Strange Constellations A History Of Australian Science Fiction:

Strange Constellations Russell Blackford, Van Ikin, Sean McMullen, 1999-05-30 Australia has long been thought of by Europeans as an exotic and mysterious land During the nineteenth century it was envisioned much as the moon and Mars are today a distant and uncharted place with hidden possibilities for explorations and adventures The continent captured the imagination of European writers in the 1800s and with its settlement Australia became the setting for tales of lost worlds and ancient civilizations Australia has since developed a rich national literature and perhaps because of its novelty and wilderness it has inspired numerous science fiction writers This book provides a critical survey of the history of Australian science fiction from its nineteenth century origins to the present The volume proceeds chronologically with an introductory section on the origins of Australian science fiction before 1925 It then turns to the rise of traditional science fiction in Australia from 1926 to 1959 with discussions of such writers as James Morgan Walsh Norma Hemming and Wynne Whiteford A section on the period from 1960 to 1974 examines the growing national recognition given to such Australian science fiction writers as David Rome and Jack Wodhams while a section on science fiction between 1975 and 1984 reviews the rise of small presses and the growth of literary criticism of the genre in Australia A final section addresses the maturation of Australian science fiction from 1985 to 1998 with attention to Aussiecon Two Extensive bibliographic information concludes the volume

Science Fiction in Colonial India, 18351905 Mary Ellis Gibson, 2019-03-30 Science Fiction in Colonial India 1835 1905 shows for the first time how science fiction writing developed in India years before the writings of Jules Verne and H G Wells The five stories presented in this collection in their cultural and political contexts help form a new picture of English language writing in India and a new understanding of the connections among science fiction modernity and empire NP Speculative fiction developed early in India in part because the intrinsic dysfunction and violence of colonialism encouraged writers there to project alternative futures whether utopian or dystopic The stories in Science Fiction in Colonial India 1835 1905 created by Indian and British writers responded to the intellectual ferment and political instabilities of colonial India They add an important dimension to our understanding of Victorian empire science fiction and speculative fictional narratives They provide new examples of the imperial and the anti imperial imaginations at work

The History of the Science-fiction Magazine Michael Ashley, 2000 This third volume in Mike Ashley's four volume study of the science fiction magazines focuses on the turbulent years of the 1970s when the United States emerged from the Vietnam War into an economic crisis It saw the end of the Apollo moon programme and the start of the ecology movement This proved to be one of the most complicated periods for the science fiction magazines Not only were they struggling to survive within the economic climate they also had to cope with the death of the father of modern science fiction John W Campbell Jr while facing new and potentially threatening opposition The market for science fiction diversified as never before with the growth in new anthologies the emergence of semi professional magazines the explosion of science fiction in college the start of role playing

gaming magazines underground and adult comics and with the success of Star Wars media magazines This volume explores how the traditional science fiction magazines coped with this from the death of Campbell to the start of the major popular science magazine Omni and the first dreams of the Internet

Books and Beyond Kenneth Womack, 2008-10-30 There's a strong interest in reading for pleasure or self improvement in America as shown by the popularity of Harry Potter and book clubs including Oprah Winfrey's Although recent government reports show a decline in recreational reading the same reports show a strong correlation between interest in reading and academic achievement This set provides a snapshot of the current state of popular American literature including various types and genres The volume presents alphabetically arranged entries on more than 70 diverse literary categories such as cyberpunk fantasy literature flash fiction LGBTQ literature graphic novels manga and anime and zines Each entry is written by an expert contributor and provides a definition of the genre an overview of its history a look at trends and themes a discussion of how the literary form engages contemporary issues a review of the genre's reception a discussion of authors and works and suggestions for further reading Sidebars provide fascinating details and the set closes with a selected general bibliography Reading in America for pleasure and knowledge continues to be popular even while other media compete for attention While students continue to read many of the standard classics new genres have emerged These have captured the attention of general readers and are also playing a critical role in the language arts classroom This book maps the state of popular

