Stranger On The Road To Emmaus:

The Stranger on the Road to Emmaus John R. Cross, Here is a book that explains the greatest of Bible themes clearly and logically **The Stranger on the Road to Emmaus** John R. Cross,1996 *The Stranger on the Road to Emmaus* Dr John R Cross,2015-10-01 Now with links to video content online It s been called the most misunderstood book in history Wars have been fought in its name scandals have been precipitated by it politics shaped and reshaped at its word Theologians have both defended and reviled it Skeptics have done the same If you are a typical member of the human race you have often been perplexed by all the fuss surrounding the Bible The question remains What does it really say Here is a book that explains the greatest of Bible themes clearly and logically Rather than focusing on one part and missing the whole the author chronologically binds together the entire text into one great universal drama looking at events from the perspective of those who experienced history in the making The results are sometimes comical sometimes frightening but always true to the intent of the text When you are done reading it you may find yourself believing the Book like you never have before Or you may decide not to The author s objective approach leaves that decision up to you Even though I had attended church for over 30 years the Bible never made sense to me It was just a bunch of disjointed stories Now the Bible all fits together in a clear logical manner It really is incredible John R Cross writes from knowledge gained in a life long study of the Bible He has extensive experience travelling and living abroad John and his family are from Canada [The Stranger on the Road to Emmaus \(French\)](#) John R. Cross,2010-01-01 **Numbers** Dennis T. Olson,2012-09-03 Numbers chronicles a community faced with many competing interests groups and issues endeavoring to define itself and its mission in the world Dennis Olsen offers readers a comprehensive interpretation of this often overlooked book He provides a thoroughly contemporary reading of Numbers that enlightens the modern church as it navigates the contemporary wilderness of pluralism competing voices and and shifting foundations *The Stranger on the Road to Emmaus (Korean)* John R. Cross,2006-01-01 **The Stranger on the Road to Emmaus** John R. Cross,2002-01-01 *Welcoming the Stranger* Patrick R. Cross,2000-11 **The Stranger on the Road to Emmaus** GoodSeed International,2004-01-01 **Rivers of Refreshing** Timothy T. Ajani,2009-08 In RIVERS OF REFRESHING Dr Ajani combines twenty three brand new poems with the original thirty five published in STREAMS OF REFRESHING to give the reader a cocktail of refreshingly engaging poems that is bound to whet the appetite of any poetry lover Also some of the previous titles have been revised and fine tuned in this significantly expanded volume

The current edition is subdivided into fifteen thematic sections which makes it easy to directly access any specific title or group of poems that may be needed for any particular mood circumstance or occasion There are poems about CHRISTMAS the Second Coming Times Divine Guidance Faith Hope Joy Peace Praise Prayer Deliverance The Times of the End and much much more This book also doubles as a devotional with each poem preceded by a relevant Bible verse that captures both the spirit and content of the poem it introduces **The Road to Emmaus** Mother Mary Francis,1962 The Quest For Truth Michael Dedivonai,2012-08 This book is for the reader who takes interest in an age old issue that remains contemporary with every succeeding generation When how and why we are here are questions that have caused countless generations of thinkers and laymen alike to intuitively seek at the very least the semblance of an answer to questions that have become more of an outlook than a science and in turn spring up among the problems of modern life as opposed to allowing for a resolution to that which was intended to clarify instead of further complicate Free from the shackles and bias imposed by the various schools of religious scientific and philosophical thought the examinations offered herein are rooted in systematic analyses of the scientific philosophical ethical social and finally the religious which in turn allows for the explanation and justification of concepts that enable the reader to adopt a perspective relevant to the distinctions of absolute truth and relativistic assumptions Our age is accurately referred to as the age of advancement and technology and for good reason The rapid pace of progression over the last century in the life sciences has contributed to a broadened understanding of knowledge itself and its relation to the psychological and sociological aspects of our existence As a result of the significant expansion of the sciences the desire for an understanding of self and simply of why has in many ways been diluted thus negating the never ending questions that once tugged at man s conscious in the middle of the night for thousands of years Today s amazing achievements have laid the foundation for a whole series of newer problems and questions that threaten mankind as never before The medical and biological sciences have enabled us to have a life expectancy beyond that of prior generations however coupled with that are the problems of population explosion which in the not too distant future will give rise to serious concerns We have the ability to harness the power of the atom yet along with it comes the ability to destroy all that we hold sacred Taking into consideration the advanced age we live in how does one account for the remarkable complexity extant throughout the known universe Is one to assume that our consciousness coupled with our overwhelming sense of purpose can be attributed solely to random chance alone The law of causation deals with the need for a preceding event leading to the outcome and despite the fact that this scientific age has left its handprint on every facet of life today it has failed to satisfy the innate question of simply why From Logos to Christos Ellen M. Leonard,Kate Merriman,2011-06-27 From Logos to Christos is a collection of essays in Christology written by friends and colleagues in memory of Joanne McWilliam McWilliam was a pioneer woman in the academic study of theology specializing in Patristic studies and internationally recognized for her work on Augustine For countless students she was a teacher a mentor an

inspiration These fourteen essays are a fitting tribute to her memory Written by recognized North American scholars the essays explore various aspects of Christology inviting the reader to probe the meaning and significance of Jesus Christ for today They address a broad range of issues including the Christology of the Acts of Thomas Hooker on divinization and Christ figures in contemporary Canadian culture Teachers of theology and religious studies pastors and informed general readers will find the essays stimulating and instructive They present the readers with considered mature and current scholarship These are the questions that engaged Joanne McWilliam throughout her life and she was happy to know that the critical dialogue would continue in this volume as friends and colleagues wrestled with Christological questions For her In Jesus we come to know the compassion the power the wisdom the love and the faithfulness of God The Joy of Encountering Jesus: Hoan Moses Chung, 2015-03-30 The Joy of Encountering Jesus does not call simply for faith in Jesus but spells out how and why we can believe in Jesus in this twenty first century Reflecting on human experiences recorded in the Bible including those of Jesus of Nazareth we search for who we really are Finding our true selves is possible only by discovering the risen Jesus dwelling within us Then the sun rises the whole world dances with joy and our hearts are filled with Gods grace we are Living Gods Life in a New World The Joy of Encountering Jesus provides 174 short homilies for three liturgical years that will lead you to rely on the heart rather than the head utilize non dualistic thinking rather than dualistic find God from within rather than from without build Gods kingdom on earth expand knowledge on Jewish apocalypse and eschatology update theology of resurrection and the Eucharist
