Story Of The Jamaican People:

The Story of the Jamaican People Sir Philip Manderson Sherlock, Hazel Bennett, 1998 A history of the Jamaican people from an Afro Caribbean rather than a European perspective Africa is at the centre of the story for by claiming Africa as homeland Jamaicans gain a sense of historical continuity of identity and of roots Jamaica in Slavery and Freedom Kathleen E. A. Monteith, Glen Richards, 2002 Jamaica's rich history has been the subject of many books articles and papers This collection of eighteen original essays considers aspects of Jamaican history not covered in more general histories of the island and illuminates more recent developments in Jamaican and West Indian history Unique in its interdisciplinary approach the collection emphasizes the relevance of history to everyday life and the development of a national identity culture and economy The essays are organized in three sections Historiography and Sources Society Culture and Heritage and Economy Labour and Politics with contributions from scholars in the Departments of History Literatures in English and Political Sciences and from the Main Library University of the West Indies Mona Jamaica Book Jacket **The Sam Sharpe Lectures** E.P. Louis, Rosemarie Davidson, 2023-11-30 Celebrating ten years of the annual Sam Sharpe Lectures this text is a collection of a decade's contribution from scholars thinkers activists and ministers responding to the legacy of Sam Sharpe a Jamaican National Hero This text documents these moving insightful and mobilising contributions and seeks to capture how Sharpe's legacy inspires action for justice in the 21st century Rooted in a radical Jamaican narrative The Sam Sharpe Lectures collectively demonstrate how Sharpe's legacy can inspire all people to be game changers despite life's challenges Sam Sharpe was enslaved yet through a grounding in Christian faith compassion justice and self determination became an agent for transformation and these lectures translate his legacy into tools for today's injustices *Black Missionary in an Age of Enslavement* Noel Leo Erskine, 2024-08-06 Much discussion of Protestant Christianity and its missions in the eighteenth and early nineteenth centuries is focused on the work of English missionary William Carey and American Missionaries Adoniram and Ann Judson who travelled to India in 1793 and 1813 This book reframes this conventional understanding of mission studies and outreach by exploring the legacy and life of the enslaved American Baptist George Liele 1750 1825 the first African American ordained to the Christian ministry Black Missionary in an Age of Enslavement looks at Christianity and mission through the life and times of Liele highlighting his travels as an itinerant preacher in South Carolina Georgia Jamaica and through his prot g there David George Nova Scotia Sierra Leone and toward the end of his life England Liele knew what it meant to be both slave and free In Jamaica as in Savannah he was imprisoned for his faith and saw the survival of the church as pivotal Liele was a man of firsts the first African American ordained to the Christian ministry May 20 1775 and the first missionary to take the Christian gospel outside the United States It was Liele more than any other missionary who initiated the practice of offering education to native people both enslaved and free With the hymnal in one hand and the Bible in the other Liele taught the enslaved and free that they were destined for liberation The Jamaican

People, 1880-1902 Patrick E. Bryan, 2000 A description of the period in Jamaica's history that follows the abolition of slavery up to the introduction of universal adult suffrage The author analyzes the social intellectual and political history of the era including health law labour and the ideas of the black intelligentsia **National Pride - People (Volume 1)** Indiana Robinson, 2017-07-17 People Volume 1 Jamaican topics covered in the book include our slave fore fathers our national heroes our political and religious leaders our educators our youths our nurses and doctors our lawyers our journalists and authors our beauty queens our talented athletes our vendors and our Jamaicans and JAGlobians Naturally our multi talented brothers and sisters are saluted including those still here and those who have since departed to the great beyond So dear readers enjoy the mind triggers and heart wrenching diggers you will find in this book honouring the 55th year of celebrating Jamaica's independence and the tantalizing trip down memory lane with this unofficial reference resource guide by your side

