**and Fall of the World's Religions and their Evolution** Younus Samadzada, 2022-01-14 This book chronologically documents the rise and fall of the major religions of the world and explores the role that various cultural factors such as dance, trance, music, song, and language have played in this evolution. The role that leaders play in the evolution of religion is also discussed. Starting from the primitive religions of hunter-gatherer societies in which religion was not part of any institution, the next stages of human life from the agricultural revolution to the modern religions of today are discussed. Among the modern religions discussed are Judaism, Buddhism, Christianity, Islam, Scientology, and numerous others. The reader is further provided with a unique perspective on the potential good and evil aspects of religion and the very reality of the existence of a God or gods and the possible downfalls of the religious belief system. *The Story of World Religions* Markus Hattstein, 2013 A compact yet comprehensive introduction to the history of architecture, richly illustrated and jam-packed with facts.

**The World's Religions** Ninian Smart, 1998-06-28 *The World's Religions* offers a fascinating insight into a wide range of faiths, their history, and their followers. In the richly illustrated new edition of this popular book, religions are described through their symbols, rituals, followers, architecture, and art. References, statistics, maps, and pictures have been updated and added. **An Illustrated and Popular Story of the World's First Parliament of Religions ...**, 1893

**Fundamentalism, Mythos, and World Religions** Niels Christian Nielsen, 1993-01-01 Fundamentalism is widely feared and its influence is growing in many of the major world faiths. Arising in reaction against modernism, fundamentalism affirms a pre-Enlightenment paradigm in a post-Enlightenment era. The author supports a prediction that fundamentalists will continue to have power in a variety of religions. But their characteristic ahistorical, absolutistic view will limit their outreach.

**World Religions in America** Jacob Neusner, 2003-01-01 In this, the third edition of Jacob Neusner's basic, accessible, and proven guide to the world's religions as they are practiced in America, new chapters explore the Church of Scientology, Nature Religions, and the Baha'i faith. In addition, the chapter on Islam in America has been expanded. Each chapter includes study questions, essay topics, and suggestions for further reading.

*The World's Religions* Peter Clarke, Friedhelm Hardy, Leslie Houlden, Stewart Sutherland, 2004-01-14 Gives an account of the history, the theological basis, the practice, and the current state of the study of religion and religions throughout the world. Combines a clear and non-technical style of presentation with a structure and range of contributions which reflect the richness and complexity of religion itself, of the religions of the world, and the study of religions. Comprehensive index, bibliographies, and suggestions for further reading. Intriguing philosophical questions are raised about the nature of religion and the qualities needed for studying it. Times Higher Education Supplement: Excellent book, remarkably successful, impressive as much for the sheer scale of the undertaking as for its consistent standard of analysis. It is a fine achievement which will serve both as a very suitable textbook for students and a reliable guide to the

state of scholarship in the History and Study of Religions Heythrop Journal      **World Religions** Leonard J. Biallas, 1991
