REVIEWS Blog Critics Magazine written by

Regis Schilken <http://blogcritics.org/archives/2009/03/16/082715.php> *Covert Wars and Breakaway Civilizations* Joseph P. Farrell, 2020-12-05 Oxford educated historian Joseph P. Farrell really delivers in this latest addition to his best selling book series on suppressed technology, Nazi survival and postwar hidden conflicts. His customary meticulous research and sharp analysis blow the lid off of a worldwide web of nefarious financial and technological control few people even suspect exists. Farrell delves into the creation of a breakaway civilization by the Nazis in South America and other parts of the world. He discusses the advanced technology that they took with them at the end of World War II and the psychological war that they waged for decades against America and NATO. He shows how the breakaway civilization has created a huge system of hidden finance with the involvement of the Vatican Bank among others and how NATO established a large covert warfare network and political slush fund. He investigates the secret space programs currently sponsored by the breakaway civilization and the current militaries in control of planet Earth. Farrell includes a fascinating discussion of emulational technologies, those that can manipulate acts of god nature like earthquakes and storms from the standpoint of the culture of full spectrum dominance and the culture of plausible deniability. Yes, there are plans for mass destruction that can never be traced back to their real source. Farrell also discusses the historical origin of the breakaway civilization with the continuing airship mystery, incredibly bold counterfeiting operations and the nexus of spy satellites, nuclear weapons and UFOs. He includes plenty of astounding accounts, documents and speculation on the amazing alternative history of hidden conflicts, secret super finance and technology.

**Storm on the Horizon** Sylvia McKelvey, 2019-08-19 Is there a covert plan for humanity? Are we on the brink of discovery? Every day huge cumbersome radio telescopes around the world scan the farthest regions of space, listening, probing, waiting. Waiting for that one tone, that one ring, that one sound that would set the world ablaze with unbridled excitement never before seen on this planet. We will have made contact with Extraterrestrials. Some say they are already here. Some say they have already made contact. Some say they have a plan. Is there a Mastermind behind them? Could Extraterrestrials be part of the largest deception ever to take place on this Earth? Some theorists say yes and this may be how they do it.

**Light and Dark** Dr. Trevor J. Hawkeswood, 2013-01-31 Trevor J. Hawkeswood is a scientist who has experienced hundreds of paranormal events in his lifetime. In *Light and Dark* he recounts some of these incredible interactions. He believes that reality occurs on two separate but interwoven planes of existence: the Earth plane and the multiple levels of the spiritual planes, including the lower levels from where the dark souls of humans who have died reach out to us. He has experienced more than one hundred sightings of the shadow people or black ghosts. He credits guardian angels with saving him from harm or certain death on a number of occasions. Hawkeswood also shares accounts of his numerous sightings of strange aerial phenomena he believes were caused by UFOs. He has personally experienced clairaudience, voices from beyond and precognition or the ability to see the future. His detailed account of a unique out of body experience (OOBE) challenges what is known about this remarkable ability. His OOBE was unlike anything that has ever been described by

others who have experienced it and he shares it all in *Light and Dark*. But it hasn't all been safe or pleasant. At eighteen he survived a terrifying encounter with a demon gargoyle who tried to steal his soul energy after paralyzing him. A comprehensive handbook for the paranormal enthusiast, Hawkeswood's work also provides a glossary and reference list of English language UFO books. In *Light and Dark*, he shares a lifetime of experiences, ideas, and theories about this fascinating field of study.

**Identified Flying Objects** Dr. Michael P. Masters, 2019-03-22 Could UFOs and Aliens simply be us, but from the future? This provocative new book cautiously examines the premise that extraterrestrials may instead be our distant human descendants using the anthropological tool of time travel to visit and study us in their own hominin evolutionary past. Dr. Michael P. Masters, a professor of biological anthropology specializing in human evolutionary anatomy, archaeology, and biomedicine, explores how the persistence of long-term biological and cultural trends in human evolution may ultimately result in us becoming the ones piloting these disc-shaped craft, which are likely the very devices that allow our future progeny to venture backward across the landscape of time. Moreover, these extraterrestrials are ubiquitously described as bipedal, large-brained, hairless, human-like beings who communicate with us in our own languages and who possess technology advanced beyond but clearly built upon our own.

These accounts coupled with a thorough understanding of the past and modern human condition point to the continuation of established biological and cultural trends here on Earth long into the distant human future     *A History of Military Encounters with UFOs* Robert Allred, 2024-12-30 This book explores the long history of military encounters with UFOs revealing hidden incidents of dogfights nuclear interference and mysterious confrontations with unidentified aerial phenomena Military bodies across the world have encountered experimented with and even had combat with UFOs or as the U S military now define them Unidentifiable Aerial Phenomenon or UAPs These observations and engagements have occurred since ancient times and on all continents Different nations and cultures have had vastly different analyzes of the UFO UAP phenomenon from the Roman Empire to Nazi Germany and the Soviet Union and Communist China to the Western democracies The UFO UAP phenomenon has not diminished and has in fact grown in proportion in recent years and has now assumed the mantle of legitimacy in government circles the media and among the general public What is less well known or even concealed are the encounters that the military have had with UFOs some of which have even proved fatal to the terrestrials concerned There were reported dogfights with UFOs and German aircraft in the First World War and in the Second World War reports of what became known as Foo Fighters became commonplace However it was after the war that UFO sightings increased exponentially amongst which was a dogfight with a Mustang P 51 and a UFO in October 1948 and two years later for two consecutive weekends in 1952 UFOs hovered over Washington D C Attempts were made by the U S Air Force to intercept the strange craft but were outrun by the UFOs UFOs UAPs may have tampered with world nuclear forces including shutting down strategic missiles of the United States and conversely activating Soviet ICBMs almost setting off an unordered by Soviet authorities launching of atomic warheads against the United States UFOs may also have returned fire against American military forces during the Vietnam War sending projectiles back at patrol boats that had been fired by those military river craft at UFOs hours or days before United States Air Force personnel including a Lieutenant Colonel also encountered UFOs on the ground and in the air at Rendlesham USAF RAF base in the UK in 1980 UFOs have played cat and mouse games with the latest fighter bombers of the United States Navy since 2004 and these events have been captured on videotape and are verified to have occurred by the pilots themselves As readers will discover from the mass of evidence presented in this book it is no longer a question of whether UFOs exist or not and that not only are such phenomenon an incontrovertible fact but that the United States has crafted plans on how to resist an alien invasion But is there any need for us humans to be concerned about the alien presence in the skies that surround our planet Yes be very concerned
