**Story Works Guide to Writing Character** Alida Winternheimer, 2016-09-29 How do you create a memorable character One as compelling as Katniss Everdeen Harry Potter Anne Shirley or Sherlock Holmes Breakout novels share a key element a stand out character So why do so many authors struggle to lift their characters off the page and etch them in readers memories Because they haven't paid attention to all the essential elements that go into making a great character Luckily for us author writing coach and renowned editor Alida Winternheimer has created the definitive step by step guide in The Story Works Guide to Writing Character Packed with practical examples and exercises this superb resource ensures we not only know what to pay attention to but exactly how to implement these powerful strategies for creating memorable characters I thought I had a good grasp of the critical ingredients of a strong character but thanks to Alida Winternheimer's outstanding resource for fiction writers I discovered many areas I could improve Not only that I am now equipped with the precise tools to go about it This book is a must have secret weapon for all writers eager to stand out from the pack Robert Scanlon Author of the Blood Empire Series and the Dreamer Chronicles

**Story Works Guide to Writing Point of View** Alida Winternheimer, 2017-06-07 Point of view is the most important element of story craft for any writer to understand A story's point of view is the first thing a reader encounters whether aware of it or not and it defines the story That means the wise writer will learn to control her story's point of view from word one Fortunately for wise writers everywhere author writing coach and renowned editor Alida Winternheimer takes a hands on approach to this behemoth of story craft In The Story Works Guide to Writing Point of View she breaks the whole into manageable parts and delves deep providing loads of examples that make the abstract concrete and the intangible tangible In each chapter Alida provides you with exercises designed to guide you to mastery You'll come away from reading this book with an understanding of point of view and how it functions in any story but most importantly how it functions in your stories Those of you who agonize over point of view decisions have in front of you the definitive guide to point of view you've always wanted Not only will Alida teach you how to improve your handle on first and third person and every variation between but you'll also find that her lessons take some of the fear and pain out of the writing process by helping you understand why to make certain choices how to avoid common pitfalls in point of view and how to use your strengths to your advantage For the other type of writer those driven by instincts Alida will educate and inform you You don't know what you don't know after all Here's your master class A great freedom comes from knowing your options Even if you continue crafting stories based on your instincts you'll now do so with a well of wisdom at your fingertips M G Herron Author of The Auriga Project

**StoryWorks** Jane Bailey Bain, 2015-05-29 Inspirational leaders know the power of story Top coaches use words as a tool for personal transformation Great speakers

and writers realize the importance of narrative Do you have a new idea A good proposal A great product The best way to sell it is by telling a story This book shows you how to do that effectively StoryWorks is a practical handbook on how to tell stories It ranges from classic tools like the Rule of Threes to the new mnemonic Five Finger Technique There are stories and creative exercises to expand your narrative repertoire If you re a leader who wants to communicate well a professional keen to improve your speaking skills a manager with a team to motivate or a writer looking for more ideas you ll find resources here to inspire to inform and to entertain Whether you have one minute to impress at an interview or the keynote speech at a conference this book will help you tell better stories **Story Work/Story Play** Mary LaMont,2023-05-02

A central assumption of narrative spirituality is that the act of retelling the story of episodes of our lives can help us better see the larger Guiding Story that God dreams for us When I can see my Guiding Story more clearly I am better able to handle crisis and transition and better able to see my true purpose Story Work Story Play lays out a four door method of spirituality that invites participants to explore their Guiding Story through four doors that correspond to the four parts of any story a main character a problem to solve the power needed to solve it and the action taken by the main character The chapter for each of these four doors provides theological psychological and scriptural foundations for the narrative method and includes up to ten to fifteen story work story play exercises the reader can use to practice the method Each chapter also includes profile stories of real people who have discovered layers of their own Guiding Stories The book ends each chapter with a Guided Visualization The book s final chapter explains how members of a narrative circle can use the narrative spirituality tools of this book to discern each one s own unique Guiding Story **International Perspectives on Reminiscence, Life Review and Life Story Work** Faith Gibson,2018-11-21

