Women of the Anti-Slavery Movement Clare Taylor,1994-11-23 British and American anti slavery societies were established in the 1820s and 1830s and from an early date included women campaigners Typical of female abolitionists the Weston sisters wrote collected monies and signatures for petitions but rarely spoke in public or advocated a peculiarly feminist cause This study uncovers their work in America Britain and France their connections and campaigns and their contribution both to the anti slavery movement and to the forging of an Anglo American democratic alliance Dorothea Dix Thomas J. Brown,1998 The disastrous failure of one of the most widely admired heroines in the nation provides a dramatic measure of the transformations of northern values during the war **Leaders of the American Civil War** Charles F. Ritter,Jon L. Wakelyn,2014-01-27 Provides an overview of the careers of the great military leaders and the critical political leaders of the American Civil War Entries consider the leader s character and pre war experience their contributions to the war effort and the war s impact on the rest of their lives An assessment of their historical treatment puts their long term reputations on the line and results in a thorough revision of some leaders a call for further study of others and a reaffirmation of the accomplishments of the greatest leaders **Dorothea Dix and Dr. Francis T. Stribling: an Intense Friendship** Alice Davis Wood,2008-10-21 This is primarily the story of the long time friendship between Dorothea Dix and Dr Stribling as told by them in their unedited letters The letters are preceded by summaries of their life experiences at the time their friendship began Dix was the most politically active and well traveled woman her time She enlarged or founded thirty two mental hospitals in fifteen states and other countries fifteen schools for the feeble minded a school for the blind and several training schools for nurses Dix successfully petitioned Congress to create the Government Hospital for the Insane in Washington D C Dix petitioned Congress in 1854 to sell twelve million acres of public land whose proceeds would befit the insane blind and paupers throughout the nation After it was passed by Congress but then vetoed by Congress a devastated Dix too ill to work traveled to England to recuperate By the late 60s Western State and similar institutions were filled with incurable patients leaving little room for those who could be cured By 1871 only eight of Striblings patients were expected to be cured twenty six others were doubtful and the remaining three hundred and six patients were decidedly unfavorable The situation was depressing for Stribling his staff and the caretakers who constantly drew on their skills energies and goodness of heart to soothe patients depressed spirits and replace their delusions with pleasant thoughts It would have been far easier to restore curable patients who would be in the hospital only for the brief duration of their illness Stribling died in 1974 Because of his crusade to cure the insane in the South he had been one of the most influential Virginians of his time Dix continued her crusade until the Civil war when she became head of the Union nurses Afterwards she resumed her efforts to help those who could not help themselves Dix died on July 17 1887 at the New Jersey State Hospital at Trenton Poetical Works John Greenleaf Whittier,1886 **Reader's Guide to American History** Peter J. Women and the Work of Benevolence Lori D. Ginzberg, 1990-01-01 Nineteenth century middle class Protestant women were fervent in their efforts to do good Rhetoric especially in the antebellum years proclaimed that virtue was more pronounced in women than in men and praised women for their benevolent influence moral excellence and religious faith In this book Lori D Ginzberg examines a broad spectrum of benevolent work performed by middle and upper middle class women from the 1820s to 185 and offers a new interpretation of the shifting political contexts and meanings of this long tradition of women s reform activism During the antebellum period says Ginzberg the idea of female moral superiority and the benevolent work it supported contained both radical and conservative possibilities encouraging an analysis of femininity that could undermine male dominance as well as guard against impropriety At the same time benevolent work and rhetoric were vehicles for the emergence of a new middle class identity one which asserts virtue not wealth determined status Ginzberg shows how a new generation that came of age during the 1850s and the Civil War developed new analyses of benevolence and reform By post bellum decades the heirs of antebellum benevolence referred less to a mission of moral regeneration and far more to a responsibility to control the poor and vagrant signaling the refashioning of the ideology of benevolence from one of gender to one of class According to Ginzberg these changing interpretations of benevolent work throughout the century not only signal an important transformation in women s activists culture and politics but also illuminate the historical development of American class identity and of women s role in constructing social and political authority
