TAKEYUKI TSUDA

Strangers In The Ethnic Homeland Japanese Brazilian Return Migration In Transnational Perspective

James F. Hollifield, Neil Foley

Strangers In The Ethnic Homeland Japanese Brazilian Return Migration In Transnational Perspective:

Strangers in the Ethnic Homeland Takeyuki Tsuda, 2003 With an immigrant population currently estimated at roughly 280 000 Japanese Brazilians are now the second largest group of foreigners in Japan Although they are of Japanese descent most were born in Brazil and are culturally Brazilian As a result they have become Japan s newest ethnic minority Drawing upon close to two years of multisite fieldwork in Brazil and Japan Takeyuki Tsuda has written a comprehensive ethnography that examines the ethnic experiences and reactions of both Japanese Brazilian immigrants and their native Japanese hosts

Encyclopedia of Diasporas Melvin Ember, Carol R. Ember, Ian Skoggard, 2004-11-30 Immigration is a topic that is as important among anthropologists as it is the general public Almost every culture has experienced adaptation and assimilation when immigrating to a new country and culture usually leaving for what is perceived as a better life Not only does this diaspora change the country of adoption but also the country of origin Many large nations in the world have absorbed and continue to absorb large numbers of immigrants The foreseeable future will see a continuation of large scale immigration as many countries experience civil war and secessionist pressures Currently there is no reference work that describes the impact upon the immigrants and the immigrant societies relevant to the world s cultures and provides an overview of important topics in the world s diasporas The encyclopedia consists of two volumes covering three main sections Diaspora Overviews covers over 20 ethnic groups that have experienced voluntary or forced immigration These essays discuss the history behind the social economic and political reasons for leaving the original countries and the cultures in the new places Topics discusses the impact and assimilation that the immigrant cultures experience in their adopted cultures including the arts they bring the struggles they face and some of the cities that are in the forefront of receiving immigrant cultures Diaspora Communities include over 60 portraits of specific diaspora communities Each portrait follows a standard outline to facilitate comparisons The Encyclopedia of Diasporas can be used both to gain a general understanding of immigration and immigrants and to find out about particular cultures topics and communities It will prove of great value to researchers and students curriculum developers teachers and government officials It brings together the disciplines of anthropology social studies political studies international studies and immigrant and immigration studies *The Challenges of Diaspora*

Migration Rainer K. Silbereisen, Peter F. Titzmann, 2016-04-01 Diaspora or ethnic return migrants have often been privileged in terms of citizenship and material support when they seek to return to their ancestral land yet for many after long periods of absence sometimes extending to generations acculturation to their new environment is as complex as that experienced by other immigrant groups Indeed the mismatch between the idealized hopes of the returning migrants and the high expectations for social integration by the new host country results in particular difficulties of adaptation for this group of immigrants often with high societal costs This interdisciplinary comparative volume examines migration from German and Jewish Diasporas to Germany and Israel examining the roles of origin ethnicity and destination in the acculturation and

