The World's Weirdest Newspaper Stories Tim Healey, 2009 **The World's Weirdest News Stories** John A. Torres, Tim Healey, 2016-12-15 Thanks to the twenty four hour news cycle today we can learn of big news developments in no time at all But what about the smaller and stranger events that are often overlooked or ignored This captivating volume offers readers the oddest stories ever to hit the newspapers A dog on trial for murder A man who choked to death on the garlic he used to repel vampires A torrent of frogs raining from the sky A lady who picked up broadcasting signals through her teeth The trouser thief These crazy news stories will convince readers that truth is often stranger than fiction Sidebars a glossary and books and websites in the further reading section are also included [Lies that Tell the Truth](#) Anne C. Hegerfeldt, 2005 Magic realism has long been treated as a phenomenon restricted to postcolonial literature Drawing on works from Britain [Lies that Tell the Truth](#) compellingly shows how magic realist fiction can be produced also at what is usually considered to be the cultural centre without forfeiting the mode s postcolonial attitude and aims A close analysis of works by Angela Carter Salman Rushdie Jeanette Winterson Robert Nye and others reveals how the techniques of magic realism generate a complex critique of the West s rational empirical worldview from within a Western context itself Understanding magic realism as a fictional analogue of anthropology and sociology [Lies that Tell the Truth](#) reads the mode as a frequently humorous but at the same time critical investigation into people s attempts to make sense of their world By laying bare the manifold strategies employed to make meaning magic realist fiction indicates that knowledge and reality cannot be reduced to hard facts but that people s dreams and fears ideas stories and beliefs must equally be taken into account *Ripped from the Headlines 2* National Geographic Kids, 2015 Read hundreds of weird but true stories