literature and reading in America today including the growth of new genres such as cyberpunk zines flash fiction LGBTQ literature and other topics Each entry is written by an expert contributor and provides a definition of the genre an overview of its history a look at trends and themes a discussion of how the literary form engages contemporary issues a review of the genre's critical reception a discussion of authors and works and suggestions for further reading Sidebars provide fascinating details and the set closes with a selected general bibliography Students will find this book a valuable guide to what they're reading today and will appreciate its illumination of popular culture and contemporary social issues Sold by the Millions Louise Lightfoot, Amit Sarwal, 2011-12-08 Australian genre fiction writers have successfully exploited the Australian landscape and peoples and as a result their books are today sold by the millions across boundaries They have created stories that are imaginative visionary and diverse They appeal to local and international readerships and most importantly are thoroughly entertaining thus making them a strong presence in the popular fiction bazaar Sold by the Millions Australia's Bestsellers is the first collection to concentrate on Australia's best selling material that forms the armchair reading of many Australians Leading experts of popular fiction provide introspective pieces on Romance Horror Crime Science Fiction Western Comics Travel Sports and Children's writing so that a wholesome picture emerges of the wide range of reading and research options available for scholars *Transrealist Fiction* Damien Broderick, 2000-06-30 Transrealist writing treats immediate perceptions in a fantastic way according to science fiction writer and mathematician Rudy Rucker who originated the term In the expanded sense argued in this book it also intensifies imaginative fiction by writing the fantastic from the standpoint of richly personalized experience Transrealism is also related to slipstream writing another category introduced into studies of speculative fiction to account for texts that seem to follow trajectories mapped by the huge body of science fiction accumulated in the last century while retaining a central interest in traditional literary strategies This book examines a variety of work from the transrealist perspective something that has not been done previously It emphasizes the texts of Philip K Dick and Rucker himself while it additionally engages the texts of such slipstream writers as Kurt Vonnegut J G Ballard and John Barth It places its argument against the antihumanist trend in science fiction and builds comparisons with more traditional varieties of science fiction works Dwellers in Silence: Stories and Plays by Norma Hemming Toby Burrows, 2010 Norma Hemming 1928-1960 was Australia's first significant female science fiction writer This volume brings together all the nineteen stories she published in the 1950s before her untimely death from breast cancer Also included are two previously unpublished plays originally performed at Australian science fiction conventions in the 1950s She is now commemorated by the Australian Science Fiction Foundation through the Norma K Hemming Award inaugurated at the World Science Fiction Convention in Melbourne in September 2010 The Routledge Companion to Australian Literature Jessica Gildersleeve, 2020-12-22 In recent years Australian literature has experienced a revival of interest both domestically and internationally The increasing prominence of work by writers like Christos Tsiolkas heightened through television and

film adaptation as well as the award of major international prizes to writers like Richard Flanagan and the development of new high profile prizes like the Stella Prize have all reinvigorated interest in Australian literature both at home and abroad This Companion emerges as a part of that reinvigoration considering anew the history and development of Australian literature and its key themes as well as tracing the transition of the field through those critical debates It considers works of Australian literature on their own terms as well as positioning them in their critical and historical context and their ethical and interactive position in the public and private spheres With an emphasis on literature's responsibilities this book claims Australian literary studies as a field uniquely positioned to expose the ways in which literature engages with produces and is produced by its context provoking a critical re evaluation of the concept of the relationship between national literatures cultures and histories and the social function of literary texts *The Year's Best Science Fiction: Thirtieth Annual Collection* Gardner Dozois, 2013-07-23 In the new millennium what secrets lay beyond the far reaches of the universe What mysteries belie the truths we once held to be self evident The world of science fiction has long been a porthole into the realities of tomorrow blurring the line between life and art Now in The Year's Best Science Fiction Thirtieth Annual Collection the very best SF authors explore ideas of a new world through their short stories This venerable collection brings together award winning authors and masters of the field such as Robert Reed Alastair Reynolds Damien Broderick Elizabeth Bear Paul McAuley and John Barnes And with an extensive recommended reading guide and a summation of the year in science fiction this annual compilation has become the definitive must read anthology for all science fiction fans and readers interested in breaking into the genre The multiple Locus Award winning annual compilation of the year's best science fiction stories

Racial Reconstruction Edlie L. Wong, 2015-10-23 Racial Reconstruction explores how the complex histories of Atlantic slavery and abolition influenced Chinese immigration especially at the level of representation Transformations Mike Ashley, 2005-02-01 This is the second of three volumes which chart the history of the science fiction magazine from the earliest days to the present The first volume Time Machines traced the development of the sf magazine from its earliest days and the creation of the first specialist magazine Amazing Stories Transformations takes up the story to reveal a turbulent period that was to witness the extraordinary rise and fall and rise again of science Britain's foremost sf historian Mike Ashley charts the sf boom years in the wake of the nuclear age that was to see the The Golden Age of Science Fiction with the emergence of magazines such as Galaxy Startling Stories and Fantastic as well as authors like Isaac Asimov Philip K Dick and Frank Herbert He then goes on to explore the bust years of 1954 1960 followed by the renaissance in the 1960s led by the new wave of British authors like Michael Moorcock and J G Ballard and the rise in interest of fantasy fiction encouraged by Lord of the Rings and the Conan books of Robert E Howard Transformations concludes with an examination of the new found interest in sf magazines during the late 1960s and the incredibly influential roles Star Trek the film 2001 A Space Odyssey and above all the first manned Moon landing played in transforming the sf magazine The Cambridge History of Australian