This book collates the latest research developments and evidence base for reminiscence life review and life story work in a single volume Charting the wide applications for narrative therapeutic methods the book emphasises the effectiveness of these approaches with varied people from different cultural backgrounds

**Reminiscence and Life Story Work** Faith Gibson,2011 Previously published under title Reminiscence and recall

**How John Works** Douglas Estes,Ruth Sheridan,2016-10-07 Essential classroom resource for New Testament courses In this book a group of international scholars go in detail to explain how the author of the Gospel of John uses a variety of narrative strategies to best tell his story More than a commentary this book offers a glimpse at the way an ancient author created and used narrative features such as genre character style persuasion and even time and space to shape a dramatic story of the life of Jesus Features An introduction to the Fourth Gospel through its narrative features and dynamics Fifteen features of story design that comprise the Gospel of John Short targeted essays about how John works that can be used as starting points for the study of other Gospels texts The Short Stories of Ambrose Bierce Stuart C. Woodruff,2010-11-23

One of the most interesting figures to emerge at the turn of the twentieth century was Ambrose Bierce whose acerbic columns in the San Francisco Examiner spread his fame as America s most bitter cynic and misanthrope and whose

disappearance into Mexico surrounded his name with an aura of mystery Although best known during his lifetime for his journalism and always critical of his own writing the magnificent intention mocked by the actual achievement Bierce's fiction endures especially his short stories about the Civil War Originally published in the 1890s and rediscovered in the 1920s the Civil War stories are filled with unsparing descriptions of death and suffering disillusionment and fatalism They also show a concern for form and craftsmanship a controlled irony and an economy of detail that are distinctly modern In this pioneering study of Bierce's stories Stuart Woodruff examines the best and worst of Bierce's fiction with clarity and excellent critical sense and he traces the causes of Bierce's success and failure as a writer analyzing his inability to reconcile the extremes of temperament and belief that marked his life and give his stories their characteristic form Among the pieces discussed An Occurrence at Owl Creek Bridge The Mockingbird One of the Missing Chickamauga Ha-ta the Shepherd What I Saw at Shiloh and excerpts from The Devil's Dictionary and Tales of Soldiers and Civilians

**Life Story Work with Children Who are Fostered or Adopted** Katie Wrench, Lesley Naylor, 2013-03-28 This is an accessible book full of tested techniques and creative ideas for professionals who may have little time and few resources but who need to carry out life story work that works The author describes the conditions needed to carry out life story work and feature activities to accompany the different stages covered

**New Stories from the Southwest** D. Seth Horton, 2008 The beauty and barrenness of the southwestern landscape naturally lends itself to the art of storytellers It is a land of heat and dryness a land of spirits a land that is misunderstood by those living along the coasts New Stories from the Southwest presents nineteen short stories that appeared in North American periodicals between January and December 2006 Though many of these stories vary by aesthetics tone voice and almost any other craft category one might wish to use they are nevertheless bound together by at least one factor which is that the landscape of the region plays a key role in their narratives They each evoke and explore what it means to exist in this unique corner of the country Selected by editor D Seth Horton the former fiction editor for the Sonora Review from a wide cross section of journals and magazines and with a foreword by noted writer Ray Gonzalez New Stories from the Southwest presents a generous sampling of the best of contemporary fiction situated in this often overlooked area of the country Swallow Press is particularly pleased to publish this wide ranging collection of stories from both new and established writers Contributors to New Stories from the Southwest are Alan Cheuse Matt Clark Lorien Crow Kathleen De Azvedo Alan Elyshevitz Marcela Fuentes Dennis Fulgoni Ray Gonzalez Anna Green Donald Lucio Hurd Toni Jensen Charles Kemnitz Elmo Lum Tom McWhorter S G Miller Peter Rock Alicita Rodriguez John Tait Patrick Tobin Valery Varble