adaptation of immigrants The book presents results from various projects within a large research consortium that compared the adaptation of Diaspora immigrants with that of other immigrant groups and natives in Israel and Germany With close attention to specific issues relating to Diaspora immigration including language acquisition acculturation strategies violence and breaches with the past educational and occupational opportunities life course transitions and preparation for moving between countries The Challenges of Diaspora Migration will appeal to scholars across the social sciences with interests in migration and ethnicity Diaspora and return migration Language and Citizenship in Japan Nanette Gottlieb,2012-12-12 The relationship between language and citizenship in Japan has traditionally been regarded as a fixed tripartite Japanese citizenship means Japanese ethnicity which in turn means Japanese as one's first language Historically most non Japanese who have chosen to take out citizenship have been members of the oldcomer Chinese and Korean communities born and raised in Japan But this is changing the last three decades have seen an influx of newcomer economic migrants from a wide range of countries many of whom choose to stay The likelihood that they will apply for citizenship to access the benefits it confers means that citizenship and ethnicity can no longer be assumed to be synonyms in Japan This is an important change for national discourse on cohesive communities This book's chapters discuss discourses educational practices and local linguistic practices which call into question the accepted view of the language citizenship nexus in lived contexts of both existing Japanese citizens and potential future citizens Through an examination of key themes relating both to newcomers and to an older group of citizens whose language practices have been shaped by historical forces these essays highlight the fluid relationship of language and citizenship in the Japanese context **Queering Migrations Towards, From, and Beyond Asia** Hugo Córdova Quero,Michael Sepidoza Campos,2014-10-02 The book explores migration and queerness as they relate to ethnic racial identity constructions immigration processes and legal status the formation of trans national and trans cultural partnerships and friendships It explores the roles that religious identities values worldviews play in the fortification critique of queer migrant identities Belonging in Translation Shindo, Reiko,2019-08-28 This is the first book to investigate how migrants and migrant rights activists work together to generate new forms of citizenship identities through the use of language Shindo's book is an original take on citizenship and community from the perspective of translation and an alluring amalgamation of theory and detailed empirical analysis based on ethnographic case studies of Japan Routledge Handbook of Asian Migrations Gracia Liu-Farrer,Brenda S.A. Yeoh,2018-01-02 Housing more than half of the global population Asia is a region characterised by increasingly diverse forms of migration and mobility Offering a wide ranging overview of the field of Asian migrations this new handbook therefore seeks to examine and evaluate the flows of movement within Asia as well as into and out of the continent Through in depth analysis of both empirical and theoretical developments in the field it includes key examples and trends such as British colonialism Chinese diaspora labour migration the movement of women and recent student migration Organised into thematic parts the topics cover The historical context

to migration in Asia Modern Asian migration pathways and characteristics The reconceptualising of migration through Asian experiences Contemporary challenges and controversies in Asian migration practice and policy Contributing to the retheorising of the subject area of international migration from non western experience the Routledge Handbook of Asian Migrations will be useful to students and scholars of migration Asian development and Asian Studies in general A *Companion to Diaspora and Transnationalism* Ato Quayson, Girish Daswani, 2013-07-03 A *Companion to Diaspora and Transnationalism* offers a ground breaking combined discussion of the concepts of diaspora and transnationalism Newly commissioned essays by leading scholars provide interdisciplinary perspectives that link together the concepts in new and important ways A wide ranging collection which reviews the most significant developments and provides valuable insights into current key debates in transnational and diaspora studies Contains newly commissioned essays by leading scholars which will both influence the field and stimulate further insight and discussion in the future Provides interdisciplinary perspectives on diaspora and transnationalism which link the two concepts in new and important ways Combines theoretical discussion with specific examples and case studies **Focus on Macroeconomics Research** Lawrence Z. Pelzer, 2005 Macroeconomics is that part of economics that focuses on economic growth and economic fluctuations In a world under the push and pull of globalisation it becomes crucial for the Developed Countries as well as the Developing Countries It is necessary for some countries and companies to find the best regions to invest in while it is necessary for others to grow and compete for investment at the same time This new book brings together an impressive array of research valuable for providing important insight into the international financial currents rippling around the world *Democratic Citizenship and the Free Movement of People* Willem Maas, 2013-09-05 Democratic states guarantee free movement within their territory to all citizens as a core right of citizenship Similarly the European Union guarantees EU citizens and members of their families the right to live and the right to work anywhere within EU territory Such rights reflect the project of equality and undifferentiated individual rights for all who have the status of citizen but they are not uncontested Despite citizenship's promise of equality barriers incentives and disincentives to free movement make some citizens more equal than others This book challenges the normal way of thinking about freedom of movement by identifying the tensions between the formal ideals that governments laws and constitutions expound and actual practices which fall short Individual states and the European Union have either created or permitted the creation of direct and indirect barriers to mobility that undermine the promise of freedom of movement The volume identifies these barriers explains why they have arisen discusses why they are difficult to remove and explores their consequences Joseph Carens University of Toronto [Japan in Decline](#) Purnendra Jain, Brad Williams, 2011-03-21 To what extent is Japan in decline In recent years popular writings media commentaries and analysts often take the view that the rise of Japan is long since over and that the world's second largest economy is not just treading water but that society and the economy are failing with potential catastrophic outcomes But is this really the case

