic account of women who choose FGCS in Australia and the physicians who perform these procedures both in Australia and globally while also examining the environment in which surgeons and women come together Physicians have a vested interest in establishing this surgery as valid medical intervention despite majority medical opinion explicitly acknowledging that a wide range of genital variation is normal McDougall offers a nuanced picture of why and how these procedures are performed and draws parallels between FGCS and anthropological discussions of female genital circumcision cutting Using the neologism biomagical she argues that cosmetic surgery functions as both ritual and sacrifice due to its promise of transformation while simultaneously submitting the body to the risks and pain of surgery thus exposing biomedicine as an increasingly cultural and commercial pursuit *The Perfect Vagina* highlights the complexities involved with FGCS its role in Western beauty culture and the creation and control of body image in countries where self care is valorized and medicine is increasingly harnessed for enhancement as well as health

The Windsors at War Alexander Larman, 2023-04-18 The next volume in Alexander Larman's biographical chronicle of the Windsor family as they go to war with Adolf Hitler and each other At the beginning of 1937 the British monarchy was in a state of turmoil The previous king

Edward VIII had abdicated the throne leaving his unprepared and terrified brother Bertie to become George VI surrounded by a gaggle of courtiers and politicians who barely thought him up to the job Meanwhile as the now Duke of Windsor awaited the decree that would allow him to marry his mistress Wallis Simpson he took an increased interest in the expansionist plans of Adolf Hitler He may even have gone so far as to betray his country in the process And as double agents and Nazi spies thronged the corridors of Buckingham Palace the only man the King could trust was his Prime Minister Winston Churchill But they faced a formidable even unbeatable adversary his own brother The Windsors at War tells the never before told story of World War Two in Britain and America with a fresh focus on the royal family their conflicted relationships and the events that rocked the international press How did this squabbling dysfunctional family manage to put their differences aside and unite to help win the greatest conflict of their lifetimes Alexander Larman author of *The Crown in Crisis* now chronicles the Windsor family at war with Germany and each other

Origins of the Gods Andrew Collins, Gregory L. Little, 2022-04-19 Explores how our ancestors used shamanic rituals at sacred sites to create portals for communication with nonhuman intelligences Shares supporting evidence from the spiritual and shamanic beliefs of more than 100 Native American tribes Shows how the earliest forms of shamanism began at sites like

Qesem Cave in Israel more than 400 000 years ago From G bekli Tepe in Turkey to the Egyptian pyramids from the stone circles of Europe to the mound complexes of the Americas Andrew Collins and Gregory L Little show how again and again our ancestors built permanent sites of ceremonial activity where geomagnetic and gravitational anomalies have been recorded They investigate how the earliest forms of animism and shamanism began at sites like the Denisova Cave in the Altai Mountains of Siberia and Qesem Cave in Israel more than 400 000 years ago They explain how shamanic rituals and altered states of consciousness combine with the natural forces of the earth to create portals for contact with otherworldly realms in other words the gods of our ancestors were the result of an interaction between human consciousness and transdimensional intelligence The authors show how the spiritual and shamanic beliefs of more than 100 Native American tribes align with their theory and they reveal how some of these shamanic transdimensional portals are still active sharing vivid examples from Skinwalker Ranch in Utah and Bempton in northern England Ultimately Collins and Little show how our modern disconnection from nature and lack of a fully visible night sky makes the manifestations from these ultraterrestrial intelligences seem random If we can restore our spiritual connections perhaps we can once again communicate with the higher dimensional beings who triggered the advancements of our earliest ancestors *The Oxford Handbook of Taboo Words and Language* Keith Allan,2019 This volume brings together experts from a wide range of disciplines to define and describe taboo words and language and to investigate the reasons and beliefs behind them It examines topics such as impoliteness swearing censorship taboo in deaf communities translation of tabooed words and the use of taboo in banter and comedy **Freedom and Equality** Clare Chambers,2024 Freedom and Equality explores foundational concepts for liberalism and feminism Clare Chambers argues that the doctrines are compatible but feminism is necessary because liberalism has been incapable of securing gender equality and women s liberation alone **The Virgin Mary in Late Medieval and Early Modern English Literature and Popular Culture** Gary Waller,2011-01-20 This book was first published in 2011 The Virgin Mary was one of the most powerful images of the Middle Ages central to people s experience of Christianity During the Reformation however many images of the Virgin were destroyed as Protestantism rejected the way the medieval Church over valued and sexualized Mary Although increasingly marginalized in Protestant thought and practice her traces and surprising transformations continued to haunt early modern England Combining historical analysis and contemporary theory including issues raised by psychoanalysis and feminist theology Gary Waller examines the literature theology and popular culture associated with Mary in the transition between late medieval and early modern England He contrasts a variety of pre Reformation texts and events including popular mariology poetry tales drama pilgrimage and the emerging New Learning with later sixteenth century ruins songs ballads Petrarchan poetry the works of Shakespeare and other texts where the Virgin s presence or influence sometimes surprisingly can be found **Nihilism and the Sublime Postmodern** William Slocombe,2013-11-05 This book examines the relationship between nihilism and postmodernism in

relation to the sublime and is divided into three parts history theory and praxis Arguing against the simplistic division in literary criticism between nihilism and the sublime the book demonstrates that both are clearly implicated with the Enlightenment Postmodernism as a product of the Enlightenment is therefore implicitly related to both nihilism and the sublime despite the fact that it is often characterised as either nihilistic or sublime Whereas prior forms of nihilism are modernist because they seek to codify reality postmodernism creates a new formulation of nihilism postmodern nihilism that is itself sublime This is explored in relation to a broad survey of postmodern literature in two chapters the first on aesthetics and the second on ethics It offers a coherent thesis for reappraising the relationship between nihilism and the sublime and grounds this argument with frequent references to postmodern literature making it a book suitable for both researchers and those more generally interested in postmodern literature
