

The Negro Mother

By Langston Hughes

Three hundred years in the deepest South;
But God put a song and a prayer in my mouth .
God put a dream like steel in my soul.
Now, through my children, I'm reaching the goal.

Now, through my children, young and free,
I realized the blessing deed to me.
I couldn't read then. I couldn't write.
I had nothing, back there in the night.

Sometimes, the valley was filled with tears,
But I kept trudging on through the lonely years.
Sometimes, the road was hot with the sun,
But I had to keep on till my work was done:

I had to keep on! No stopping for me --
I was the seed of the coming Free.

Story Of The Negro:

The Story of the Negro Booker T. Washington, 1909 The Story of the Negro Booker T. Washington, 2011-06-03 The Story of the Negro is a history of Americans of African descent before and after slavery Originally produced in two volumes and published here for the first time in one paperback volume the first part covers Africa and the history of slavery in the United States while the second part carries the history from the Civil War to the first part of the twentieth century Booker T Washington was born into slavery worked menial jobs in order to acquire an education and became the most important voice of African American interests beginning in the latter part of the nineteenth century The Story of the Negro is valuable in part because it is full of significant information taken from hundreds of obscure sources that would be nearly impossible to assemble today For instance Washington discusses the rise of African American comedy with names places and dates elsewhere he traces the growth and spread of African American home ownership and independent businesses in the United States and his discussion of slavery is informed by his own life Washington wanted African Americans to understand and embrace their heritage not be ashamed of it He explains as an example the role of music in the lives of the slaves and then notes how nearly a generation later many African Americans were embarrassed by this music and did not want to learn traditional songs Washington is able to reflect on the first fifty years of his life embracing a range of experiences from share cropping to dinner at the White House It is just this autobiographical element that makes the volume compelling Washington with his indefatigable optimism worked his entire life to achieve equality for African Americans through practical means Founder of the first business association the National Negro Business League leader of the Tuskegee Institute where George Washington Carver conducted research and supporter of numerous social programs designed to improve the welfare of African Americans Washington was considered during his lifetime the spokesperson for African Americans by white society particularly those in positions of power This led to criticism from within the African American community most notably from W E B Du Bois who considered Washington too accommodating of the white majority but it took Washington's farsightedness to recognize that the immediate concerns of education employment and self reflection were necessary to achieve the ultimate goal of racial equality **The Story of the Negro** Booker T. Washington, 2008-10-01 An account of Africans and Americans of African descent before during and after slavery This book goes on to focus on the history of Atlantic slave trade and how slaves were exploited in North America before detailing how slavery came to be abolished there and the effect it had on African American population who found themselves finally free The Story of the Negro Booker T Washington, 2018-10-10 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available

The Conquest Oscar Micheaux, 2022-01-11 The Conquest The Story of a Negro Pioneer 1913 is a novel by Oscar Micheaux Before he became the first Black movie mogul in American history Micheaux was a homesteader turned novelist whose passion for storytelling and business acumen were born from a youth of hard work and struggle The son of a former slave Micheaux dedicated his life to countering the dominant narratives of American history while inspiring and empowering Black people around the world The heavy rains washed the loam from the hills and deposited it on these bottoms Years ago when the rolling lands were cleared and before the excessive rainfall had washed away the loose surface the highlands were considered most valuable for agricultural purposes equally as valuable as the bottoms now are A Black homesteader named Oscar Devereaux reflects on a life of perseverance Raised alongside twelve siblings in rural Illinois he leaves home and family behind to seek a life of fortune and independence Never one to set limits Devereaux discovers that no dream is beyond his reach Dedicated to educator and orator Booker T Washington The Conquest was described by its author as the true story of a negro who was discontented and of the circumstances that were the outcome of that discontent With a beautifully designed cover and professionally typeset manuscript this edition of Oscar Micheaux's The Conquest The Story of a Negro Pioneer is a classic of African American literature reimagined for modern readers

The Allure of Blackness among Mixed-Race Americans, 1862-1916 Ingrid Dineen-Wimberly, 2019-10-01 In *The Allure of Blackness among Mixed Race Americans 1862 1916* Ingrid Dineen Wimberly examines generations of mixed race African Americans after the Civil War and into the Progressive Era skillfully tracking the rise of a leadership class in Black America made up largely of individuals who had complex racial ancestries many of whom therefore enjoyed racial options to identity as either Black or White Although these people might have chosen to pass as White to avoid the racial violence and exclusion associated with the dominant racial ideology of the time they instead chose to identify as Black Americans a decision that provided upward mobility in social political and economic terms Dineen Wimberly highlights African American economic and political leaders and educators such as P B S Pinchback Theophile T Allain Booker T Washington and Frederick Douglass as well as women such as Josephine B Willson Bruce and E Azalia Hackley who were prominent clubwomen lecturers educators and settlement house founders In their quest for leadership within the African American community these leaders drew on the concept of Blackness as a source of opportunities and power to transform their communities in the long struggle for Black equality *The Allure of Blackness among Mixed Race Americans 1862 1916* confounds much of the conventional wisdom about racially complicated people and details the manner in which they chose their racial identity and ultimately overturns the passing trope that has dominated so much Americanist scholarship and social thought about the relationship between race and social and political transformation in the nineteenth and twentieth centuries