Could it be that once again Japan is being misread and misinterpreted Are there not both obvious and less obvious signs of renewal and recovery And how might the new DPJ led government reform Japan Based on papers given at a major international conference held at the University of Adelaide in November 2009 this thesis is examined here by a group of the world s leading specialists in their fields addressing many of the key issues facing Japan today from the economy and environment to education social policy politics internationalization diplomacy security This volume will have wide ranging interdisciplinary relevance for students and specialists alike

Handbook of Research on Cross-Cultural Approaches to Language and Literacy Development Smith, Patriann, Kumi-Yeboah, Alex, 2015-08-04 With rapid technological and cultural advancements the 21st century has witnessed the wide scale development of transnationalist economies which has led to the concurrent evolution of language and literacy studies expanding cross cultural approaches to literacy and communication Current language education applies new technologies and multiple modes of text to a diverse range of cultural contexts enhancing the classroom experience for multi lingual learners The Handbook of Research on Cross Cultural Approaches to Language and Literacy Development provides an authoritative exploration of cross cultural approaches to language learning through extensive research that illuminates the theoretical frameworks behind multicultural pedagogy and its myriad applications for a globalized society With its comprehensive coverage of transnational case studies trends in literacy teaching and emerging instructive technologies this handbook is an essential reference source for K 20 educators administrators in school districts English as a Second Language ESL teachers and researchers in the field of Second Language Acquisition SLA This diverse publication features comprehensive and accessible articles on the latest instructional pedagogies and strategies current empirical research on cross cultural language development and the unique challenges faced by teachers researchers and policymakers who promote cross cultural perspectives

Migrant Conversions Erica Vogel, 2020-03-10 A free open access ebook is available upon publication Learn more at www.luminosoa.org Peruvian migrant workers began arriving in South Korea in large numbers in the mid 1990s eventually becoming one of the largest groups of non Asians in the country Migrant Conversions shows how despite facing unstable income and legal exclusion migrants come to see Korea as an ideal destination Some even see it as part of their divine destiny Faced with looming departures Peruvians develop cosmopolitan plans to transform themselves from economic migrants into pastors lovers and leaders Set against the backdrop of 2008 s global financial crisis Vogel explores the intersections of three types of conversions money religious beliefs and cosmopolitan plans to argue that conversions are how migrants negotiate the meaning of their lives in a constantly changing transnational context At the convergence of cosmopolitan projects spearheaded by the state churches and other migrants Peruvians change the value and meaning of their migrations Yet in attempting to make themselves at home in the world and give their families more opportunities they also create potential losses As Peruvians help carve out social spaces they create complex and uneven connections between Peru and Korea that

challenge a global hierarchy of nations and migrants Exploring how migrants churches and nations change through processes of conversion reveals how globalization continues to impact people s lives and ideas about their futures and pasts long after they have stopped moving or that particular global moment has come to an end *Remittance as Belonging* Hasan Mahmud,2024-10-11 *Remittance as Belonging* Global Migration Transnationalism and the Quest for Home argues that migrants remittances express their sense of belonging and connectedness to their home country of origin making an integral part of both migrants ethnic identity and sense of what they call home Drawing on three and a half years of ethnographic fieldwork with Bangladeshi migrants in Tokyo and Los Angeles Hasan Mahmud demonstrates that while migrants go abroad for various reasons they do not travel alone Although they leave behind their families in Bangladesh they move abroad essentially as members of their family and community and maintain their belonging to home through transnational practices including remittance sending By conceptualizing remittance as an expression of migrants belonging this book presents detailed accounts of the emergence growth decline and revival of remittances as a function of transformations in migrants sense of belonging to home Understanding Global Migration James F. Hollifield,Neil Foley,2022-03-01 *Understanding Global Migration* offers scholars a groundbreaking account of emerging migration states around the globe especially in the Global South Leading scholars of migration have collaborated to provide a birds eye view of migration interdependence *Understanding Global Migration* proposes a new typology of migration states identifying multiple ideal types beyond the classical liberal type Much of the world s migration has been to countries in Asia Africa the Middle East and South America The authors assembled here account for diverse histories of colonialism development and identity in shaping migration policy This book provides a truly global look at the dilemmas of migration governance Will migration be destabilizing or will it lead to greater openness and human development The answer depends on the capacity of states to manage migration especially their willingness to respect the rights of the ever growing portion of the world s population that is on the move Japanese Diasporas Nobuko Adachi,2006-10-03 *Japanese Diasporas* examines the relationship of overseas Japanese and their descendents Nikkei with their home and host nations focusing on the political social and economic struggles of Nikkei Frequently abandoned by their homeland and experiencing alienation in their host nations the diaspora have attempted to carve out lives between two worlds Examining Nikkei communities and Japanese migration to Manchuria China Canada the Philippines Singapore and Latin America the book compares Nikkei experiences with those of Japanese transnational migrants living abroad The authors connect theoretical issues of ethnic identity with the Japanese and Nikkei cases analyzing the hidden dynamics of the social construction of race ethnicity and homeland and suggesting some of the ways in which diasporas are transforming global society today Presenting new perspectives on socio political and cultural issues of transnational migrants and diaspora communities in an economically intertwined world this book will be of great interest to scholars of diaspora studies and Japanese studies *Japan's Minorities* Michael Weiner,2009 Examining the ways in which

