Koenig,2021-06-29 How providential history the conviction that God is an active agent in human history has shaped the American historical imagination In 1847 Protestant missionary Marcus Whitman was killed after a disastrous eleven year effort to evangelize the indigenous peoples of the Pacific Northwest By 1897 Whitman was a national hero celebrated in textbooks monuments and historical scholarship as the Savior of Oregon But his fame was based on a tall tale one that was about to be exposed Sarah Koenig traces the rise and fall of Protestant missionary Marcus Whitman s legend revealing two patterns in the development of American history On the one hand is providential history marked by the conviction that God is an active agent in human history and that historical work can reveal patterns of divine will On the other hand is objective history which arose from the efforts of Catholics and other racial and religious outsiders to resist providentialists pejorative descriptions of non Protestants and nonwhites Koenig examines how these competing visions continue to shape understandings of the American past and the nature of historical truth [Playing with History](#) Molly Rosner,2021-05-14 Made in America the rise of the American toy industry Dolling up history 1930 s antique dolls and the Clark doll study Gosh it s exciting to be an American the Orange and Landmark books during the Cold War Family fun for everyone Freedomland U S A 1960 1964 Selling multicultural girlhood the American Girl doll 1986 present *Murder at the Mission* Blaine Harden,2022-04-26 Finalist for the 2022 Will Rogers Medallion Award Terrific Timothy Egan The New York Times A riveting investigation of both American myth making and the real history that lies beneath Claudio Saunt author of Unworthy Republic From the New York Times bestselling author of Escape From Camp 14 a terrifically readable Los Angeles Times account of one of the most persistent alternative facts in American history the story of a missionary a tribe a massacre and a myth that shaped the American West In 1836 two missionaries and their wives were among the first Americans to cross the Rockies by covered wagon on what would become the Oregon Trail Dr Marcus Whitman and Reverend Henry Spalding were headed to present day Washington state and Idaho where they aimed to convert members of the Cayuse and Nez Perce tribes Both would fail spectacularly as missionaries But Spalding would succeed as a propagandist inventing a story that recast his

friend as a hero and helped to fuel the massive westward migration that would eventually lead to the devastation of those they had purportedly set out to save As Spalding told it after uncovering a British and Catholic plot to steal the Oregon Territory from the United States Whitman undertook a heroic solo ride across the country to alert the President In fact he had traveled to Washington to save his own job Soon after his return Whitman his wife and eleven others were massacred by a group of Cayuse Though they had ample reason Whitman supported the explosion of white migration that was encroaching on their territory and seemed to blame for a deadly measles outbreak the Cayuse were portrayed as murderous savages Five were executed This fascinating impeccably researched narrative traces the ripple effect of these events across the century that followed While the Cayuse eventually lost the vast majority of their territory thanks to the efforts of Spalding and others who turned the story to their own purposes Whitman was celebrated well into the middle of the 20th century for having saved Oregon Accounts of his heroic exploits appeared in congressional documents The New York Times and Life magazine and became a central founding myth of the Pacific Northwest Exposing the hucksterism and self interest at the root of American myth making Murder at the Mission reminds us of the cost of American expansion and of the problems that can arise when history is told only by the victors