**Using Story to Enrich Learning and Teaching** Jennifer A. Moon, 2010-06-28 Story is everywhere in human lives and cultures and it features strongly in the processes of teaching and learning Story can be called narrative case study critical incident life history anecdote scenario illustration or example creative writing storytelling it is a unit of communication it is in the products of the media industries in therapy and in our daily acts of reflecting Stories are told in many ways they are spoken written filmed mimed or acted presented as cartoons and in new media formats and through all these they are associated with both teaching and learning processes but in different ways and at different levels As a result of growing interest and simultaneous confusion about story it is timely to untangle the various meanings of story so that we can draw out and extend its value and use Using Story aims to clarify what we mean by story to seek out where story occurs in education and life and to explore the processes by which we learn from story In this way the book intends to bring story into the open and improve its use Building on her wealth of experience in the field Jenny Moon explores the theory of story and demonstrates both its current uses and new ways in which to enrich and enliven teaching learning and research processes Ideal for anyone involved in education personal or professional development or with a more general interest in story the book begins by considering the range of what is meant by story and then considers the theory behind the meanings In the large final part of the book Jenny provides a rich patchwork of different uses of story in education that cut across forms of story story activities disciplines and applications all of which will aid the use of story

**Special Method in Primary Reading and Oral Work**

**with Stories** Charles Alexander McMurry, 2020-08-15 Reproduction of the original Special Method in Primary Reading and Oral Work with Stories by Charles Alexander McMurry      **Great Stories Don't Write Themselves** Larry

Brooks, 2019-11-12 One of the most common questions new writers ask professionals is how they wrote their book what was their process for storytelling Did they use an outline to plan the book or write it from the seat of their pants But really the question should be about the general principles and nature of storycraft does every part of a story have what it needs to keep readers turning the pages Bestselling author and creator of StoryFix com Larry Brooks changes the sound of the writing conversation by introducing a series of detailed criteria for novelists of every level and genre to refer to while writing regardless of their preferred writing method Beginning with the broadest part of the story the early checklists help writers to ensure that their novel is based on a premise rather than an idea and gradually hones in on other elements to keep the story moving forward including dramatic tension narrative strategy scene construction Readers won't know or care about the process But what Brooks offers here is a chance for readers to make the most of whichever process they choose and in doing so cut years off their learning curve      **The Early Reader in Children's Literature and Culture** Jennifer Miskec, Annette Wannamaker, 2015-12-22 This is the first volume to consider the popular literary category of Early Readers books written and designed for children who are just beginning to read independently It argues that Early Readers deserve more scholarly attention and careful thought because they are for many younger readers their first opportunity to engage with a work of literature on their own to feel a sense of mastery over a text and to experience pleasure from the act of reading independently Using interdisciplinary approaches that draw upon and synthesize research being done in education child psychology sociology cultural studies and children's literature the volume visits Early Readers from a variety of angles as teaching tools as cultural artifacts that shape cultural and individual subjectivity as mass produced products sold to a niche market of parents educators and young children and as aesthetic objects works of literature and art with specific conventions Examining the reasons such books are so popular with young readers as well as the reasons that some adults challenge and censor them the volume considers the ways Early Readers contribute to the construction of younger children as readers thinkers consumers and as gendered raced classed subjects It also addresses children's texts that have been translated and sold around the globe examining them as part of an increasingly transnational children's media culture that may add to or supplant regional ethnic and national children's literatures and cultures While this collection focuses mostly on books written in English and often aimed at children living in the US it is important to acknowledge that these Early Readers are a major US cultural export influencing the reading habits and development of children across the globe      **Storyboarding** Mr. Rohit Manglik, 2024-03-13 EduGorilla Publication is a trusted name in the education sector committed to empowering learners with high quality study materials and resources Specializing in competitive exams and academic support EduGorilla provides comprehensive and well structured content tailored to meet the needs of students across various streams and levels