the Japanese have manipulated historical memory the contributors reveal the presence of an underlying concept of Japaneseness that excludes members of the principal minority groups in Japan Immigration Governance in East Asia
Gunter Schubert, Franziska Plümmer, Anastasiya Bayok, 2020-11-29 This book analyzes immigration policies in East Asia in the context of contemporary global migration flows and mobility To assess how global norms of migration have impacted the East Asian migration region and explore regional migration trends the book contains 13 case studies which investigate the regulation of immigration in China Hong Kong Japan South Korea and Taiwan Three analytical strands namely norm diffusion identity politics and citizenship build the theoretical framework for the case studies which investigate how regional and national norms discourses and institutions affect local communities and migration patterns In particular the book analyzes contemporary issues such as immigration policy reforms practices of inclusion and exclusion in local communities and discourses on multiculturalism and risk The book utilizes a comparative perspective which enables readers to reflect on the role of national identity international organizations and law public security concerns and labour market demands in the articulation and implementation of contemporary immigration policy in East Asia This book substantially complements the existing literature on immigration governance and interregional migration mobility in East Asia and will be of interest to academics in the fields of East Asian studies public policy immigration and migration studies and comparative politics

Karen Tei Yamashita A. Robert Lee, 2018-04-30 Karen Tei Yamashita's novels essays and performance scripts have garnered considerable praise from scholars and reviewers and are taught not only in the United States but in at least half a dozen countries in Asia South America and Europe Her work has been written about in numerous disciplines in the humanities and social sciences Karen Tei Yamashita *Fictions of Magic and Memory* is the first anthology given over to Yamashita's writing It contains newly commissioned essays by established international scholars a recent interview with the author a semiautobiographical keynote address delivered at an international conference that ruminates on her Japanese American heritage and a full bibliography The essays offer fresh and in depth readings of the magic realist canvas of *Through the Arc of the Rain Forest* 1990 the Japanese emigrant portraiture of Brazil *Maru* 1992 Los Angeles as rambunctious geopolitical and transnational fulcrum of the Americas in *Tropic of Orange* 1997 the fraught relationship of Japanese and Brazilian heritage and labor in *Circle K Cycles* 2001 Asian American history and politics of the 1960s in *I Hotel* 2010 and *Anime Wong* 2014 a gallery of performativity illustrating the contested and inextricable nature of East and West This essay collection explores Yamashita's use of the fantastical the play of emerging transnational ethnicity and the narrative tactics of reflexivity and bricolage in storytelling located on a continuum of the unique and the communal of the past and the present and that are mapped in various spatial and virtual realities *Japanese as Foreign Language in the Age of Globalization*
Heinrich, Patrick, Sugita, Yuko, 2008-09-09 In our globalizing world of today the significance status and demand of languages are experiencing changes which are unmatched in human history These changes also relate to the languages of Japan as well

as to the way that they are being taught and studied In this book 14 authors from four continents present their research results on Japanese as foreign language JFL in the age of globalization The participation of these authors reflects the fact that research into JFL has itself become global Since JFL in the age of globalization is a field too extensive to be comprehensively covered by a single book we restricted ourselves to three topics which we believe are central in discussing this issue New kinds of language learners and new teaching paradigms Native non native speaker interaction or contact situations in a more general sense New insights into cognitive processes in language learning