Literature Peter Pierce, 2009-09-17 Draws on scholarship from leading figures in the field and spans Australian literary history from colonial origins indigenous and migrant literatures as well as representations of Asia and the Pacific and the role of literary culture in modern Australian society **Back in the Spaceship Again** Karen Sands-O'Connor, Marietta Frank, 1999-08-30 Much literature for children appears in the form of series in which familiar characters appear in book after book In the late nineteenth and early twentieth century authors began to write science fiction series for children These early series generally had plots that revolved around inventions developed by the protagonist But it was the development and use of rocket and atomic science during World War II that paved the way for interesting and exciting new themes conflicts and plots While much has been written about the early juvenile science fiction series particularly the Tom Swift books comparatively little has been written about children s science fiction series published since 1945 This book provides a broad overview of this previously neglected topic The volume offers a critical look at the history themes characters settings and construction of post 1945 juvenile science fiction series including the A I Gang the Animorphs Commander Toad Danny Dunn Dragonfall Five the Magic School Bus and Space Cat The book begins with an introductory history of juvenile science fiction since 1945 with chapters then devoted to particular topics Some of these topics include the role of aliens and animals attitudes toward humor the absence and presence of science and the characterization of women A special feature is an appendix listing the various series In addition the volume provides extensive bibliographical information Tarzan at the Earth's Core Edgar Rice Burroughs, 2006-09-01 The fourth installment in the Pellucidar series from the legendary creator of Tarzan **Science-Fiction Rebels: The Story of the Science-Fiction Magazines from 1981 to 1990** Mike Ashley, 2016-01-28 Fourth volume in Mike Ashley s acclaimed set on the history of science fiction magazines This volume looks at the 1980s *Reef Madness* Ernest Hunter, 2022-06-01 It s a tale that doesn t seem like it would be a winner an improbable proposition of a ten mile reef of gold in the middle of the continent a cabal of scheming investors a farrago of poor planning and preposterous publicity the fiasco of the prematurely celebrated triumph of technology over unforgiving terrain a dead prospector and no gold The Central Australian Gold Exploration Company had it all and Lasseter s Last Ride was in the stores before the final chapter of the real life debacle had closed It was a runaway success Angus and Robertson sold three million copies of Ion Idriess sixty some books before he died in 1979 But in 1931 as he was working on what would be Lasseter s Last Ride he was looking for an angle In filling the gaps between the few facts with detailed descriptions of lands and people he had never seen he found it and promoted it in Magic and Mystery Idriess fictional account of the last months of the life of Harold Bell Lasseter gave birth to a legend that has repeated in dozens of books films poems podcasts websites and exhibitions is memorialised in the names of a highway and a casino and has spawned searches and scams that continue nearly a century later Idriess was probably surprised at its success and chose not to tamper with a winning formula when inconvenient material soon emerged To do that he had to control the evidence and continued to insist on his narrative s

unimpeachable adherence to fact Reef Madness exposes how Idriess confected his first successful book and why the story of a failed prospector became a quintessentially Australian myth *The Mammoth Book of Extreme Fantasy* Mike Ashley, 2011-08-04 In extreme fantasy anything can happen In Mike Ashley's breathtaking new anthology the only rules are those the writer makes these are stories to liberate both the writers and readers imagination They will take you to hell and back literally two of the stories involve hell in ways never explored before For too long fantasy fiction has become synonymous with vast heroic fantasy adventures in imitation of The Lord of the Rings but the genre has always been far greater than dwarves and elves Today many writers are rediscovering the wider world of fantasy and creating bold new ideas or magically reworking older arts Ashley selects 25 stories by the likes of Orson Scott Card Paul Di Filippo A A Attanasio Michael Swanwick Christopher Priest and Peter Crowther arranged in ascending order of extremeness The anthology opens with a story that takes us beyond Middle Earth in Senator Bilbo by Andy Duncan showing what happens when a radical descendant of his famous namesake tries to introduce immigration control and reaches the ultimate in The Dark One by A A Attanasio a rite of passage story where you the reader discover you are being tested to become the successor to Satan Other stories include A man with a terminal disease looks for a cure in a world where Edward Lear meets Lewis Carroll A man decides to banish all language A tour of Hell by the boatman himself The great comic stars of Hollywood find themselves seeking their lost world A magical experiment recreates the Crucifixion Suddenly all colour drains out of the world A magical recreation of Chinese fantasy cinema where a magician and his adepts fight the flying dead **Black Heart, Ivory Bones** Ellen Datlow, Terri Windling, 2014-09-30 20 fairy tales hauntingly reimagined by some of today's finest sci fi and fantasy authors including Joyce Carol Oates Neil Gaiman Tanith Lee and more Once upon a time all our cherished dreams began with the words once upon a time This is the phrase that opened our favorite tales of princes and spells and magical adventures World Fantasy Award winning editors Ellen Datlow and Terri Windling understand the power of beloved stories and in Black Heart Ivory Bones their sixth anthology of reimagined fairy tales they have gathered together stories and poetry from some of the most acclaimed writers of our time including Neil Gaiman Tanith Lee Charles de Lint and Joyce Carol Oates But be forewarned These fairy tales are not for children A prideful Texas dancer is cursed by a pair of lustrous red boots Goldilocks tells all about her brutal and wildly dysfunctional foster family the Bears An archaeologist in Victorian England is enchanted by a newly exhumed Sleeping Beauty A prince of tabloid journalism is smitten by a trailer park Rapunzel A clockwork amusement park troll becomes sentient and sets out to foment an automaton revolution These are but a few examples of the marvels that await within these pages tales that range from the humorous to the sensuous to the haunting and horrifying each one a treasure with a distinctly adult edge
