Performance Criticism of the Pauline Letters Bernhard Oestreich, 2016-10-28 Receiving a letter from Paul was a major event in the early churches Given the orally oriented culture of the time a letter was designed to be read out loud in front of an audience The document was an intermediate state for the local transport of the message but the actual medium of communication was the performance event This event was embedded in the written text in a manner comparable to a theater script After careful preparation because of high

expectations from ancient audiences a presenter embodied the message with his voice gazes and gestures and made it not only understood but jointly experienced After presenting a short history of performance criticism this book clarifies what is meant by the highly ambiguous term performance and develops steps to analyze ancient texts in order to find and understand the embedded signals of performance This leads to a critical assessment of the potential of performance criticism as a method Then the method is applied to the Pauline Epistles and other early Christian letters It proves to be highly rewarding difficult passages become comprehensible new aspects come to light the text s impact on the audience is felt in short the texts come alive Hot Rod ,1967 *Runways & Racers* Terry O'Neil,2011 *Runways and Racers* focuses on sports car races held at military installations throughout America in the early 1950s It was a marriage of convenience for the Sports Car Club of America and the Strategic Air Command with both parties gaining advantages from the arrangement The thorn in the side turned out to be a Congressman whose own aspirations exceeded his standing but who found himself in a position to be able to influence the outcome of events **History as Performance** Dietlind Hüchtker,2020-09-06 This study analyzes history as performance as the interaction of actors plays stages and enactments By this it examines women s politics in Habsburg Galicia around 1900 a Polish woman active in the peasant movement a Ukrainian feminist and a Jewish Zionist It shows how the movements constructed essentialistically regarded collectives experience as a medially comprehensible form of credibility and a historically based inevitability of change and legitimized participation and intervention through social policy and educational practices Traits shared by the movements included the claim to interpretive sovereignty the ritualization of participation and the establishment of truths about past and future
