Strangers Always:

Strangers in a Strange Land Paul Manning, 2019-08-28 Manning examines the formation of nineteenth century intelligentsia print publics in the former Soviet republic of Georgia both anthropologically and historically At once somehow part of Europe at least aspirationally and yet rarely recognized by others as such Georgia attempted to forge European style publics as a strong claim to European identity These attempts also produced a crisis of self definition as European Georgia sent newspaper correspondents into newly reconquered Oriental Georgia only to discover that the people of these lands were strangers In this encounter the community of strangers of European Georgian publics proved unable to assimilate the people of the strange land of Oriental Georgia This crisis produced both notions of Georgian public life and European identity which this book explores

Engaging with Strangers Debra McDougall, 2016-01-01 The civil conflict in Solomon Islands 1998 2003 is often blamed on the failure of the nation state to encompass culturally diverse and politically fragmented communities Writing of Ranongga Island the author tracks engagements with strangers across many realms of life pre colonial warfare Christian conversion logging and conservation even post conflict state building She describes startling reversals in which strangers become attached to local places even as kinspeople are estranged from one another and from their homes Against stereotypes of rural insularity she argues that a distinctive cosmopolitan openness to others is evident in the rural Solomons in times of war and peace
