in a liberal world How would today's rules and regulations change reactions to his life This is a humorous look at how liberalism would have dealt with Christ and His teachings It is presented to us through the eyes of Joe C Fuss a reporter in Jerusalem We also find comments from national radio celebrities Rush Limbaugh and Mark Davis This is truly a unique look at liberalism and its results **Global Medieval Contexts 500 - 1500** Kimberly Klimek, Pamela Troyer, Sarah Davis-Secord, Bryan Keene, 2021-06-30 Global Medieval Contexts 500 1500 Connections and Comparisons provides a unique wide lens introduction to world history during this period Designed for students new to the subject this textbook explores vital networks and relationships among geographies and cultures that shaped medieval societies The expert author team aims to advance a global view of the period and introduce the reader to histories and narratives beyond an exclusively European context Key Features Divided into chronological sections chapters are organized by four key themes Religion Economics Politics and Society This framework enables students to connect wider ideas and debates across 500 to 1500 Individual chapters address current theoretical discussions including issues around gender migration and sustainable environments The authors combined teaching experience and subject specialties ensure an engaging and accessible overview for students of history literature and those undertaking general studies courses Theory boxes and end of chapter questions provide a basis for group discussion and research Full color maps and images illustrate chapter content and support understanding As a result this text is essential reading for all those interested in learning more about the histories and cultures of the period as well as their relevance to our own contemporary experiences and perspectives This textbook is supported by a companion website providing core resources for students and lecturers [Exploring the Crack in the Cosmic Egg](#) Joseph Chilton Pearce, 2014-02-15 The classic follow up to the bestselling The Crack in the Cosmic Egg Explains the process of acculturation and the mechanisms that create our self limiting cosmic egg of consensus reality Reveals how our biological development innately creates a crack in our cosmic egg leaving a way to return to the unencumbered consciousness of childhood Explores ways to discover and explore the crack to restore wholeness to our minds and reestablish our ability to create our own realities In this classic follow up to his bestselling The Crack in the Cosmic Egg Joseph Chilton Pearce explains the process of acculturation and the mechanisms that create our self limiting cosmic egg of consensus reality Laying the groundwork for his later classic Magical Child Pearce shows that we go through early childhood connecting with the world through our senses With the development of language and the process of acculturation not only do our direct experiences of the world become much less vivid but our innate states of nonordinary consciousness become suppressed Trapped in a specific cultural context a cosmic egg we are no longer able to have or even recognize mystical experiences not mediated by the limitations of our culture Motivated primarily by a fear of death our enculturation literally splits our minds and prevents us from living fully in the present Drawing from Carlos Castaneda's writings about Don Juan and the sense of body knowing Pearce explores the varieties of nonordinary consciousness that can help us return to the

unencumbered consciousness of our infancy He shows that just as we each create our own cosmic egg of reality through cultural conditioning we also innately create a crack in that egg Ultimately certain shifts in our biological development take place to offset acculturation leaving an avenue of return to our primary state Pearce examines the creation of the egg itself and ways to discover its inherent cracks to restore wholeness to our minds release us from our fear of death and reestablish our ability to create our own realities through imagination and biological transcendence *Marriage as Political Strategy and Cultural Expression* George Qingzhi Zhao, 2008 Marriage as Political Strategy and Cultural Expression is the first comprehensive study of Mongolian royal marriages from World Empire 1206 1279 to the Yuan dynasty 1279 1368 in Asia This study examines the Mongolian royal family s marriage strategies and the political implications of these royal marriages specifically the intermarriages between the Mongolian royal house and its allies including the Onggirat the Oirat and other Mongol peoples as well as the Uighur State and Korea in Central and East Asia This book concludes that the short lifespans of Mongol royalty after Khubilai Khan were the result of consanguineous marriage and inbreeding genetic factors that contributed to the collapse of the Mongol dynasty