A Concise History of Jamaica Kenneth Morgan, 2023-12-14 An authoritative social economic political and cultural history of Jamaica **A Journey Through Our History** Melody Walker, 2003-10-01 *Race and Nation* Paul Spickard, 2005-07-08 Race and Nation is the first book to compare the racial and ethnic systems that have developed around the world It is the creation of nineteen scholars who are experts on locations as far flung as China Jamaica Eritrea Brazil Germany Punjab and South Africa The contributing historians sociologists anthropologists political scientists and scholars of literary and cultural studies have engaged in an ongoing conversation honing a common set of questions that dig to the heart of racial and ethnic groups and systems Guided by those questions they have created the first book that explores the similarities differences and the relationships among the ways that race and ethnicity have worked in the modern world In so doing they have created a model for how to write world history that is detailed in its expertise yet also manages broad comparisons *Anne Bonny the Infamous Female Pirate* Phillip Thomas Tucker, 2017-08-22 The story of the most famous female pirate in history provides a remarkable personal odyssey from a time when women were almost powerless and at the lowest level of the social order on both sides of the Atlantic This new biographical work fills considerable gaps in Anne Bonny's life beyond her mythology to rescue an actual person for posterity After turning her back on everything she knew growing up in South Carolina to find a sense of personal freedom Anne Bonny sailed the Caribbean's pristine waters during the Golden Age of Piracy in the early eighteenth century Few accurate records exist about these law breakers whose lifestyles called for hanging Fortunately Anne Bonny was a notable exception to the rule as she was caught off the Jamaican coast and tried by a court of law whose records have fortunately survived So who was the real Anne Bonny A heartless prostitute a bloodthirsty psychopathic or a compassionate woman of faith and courage Such a fundamental question has not been adequately answered by historians for 300 years It is now time to take a fresh look at the life of Anne Bonny to present a corrective view into not only her story but also the seldom explored but incredibly rich field of women's history The Anne Bonny mythology is today popularly told in Starz channel's Black Sails and the video game Assassin's Creed Jamaica Jen Green, 2008 Jamaica has a diversity that few

other Caribbean islands can claim. Stray from the north coast resorts and you'll discover radically different environments and terrain. Or throw yourself into the thick of the island's life and you'll learn about a truly unique culture and peoples. Each book in the ongoing Countries of the World series depicts a major nation and its unique position in the world.

A Brief History of Every Country In The World:, 2024-08-24 North America is a continent that remained relatively detached from the greater history of the world until the arrival of Christopher Columbus and other European colonists in 1492. Yet despite this long and timely distance from the rest of the globe, the pages of North American history are extremely rich both before European arrival with indigenous peoples and well after as the continent cradled unique infant nations. Between the twenty-three independent countries that make up the region today and the over 20,000 years of human history spread out across its vast jungles and plains, this book is a snapshot of that history. In about six pages, the complete story of every North American country is overviewed from the very first peoples to inhabit them up to our modern world and the influences of current events. Whether you're looking for certain information on specific countries or just curious in a general read of North America's greater history, this book is perfect for you. It fits in an extraordinary amount within a few hundred pages, everything from ancient Mesoamerican nations and swashbuckling pirates to Cold War coups and decolonization, and reads like a good novel. Certainly a must-read if you're curious about North American history.

Rastafari Reasoning and the RastaWoman Jeanne Christensen, 2014-02-14 Rastafari Reasoning and the RastaWoman: Gender Constructions in the Shaping of Rastafari Livivity examines the complex ways that gender and race shaped a liberation movement propelled by the Caribbean evolution of an African spiritual ethos. Jeanne Christensen proposes that Rastafari represents the most recent reworking of this spiritual ethos, referred to as African religiosity. The book contributes a new perspective to the literature on Rastafari and, through a historical lens, corrects the predominant static view of Rastafari women. In certain Rastafari manifestations, a growing livivity developed by RastaMen eventually excluded women from an important ritual called Reasoning, a conscious search for existential and ontological truth through self-understanding performed in a group setting. Restoring agency to the RastaWoman, Christensen argues that RastaWomen, intimately in touch with this spiritual ethos, challenged oppressive structures within the movement itself. They skirted official restrictions, speaking out in public and written forums whenever such avenues presented themselves and searched for their own truth through conscious, intentional self-examination characteristic of the Reasoning ritual. With its powerful, theoretically informed narrative, Rastafari Reasoning and the RastaWoman: Gender Constructions in the Shaping of Rastafari Livivity will appeal to students and scholars interested in religious transformation, resistance movements, gender issues, critical race studies, and the history and culture of the English-speaking Caribbean.

Ruins Faith Smith engages with a period in the history of the Anglophone Caribbean often overlooked as nondescript quiet and embarrassingly pro imperial within the larger narrative of Jamaican and Trinidadian nationalism Between the 1865 Morant Bay Rebellion and World War I British imperialism was taken for granted among both elites and ordinary people while nationalist discourses would not begin to shape political imagination in the West Indies for decades Smith argues that this moment far from being uneventful disrupts the inevitability of nationhood in the mid twentieth century and anticipates the Caribbean s present day relationship to global power Smith assembles and analyzes a diverse set of texts from Carnival songs poems and novels to newspapers photographs and gardens to examine theoretical and literary historiographic questions concerning time and temporality empire and diaspora immigration and indigeneity gender and the politics of desire Africa s place within Caribbeanist discourse and the idea of the Caribbean itself Closely examining these cultural expressions of apparent quiescence Smith locates the quiet violence of colonial rule and the insistence of colonial subjects on making meaningful lives
