The Storytellers' Journey Joseph Daniel Sobol, 1999 This is the seed of The Storytellers Journey Joseph Daniel Sobol's history of the past thirty years of American storytelling In this compelling examination of the contemporary search for myth Sobol explores the social and psychological roots of the storytelling revival and the ever resurgent power of the storyteller Drawing on interviews with dozens of storytellers around the country Sobol paints the revival as part of a larger

process of cultural revitalization He traces the growth of the preeminent revival organization the National Association for the Preservation and Perpetuation of Storytelling NAPPS and details the individual passions the organizational politics and the economic social and mythic forces that have combined to transform a ragtag assemblage of enthusiasts into a national and international network of arts professionals A seemingly chance encounter between a restlessly ambitious high school teacher and a coonhunting tale on the car radio sets off a chain of inspirations that changes the face of a small southern town touches lives across America and revitalizes a homely but treasured art form **Missouri School Journal** ,1915 *Willing's Press Guide and Advertisers' Directory and Handbook* ,1899 *Leslie Marmon Silko's Storyteller* Catherine Rainwater,2016-09-15 As American Indian writers frequently remind their readers storytellers wield formidable power to affect the earth and its inhabitants This power is the same medicine power that inheres in tribal expression such as chants prayers and ceremonial rituals Leslie Marmon Silko critics point out modifies literary genres to create the most effective medicine power When Silko's *Storyteller* first appeared in 1981 critics were baffled by this complex text Today it is a canonical work in the study of American Indian literature The essays collected in this book addressing both the original edition of *Storyteller* and the 2012 revision use the growth in understanding of Native American literature in general and of Silko's work in particular to unpack this fascinating work and its critical reception over the years **Tell Me a Story** Joel Spivey,2021-05-26 *Storyteller's journal* *The Storyteller's Start-up Book* Margaret Read MacDonald,1993 Instruction on how to tell stories Includes 12 tales from other countries Storytelling Professionally Harlynne Geisler,1997-02-15 Whether you want to become a full time storyteller expand your storytelling repertoire or simply hire a storyteller this guide is for you Everything you want to know about the profession of storytelling can be found in the book It will help you sell yourself as a freelance storyteller to schools libraries museums festivals and other events and organizations It covers the importance of learning from others how to organize your time office and research and how to use brochures business cards press releases flyers mailings showcases performer lists and giveaways to get bookings She also offers advice on dealing with the competition preparing yourself for your audience bookers and performance area and problem prevention and solution Prejudice censorship and other issues related to storytelling are highlighted in the final chapter and an appendix contains How to Host a Freelance Storyteller at Your School or Library Teachers librarians clowns actors puppeteers homemakers and anyone else interested in storytelling professionally will want this book **Leslie Marmon Silko** Louise K. Barnett,James L. Thorson,1999 An exciting collection of new essays on the work of the outstanding American Indian woman writer Literary Hybrids Erika E. Hess,2004-08-02 Much like the fantastic marginalia of medieval illuminated manuscripts medieval and modern hybrid characters including werewolves serpent women and wild men function as a frame critiquing the discourses that run through their texts In *Literary Hybrids* Erika Hess provides a close reading of one such hybrid the female cross dresser in thirteenth century French romance examining the interplay between physical and narrative ambiguity Hess argues that the hybrid figure in

medieval and contemporary French literature challenges the traditionally accepted natural order upsets rational thinking and underscores a concern with totalizing discourses or perspectives *The Journals of Louisa May Alcott* Louisa May Alcott,1997 The 19th century author of LITTLE WOMEN Louisa May Alcott kept copious journals Like her fictional alter ego Jo March Alcott was a free spirit who longed for independence In her journals are found hints of Alcott s surprisingly complex persona as well as clues to her double life as an author not only of high literature but also of serial thrillers and Gothic romances 31 photos **Plotting the News in the Victorian Novel** Jessica R. Valdez,2020-05-01 This work shows that novelists often responded to newspapers by reworking well known events covered by Victorian newspapers in their fictions With each chapter addressing a different narrative modality and its relationship to the news The Ecofeminist Storyteller Renée Mickelburgh,2024-09-17 This book explores the way stories that emerge from the garden and are consumed in the digital space can become a nourished method of environmental communication Mickelburgh seeks to understand what happens when some women speak write and photograph their private everyday garden lives and share those stories with a public global digital world The garden is the place people get deeply acquainted with This book considers Australian ecofeminist Val Plumwood s urging for a deep acquaintance with some place or perhaps group of places to discover a communicative language of the land The online world brings us into closer vicinity to this humble space and yet a distance remains This distance the in between is the space where the possibility of communication lies In keeping with its humble focus this book asks simple questions of the garden What happens when Australian women gardeners tell stories of community care and compassion in a space that is both material and digital Does digital soundwork sightwork and wordwork about gardens equate to communicative groundwork This book tries to answer these questions by examining the digital stories of Australian women s gardening lives It aims to engage the reader through its emphasis on showing rather than telling the way affective communication circulates in the physical place memories the body and the digital realm in conversation with the many women writers and feminist scholars concerned with the entanglement of feminism writing the environment and communication
