Her study analyses the material circumstances surrounding publication examining the role of magazines and editors in shaping the form. Ingman incorporates recent critical thinking on the short story traces international connections and gives a central part to Irish women's short stories. Each chapter concludes with a detailed analysis of key stories from the period discussed featuring Joyce, Edna O'Brien and John McGahern among others. With its comprehensive bibliography and biographies of authors this volume will be a key work of reference for scholars and students both of Irish fiction and of the modern short story as a genre. **The Found Voice** Denis Sampson, 2016-05-12 *The Found Voice: Writers Beginnings* uses the means of literary biography and criticism to do something rarely attempted to understand how a key creative period establishes the authoritative voice of a unique artist. The essays which explore this hidden process of the writer writing focus on some of the major writers of recent times: V.S. Naipaul, J.M. Coetzee, Alice Munro, William Trevor and Mavis Gallant. The focus of investigation is a single work by each author and many of them identify the book in which this turning point was reached. The writers have a somewhat different sense of what the voice is: a true voice, the voice in the mind, the writing voice etc. yet all of them accept the phrase finding a voice as a decisive and necessary process towards a unique style and vision, their *raison d'être* as artists. These essays allow each one to define his or her sense of the process of writing and their style is exploratory. Nevertheless certain patterns emerge: of migration and cultural displacement, of linguistic self-consciousness, of memory and a reimagining of the first home, of absorbing and rejecting mentors and models. Crucially the essays rely not just on what led up to the moment of creation but on a sense of the career that emerged from it. Most of the writers have written retrospectively in memoirs, interviews or essays about the pivotal work and its foundational significance. They are the best witnesses to the process although their silence or their commentary is understood in terms of the many strands of the narrative that each essay presents.
