Henry Watterson

(ed), 1893 *Oddities in Southern Life and Character* Henry Watterson, 1882 **Alterity and Narrative** Kathleen Glenister Roberts, 2012-02-01 Drawing from the fields of rhetoric cultural studies literature and folkloristics Kathleen Glenister Roberts argues that identity and the history of alterity in the West can be understood more clearly through narrative motifs She provides analyses of these motifs including infanticide universalism the Tower of Babel the warrior Other the noble savage entropology and the trickster With current intellectual conflict as its subtext this book posits that identity is always

negotiated toward Otherness Roberts interrogates narrative constructions of Western biases toward non Western Others with each chapter addressing a Western historical moment through an exemplary narrative This process shows that by imagining and objectifying Others Western cultures were creating their own Selves In confronting the ethnocentrism of past historical moments Roberts invites us to recognize it in the present in a new way Alterity and Narrative asks that we afford Others the ability to transcend their own ethnocentrism and therefore avoid well meaning but na ve calls for cultural sensitivity
