Strangers And Secrets Communication In The Nineteenth Century Novel:

Strangers and Secrets R. A. York, 1994 What happens when we communicate with other people The topic has been much studied in sociolinguistics as well as by philosophers sociologists and communication theorists but it is also one of the main concerns of novelists and it is a major source of comedy intrigue and pathos in many novels To illustrate this R A York studies eight classics from nineteenth century England Emma Wuthering Heights Jane Eyre North and South Barchester Towers The Woman in White Great Expectations and Middlemarch showing that literature is not only a celebration of the power to communicate but also a celebration of the need to discipline communication

Secrecy and Disclosure in Victorian Fiction Leila Silvana May, 2016-07-15 Why were the Victorians more fascinated with secrecy than people of other periods What is the function of secrets in Victorian fiction and in the society depicted how does it differ from that of other periods and how did readers of Victorian fiction respond to the secrecy they encountered These are some of the questions Leila May poses in her study of the dynamics of secrecy and disclosure in fiction from Queen Victoria's coronation to the century's end May argues that the works of writers such as Charlotte Brontë William Makepeace Thackeray Mary Elizabeth Braddon Edward Bulwer Lytton and Arthur Conan Doyle reflect a distinctly Victorian obsession with the veiling and unveiling of information She argues that there are two opposing vectors in Victorian culture concerning secrecy and subjectivity one presupposing a form of radical Cartesian selfhood always remaining a secret to other selves and another showing that nothing can be hidden from the trained eye May calls the relation between these clashing tendencies the dialectics of secrecy and disclosure May's theories of secrecy and disclosure are informed by the work of twentieth century social scientists She emphasizes Georg Simmel's thesis that sociality and subjectivity are impossible without secrecy and Erving Goffman's claim that sociality can be understood in terms of performativity the presentation of the self in everyday life and his revelation that performance always involves disguise hence secrecy May's study offers convincing evidence that secrecy and duplicity in contrast to the Victorian period's emphasis on honesty and earnestness emerged in response to the social pressures of class gender monarchy and empire and were key factors in producing both the subjectivity and the sociality that we now recognize as Victorian

Literature and Religion in Mid-Victorian England C. Oulton, 2002-12-13 This book places Dickens and Wilkie Collins against such important figures as John Henry Newman and George Eliot in seeking to recover their response to the religious controversies of mid nineteenth century England While much recent criticism has tended to overlook or dismiss their religious pronouncements this book foregrounds the religious aspect of their writing and relocates their most important work in the context of contemporary debate The response of both writers is seen to be complex and fraught with tension

Victorian Secrecy Denise Tischler Millstein, 2016-02-24 Whether commercial personal political professional or spiritual knowledge was capital for the Victorians in their ongoing project of constructing a modern information based society Victorian Secrecy explores the myriad ways in which knowledge was both zealously accumulated and jealously guarded by

individuals institutions and government entities in Victorian Britain Offering a wide variety of critical approaches and disciplinary perspectives the contributors examine secretive actors with respect to a broad range of subjects including the narrator in Tess of the d'Urbervilles John Henry Newman's autobiographical novel Loss and Gain Richard Dadd's The Fairy Feller's Masterstroke modes of detection in Bleak House the secret history of Harriet Martineau's role in the repeal of the Corn Law and Victorian stage magicians Taken together the essays provide a richly textured account of which modes of hiding and revealing articulate secrets in Victorian literature and culture how social relations are formed and reformed in relationship to secrecy and what was at stake individually aesthetically and culturally in the Victorians clandestine activities

Ideology and Power of Literary Criticism Samiran Kumar Paul, 2020-07-02 This book is mainly focused on interdisciplinary studies in English literature and language All streams of evolutionary and civilization theories and practices have been discussed The forgotten Marxists and Marxism have been re-discussed with theories from other disciplines such as Freudian and psychoanalytical This is very interesting to walk in the corridor of literature economics political science society and socialism science and technology democracy to bio-racy from simple to super and over Modern smile cry glamour and sex That literature now has created an empire by raising philosophical questions from science and religion from society to sociology and social science

