Strange Tactics Of Extremism:

The Strange Tactics of Extremism Harry Allen Overstreet, Bonaro W. Overstreet, 1965 Examines the methods of modern Rightist extremism and discusses how this ideology threatens America's security and integrity The Strange Tactics of Extremism Harry Allen Overstreet, 1964 **They Never Said It** Paul F. Boller Jr., John George, 1990-06-14 Abraham Lincoln never said You cannot fool all the people all the time Thomas Jefferson never said That government is best which governs least And Horace Greeley never said Go west young man In **They Never Said It** Paul F Boller Jr and John George examine hundreds of misquotations incorrect attributions and blatant fabrications outlining the origins of the quotes and revealing why we should consign them to the historical trashcan Many of the misquotes are quite harmless Some are inadvertent misquotes that have become popular Shakespeare actually said The best part of valor is discretion others the inventions of reporters embellishing a story Franklin Roosevelt never opened a speech to a DAR group with the salutation My fellow immigrants But some of the quotes such as Charles Darwin's supposed deathbed recantation of evolution falsify the historical record with their blatant dishonesty And other chillingly vicious ones filled with virulent racial and religious prejudices completely distort the views of the person supposedly quoted and spread distrust and hatred among the gullible These include the forged remarks attributed to Benjamin Franklin that Jews should be excluded from America and the fabricated condemnation of Catholics attributed to Lincoln An entertaining and thought provoking book **They Never Said It** covers a great deal of history and sets it right Going beyond a mere catalog of popular misconceptions Boller and George reveal how rightists and leftists and atheists and evangelists all have at times twisted and even invented the words of eminent figures to promote their own ends The ultimate debunking reference it perfectly complements handbooks of quotations **The Strange Tactics of Extremism** Harry A. Overstreet, Bonaro Wilkins Overstreet, 1965-01-01 **The strange tactics of extremism** Harry Overstreet, 1964 **Ebony**, 1965-08 EBONY is the flagship magazine of Johnson Publishing Founded in 1945 by John H Johnson it still maintains the highest global circulation of any African American focused magazine *Conspiracy Panics* Jack Z. Mulloy, 2014-06-27 A Selection of the History Book Club Named One of Six Books for Insight on a Trump Presidency by

the Washington Post As far as members of the hugely controversial John Birch Society were concerned the Cold War revealed in stark clarity the loyalties and disloyalties of numerous important Americans including Dwight Eisenhower John Kennedy and Earl Warren Founded in 1958 as a force for conservative political advocacy the Society espoused the dangers of enemies foreign and domestic including the Soviet Union organizers of the US civil rights movement and government officials who were deemed soft on communism in both the Republican and Democratic parties Sound familiar In *The World of the John Birch Society* author D J Mulloy reveals the tactics of the Society in a way they've never been understood before allowing the reader to make the connections to contemporary American politics up to and including the Tea Party These tactics included organized dissemination of broad based accusations and innuendo political brinksmanship within the Republican Party and frequent doomsday predictions regarding world events At the heart of the organization was Robert Welch a charismatic writer and organizer who is revealed to have been the lifeblood of the Society's efforts The Society has seen its influence recede from the high water mark of 1970s but the organization still exists today Throughout *The World of the John Birch Society* the reader sees the very tenets and practices in play that make the contemporary Tea Party so effective on a local level Indeed without the John Birch Society paving the way the Tea Party may have encountered a dramatically different political terrain on its path to power

The Politics of Righteousness James A. Aho, 2014-04-15 From their home bases in Idaho and neighboring areas of the Northwest organizations such as the Order the Aryan Nations Church the Posse Comitatus and the Golden Mean Society have drawn national attention and spread the gospel of a constitutionally pure Christian homeland For the reader who knows these groups only from a selection of inflammatory quotes and violent deeds this compelling work presents the first disciplined exploration of the backgrounds and belief systems of the Christian patriot movement Using information gathered from interviews and direct observation of patriot gatherings Aho replaces the stereotype of solitary crazies from the fringes of society with more complex and disturbing realities

Getting It Right William F. Buckley, 2013-02-05 *Getting It Right* is the story of Kara and Alex half sisters who have never met one the product of an abusive foster care setting the other of dysfunctional privilege Haunted by crippling memories Kara falls for the wrong man tries to help her foster care siblings suffering from PTSD and longs for the father and half sister she only knows from a photograph Alex meanwhile struggles to keep her younger sisters out of trouble her mother sane and her marketing business afloat Now Alex has a new responsibility from his hospital bed her father tasks her with finding Kara the mixed race child he abandoned Alex is stunned to learn of Kara's existence but reluctantly agrees To make things more complicated Kara loves a married man whom the FBI is

pursuing for insider trading When Alex eventually finds her half sister she becomes embroiled in Kara s dangers which threaten to drag them both down If Kara doesn t help the FBI she could face prosecution and possible incarceration and if Alex can t persuade Kara to meet their father she will let him down during the final days of his life Set in Harlem the Bronx and the wealthy community of Bedford New York during two weeks in March Getting It Right explores grit and resilience evolving definitions of race and family and the ultimate power of redemption and forgiveness Window on Freedom

