The Elusive Quarry Ray Hyman, 1989-04 Ever since the Society for Psychical Research was founded over a hundred years ago parapsychologists have been attempting to prove the existence of paranormal phenomena things like clairvoyance telepathy precognition and remote viewing This research into what is now often called psi has become increasingly technical Controlled laboratory experiments have replaced systematic surveys of spontaneous occurrences complicated statistical analyses have replaced anecdotal data In short psychical research has aspired to the standards of hard science With what results Ray Hyman is supremely qualified to say A research psychologist held in the highest esteem by both parapsychologists and skeptics Ray Hyman here reviews the history and methods of psychical research The Elusive Quarry is Hyman s fascinating fair minded critique of the field a book designed not to debunk but to discern In Part 1 Parapsychology Hyman gives us a historical overview Over the past hundred years what have been the strongest claims made for the paranormal Hyman gives close scrutiny to what have been called ganzfeld experiments a body of research considered by parapsychologists to be especially compelling Part 2 Scientists and the Paranormal focuses on the scientists themselves from Michael Faraday and Sir William Crookes in the last century to Helmut Schmidt and his recent work with random event generators Scientists have been interacting with an admittedly unique group of people psychics Are their methods of testing and reporting appropriate for the phenomena under examination Hyman steps outside of the laboratory for his book s third part Psychic Phenomena and evaluates the claims of water witching occult healing and remote viewing In doing so he demonstrates that one s interpretation of scientific data is strongly affected by one s underlying belief or lack of belief in paranormal phenomena In Part 4 The Psychology of Belief Hyman vividly explains cold reading that ability psychics have to

convince strangers that they know all about them It s an ability anybody can develop Hyman says The psychology is common not psychic **Strange But True** Hulick Kathryn,2019-10 Prepare to have your mind blown As you explore ten of the world s greatest unsolved mysteries you ll witness a UFO encounter search for the lost city of Atlantis tour a haunted house and discover the kraken s true form Learn how sightings of flying saucers and stories of alien abductions can be explained by sleep paralysis false memories and hypnosis Find out what pareidolia is and how this psychological phenomenon may explain some ghost sightings Explore possible real locations for the lost city of Atlantis Beautiful haunting illustrations set the mood and spark the imagination Along the way you ll use the scientific method and sharp thinking to separate fact from fiction and explain the unexplainable Discover the fascinating truth surrounding these mysteries and legends Alien abductions including the Roswell incident Psychics Mysterious disappearances including plane MH370 Zombies Ancient aliens including the Nazca Lines Curses including King Tut s tomb Monsters of the Deep including Nessie the Loch Ness monster The search for Atlantis Ghosts and haunted mansions Bigfoot The perfect gift for students of the paranormal aspiring mythbusters or anyone with a curious mind this book will fascinate and shock in equal measure *London's Strangest: The Thames* Iain

Spragg,2015-03-05 The 19th century MP John Burns described the Thames as liquid history and ever since the Romans founded Londinium in 43 AD the river has played a key cultural and economic political and social role in the history of England London s Strangest The Thames reveals the bizarre funny and surreal events and episodes that have occurred over the centuries on beneath and along the banks of the famous waterway From appearances of the world s first submarine to the raid on the Sex Pistols river concert Lord Nelson s final journey to John Prescott s watery protest and even the recent escapades during the floods the River Thames really has witnessed it all *The Book of the Bizarre* Varla
