Reading, 2002-11-26 This book challenges current thinking on memory by examining the complex ways in which the social inheritance of the Nazi Holocaust is gendered It considers how the past is handed down in the US Poland and Britain through historiography autobiographies documentary and feature films memorial sites and museums It explores the configuration of socially inherited memories about the Holocaust in young people of different cultural backgrounds Scholarly and accessible the book provides a groundbreaking approach to understanding the significance of gender in relation to cultural mediations of history

The Palgrave Handbook of Holocaust Literature and Culture Victoria Aarons, Phyllis Lassner, 2020-01-24 The Palgrave Handbook of Holocaust Literature and Culture reflects current approaches to Holocaust literature that open up future thinking on Holocaust representation The chapters consider diverse generational perspectives survivor writing second and third generation and genres memoirs poetry novels graphic narratives films video testimonies and other forms of literary and cultural expression In turn these perspectives create interactions among generations genres temporalities and cultural contexts The volume also participates in the ongoing project of responding to and talking through moments of rupture and incompleteness that represent an opportunity to contribute to the making of meaning through the continuation of narratives of the past As such the chapters in this volume pose options for reading Holocaust texts offering openings for further discussion and exploration The inquiring body of interpretive scholarship responding to the Shoah becomes itself a story a narrative that materially extends our inquiry into that history

**Feminism, Literature and Rape Narratives** Sorcha Gunne, Zoe Brigley Thompson, 2012-08-06 The essays in this volume discuss narrative strategies employed by international writers when dealing with rape and sexual violence whether in fiction poetry memoir or drama In developing these new feminist readings of rape narratives the contributors aim to incorporate arguments about trauma and resistance in order to establish new dimensions of healing This book makes a vital contribution to the fields of literary studies and feminism since while other volumes have focused on retroactive portrayals of rape in literature to date none has focused entirely on the subversive work that is being done to retheorize sexual violence Split into four sections the volume considers sexual violence from a number of different angles Subverting the Story considers how the characters of the victim and rapist might be subverted in narratives of sexual violence In Metaphors for Resistance the essays explore how writers approach the subject of rape obliquely using metaphors to represent their suffering and pain The controversy of not speaking about sexual violence is the focus of The Protest of Silence while The Question of the Visual considers the problems of making sexual violence visible in the poetic image in film and on stage These four sections cover an impressive range of world writing which includes curriculum staples like Toni

**How Young Holocaust Survivors Rebuilt Their Lives** Françoise S. Ouzan, 2021-12-22 Shines light to the world through the individual stories of people who came through darkness a book of courage strength and inspiration The Jerusalem Report Drawing on testimonies memoirs and personal interviews of Holocaust survivors Fran oise S Ouzan reveals how the experience of Nazi persecution impacted their personal reconstruction rehabilitation and reintegration into a free society She sheds light on the life trajectories of various groups of Jews including displaced persons partisan fighters hidden children and refugees from Nazism Ouzan shows that personal success is not only a unifying factor among these survivors but is part of an ethos that unified ideas of homeland social justice togetherness and individual aspirations in the redemptive experience Exploring how Holocaust survivors rebuilt their lives after World War II Ouzan tells the story of how they coped with adversity and psychic trauma to contribute to the culture and society of their country of residence      Women in the Holocaust Zoë Waxman, 2017 Despite some pioneering work by scholars historians still find it hard to listen to the voices of women in the Holocaust Learning more about the women who both survived and did not survive the Nazi genocide through the testimony of the women themselves not only increases our understanding of this terrible period in history but makes us rethink our relationship to the gendered nature of knowledge itself Women in the Holocaust is about the ways in which socially and culturally constructed gender roles were placed under extreme pressure yet also about the fact that gender continued to operate as an important arbiter of experience Indeed paradoxically enough the extreme conditions of the

Holocaust even of the death camps may have reinforced the importance of gender Whilst Jewish men and women were both sentenced to death gender nevertheless operated as a crucial signifier for survival Pregnant women as well as women accompanied by young children or those deemed incapable of hard labor were sent straight to the gas chambers The very qualities which made them women were manipulated and exploited by the Nazis as a source of dehumanization Moreover women were less likely to survive the camps even if they were not selected for death Gender in the Holocaust therefore became a matter of life and death

Williams, 2009-03-26 In the late 1980s Holocaust literature emerged as a provocative but poorly defined scholarly field The essays in this volume reflect the increasingly international and pluridisciplinary nature of this scholarship and the widening of the definition of Holocaust literature to include comic books fiction film and poetry as well as the more traditional diaries memoirs and journals Ten contributors from four countries engage issues of authenticity evangelicalism morality representation personal experience and wish fulfillment in Holocaust literature which have been the subject of controversies in the US Europe and the Middle East Of interest to students and instructors of antisemitism national and comparative literatures theater film history literary criticism religion and Holocaust studies this book also contains an extensive bibliography with references in over twenty languages which seeks to inspire further research in an international context

Gray Zones Jonathan Petropoulos, John Roth, 2006-10-01 Few essays about the Holocaust are better known or more important than Primo Levi's reflections on what he called the gray zone a reality in which moral ambiguity and compromise were pronounced In this volume accomplished Holocaust scholars among them Raul Hilberg Gerhard L Weinberg Christopher Browning Peter Hayes and Lynn Rapaport explore the terrain that Levi identified Together they bring a necessary interdisciplinary focus to bear on timely and often controversial topics in cutting edge Holocaust studies that range from historical analysis to popular culture While each essay utilizes a particular methodology and argues for its own thesis the volume as a whole advances the claim that the more we learn about the Holocaust the more complex that event turns out to be Only if ambiguities and compromises in the Holocaust and its aftermath are identified explored and at times allowed to remain lest resolution deceive us will our awareness of the Holocaust and its implications be as full as possible