Brenda Gayle Plummer,2003-12-04 The civil rights movement in the United States drew strength from supporters of human rights worldwide Once U S policy makers influenced by international pressure the courage of ordinary American citizens and a desire for global leadership had signed such documents as the United Nations charter domestic calls for change could be based squarely on the moral authority of doctrines the United States endorsed abroad This is one of the many fascinating links between racial politics and international affairs explored in Window on Freedom Broad in chronological scope and topical diversity the ten original essays presented here demonstrate how the roots of U S foreign policy have been embedded in social economic and cultural factors of domestic as well as foreign origin They argue persuasively that the campaign to realize full civil rights for racial and ethnic minorities in America is best understood in the context of competitive

international relations The contributors are Carol Anderson Donald R Culverson Mary L Dudziak Cary Fraser Gerald Horne Michael Krenn Paul Gordon Lauren Thomas Noer Lorena Oropeza and Brenda Gayle Plummer **Aryan Cowboys** Evelyn A.

Schlatter,2009-06-03 During the last third of the twentieth century white supremacists moved both literally and in the collective imagination from midnight rides through Mississippi to broadband wired cabins in Montana But while rural Montana may be on the geographical fringe of the country white supremacist groups were not pushed there and they are far from fringe elements of society as many Americans would like to believe Evelyn Schlatter s startling analysis describes how many of the new white supremacist groups in the West have co opted the region s mythology and environment based on longstanding beliefs about American character and Manifest Destiny to shape an organic home grown movement Dissatisfied with the urbanized culturally progressive coasts disenfranchised by affirmative action and immigration white supremacists have found new hope in the old ideal of the West as a land of opportunity waiting to be settled by self reliant traditional families Some even envision the region as a potential white homeland Groups such as Aryan Nations The Order and Posse Comitatus use controversial issues such as affirmative action anti Semitism immigration and religion to create sympathy for their extremist views among mainstream whites while offering a solution in the popular conception of the West as a place of freedom opportunity and escape from modern society Aryan Cowboys exposes the exclusionist message of this American ideal while documenting its dangerous appeal Political Terrorism A.J. Jongman,2017-07-28 While there is no easy way to

define terrorism it may generally be viewed as a method of violence in which civilians are targeted with the objective of forcing a perceived enemy into submission by creating fear demoralization and political friction in the population under

attack At one time a marginal field of study in the social sciences terrorism is now very much in center stage The 1970s terrorist attacks by the PLO the Provisional Irish Republican Army the Popular Front for the Liberation of Palestine the Japanese Red Army the Unabomber Aum Shinrikyo Timothy McVeigh the World Trade Center attacks the assault on a school in Russia and suicide bombers have all made the term terrorism an all too common part of our vocabulary This edition of Political Terrorism was originally published in the 1980s well before some of the horrific events noted above This monumental collection of definitions conceptual frameworks paradigmatic formulations and bibliographic sources is being reissued in paperback now as a resource for the expanding community of researchers on the subject of terrorism This is a carefully constructed guide to one of the most urgent issues of the world today When the first edition was originally published Choice noted This extremely useful reference tool should be part of any serious social science collection Chronicles of Culture called it a tremendously comprehensive book about a subject that any who have anything to lose from property to liberty life to limbs should be forewarned against

The Party of Fear David Harry Bennett, 1988 David Bennett presents a ground breaking historical analysis of the forces shaping nativist and counter subversive activity in America from colonial times to the present He demonstrates that in this nation of immigrants the American Right did not emerge from postfeudal parties of privilege or from the social chaos that bred a Hitler or Mussolini in Europe

Sword of the Spirit, Shield of Faith Andrew Preston, 2012-02-28 A first major work of history on a crucial but under examined topic Sword of the Spirit Shield of Faith explores the role of religion in American foreign policy From the first colonists to the presidents of the 21st Century Andrew Preston's unparalleled study shows us how religion has always shaped America's relationships with other nations and what to expect in the future During the presidency of George W Bush many Americans and others around the world viewed the entrance of religion into foreign policy discourse especially with regard to the wars in Iraq and Afghanistan as a new development But despite the official division between church and state the presence of religion in American foreign policy has been a constant since before the Founding Fathers Yet aside from leaders known to be personally religious such as Bush Jimmy Carter and Woodrow Wilson few realize how central faith has always been to American governance and diplomacy and indeed to the idea of America itself In Sword of the Spirit Shield of Faith Andrew Preston starts at the beginning and with revelatory findings shows us how and why