An Annotated Bibliography of Jane Austen Studies, 1984-94 Barry Roth, 1996 This Professor Roth's third annotated bibliography of studies on Jane Austen covers the years 1984-1994 Like the critically acclaimed earlier volumes it charts the steady growth and enrichment of literary criticism of Austen in the second half of the twentieth century The first bibliography which covered the period 1952-1972 contained 794 items the second

which treated 1973-1983 included over 1,060 pieces; this third work has 1,327 entries. Such concentrated attention paid to this major English novelist shows signs only of intensifying; for fresh illuminating interpretations continue to appear at a rapid pace. This bibliography serves as a scholarly tool locating and summarizing research so as to establish the present state of our knowledge of Austen studies and to assist others in proceeding as fully informed as possible of past efforts. This third bibliography includes all Austen studies first published in the period 1984-1994, more particularly every book, essay, article, and doctoral dissertation on her as well as the critical matter appended to every edition of her works in English and to translations and significant mentions. For clarity and ease of reference, the bibliography is divided into three main sections. The first covers books, essays, and articles devoted entirely or in good part to Austen, including reviews of all the book-length studies. The second section focuses on doctoral dissertations wholly or in part about her. The third gathers together significant mentions included regardless of length when they entail an unusual perceptive or otherwise striking idea. Austen followers everywhere will welcome Roth's thorough research and systematic presentation.

Roma in the Medieval Islamic World Kristina Richardson, 2021-11-18. Winner of the 2022 Dan David Prize for outstanding scholarship that illuminates the past and seeks to anchor public discourse in a deeper understanding of history. Winner of the 2023 Medieval Academy of America Monica H. Green Prize for Distinguished Medieval Research, Honorable Mention in the 2023 Middle East Medievalists Book Prize. In Middle Eastern cities as early as the mid-8th century, the Sons of Sasan begged, trained animals, sold medicinal plants and potions, and told fortunes. They captivated the imagination of Arab writers and playwrights who immortalized their strange ways in poems, plays, and *One Thousand and One Nights*. Using a wide range of sources, Richardson investigates the lived experiences of these Sons of Sasan, who changed their name to Ghuraba (Strangers) by the late 1200s. This name became the Arabic word for the Roma, and Roma-affiliated groups also known under the pejorative term Gypsies. This book uses mostly Ghuraba-authored works to understand their tribal organization and professional niches, as well as providing a glossary of their language. It also examines the urban homes, neighborhoods, and cemeteries that they constructed. Within these isolated communities, they developed and nurtured a deep literary culture and astrological tradition, broadening our appreciation of the cultural contributions of medieval minority communities. Remarkably, the Ghuraba began blockprinting textual amulets by the 10th century, centuries before printing on paper arrived in central Europe. When Roma tribes migrated from Ottoman territories into Bavaria and Bohemia in the 1410s, they may have carried this printing technology into the Holy Roman Empire.

The British National Bibliography Arthur James Wells, 1998. Elizabeth Gaskell Nancy S. Weyant, 2004-04-21. Making Noise, Making News Mary Chapman, 2014 For most people the U S suffrage campaign is encapsulated by images of iconic nineteenth century orators like the tightly coifed Susan B Anthony or the wimpled Elizabeth Cady Stanton However as Mary Chapman shows the campaign to secure the vote for U S women was also a modern and print cultural phenomenon waged with humor creativity and style *Making Noise Making News* also understands modern suffragist print culture as a demonstrable link between the Progressive Era's political campaign for a voice in the public sphere and Modernism's aesthetic efforts to re-imagine literary voice Chapman charts a relationship between modern suffragist print cultural noise and what literary modernists understood by making it new asserting that the experimental tactics of U S suffrage print culture contributed to and even anticipated the formal innovations of U S literary modernism Drawing on little known archives and featuring over twenty illustrations *Making Noise Making News* provides startling documentation of Marianne Moore's closeted career as a suffrage propagandist the persuasive effects of Alice Duer Miller's popular poetry column Asian American author Sui Sin Far's challenge to the racism and classism of modern suffragism and Gertrude Stein's midcentury acknowledgement of intersections between suffrage discourse and literary modernism
