## **Strangers In Their Own Land:**

**Strangers in Their Own Land** Arlie Russell Hochschild, 2018-02-20 The National Book Award Finalist and New York Times bestseller that became a guide and balm for a country struggling to understand the election of Donald Trump A generous but disconcerting look at the Tea Party This is a smart respectful and compelling book Jason DeParle The New York Times Book Review When Donald Trump won the 2016 presidential election a bewildered nation turned to Strangers in Their Own Land to understand what Trump voters were thinking when they cast their ballots Arlie Hochschild one of the most influential sociologists of her generation had spent the preceding five years immersed in the community around Lake Charles Louisiana a Tea Party stronghold As Jedediah Purdy put it in the New Republic Hochschild is fascinated by how people make sense of their lives Her attentive detailed portraits reveal a gulf between Hochschild's strangers in their own land and a new elite Already a favorite common read book in communities and on campuses across the country and called humble and important by David Brooks and masterly by Atul Gawande Hochschild's book has been lauded by Noam Chomsky New Orleans mayor Mitch Landrieu and countless others The paperback edition features a new afterword by the author reflecting on the election of Donald Trump and the other events that have unfolded both in Louisiana and around the country since the hardcover edition was published and also includes a readers group guide at the back of the book [Strangers in their own land](#) Karl Joseph Kuepper, 1976 *Summary of Strangers in Their Own Land - [Review Keypoints and Take-aways]* PenZen Summaries, 2022-11-28 The summary of Strangers in Their Own Land Anger and Mourning on the American Right presented here include a short review of the book at the start followed by quick overview of main points and a list of important take aways at the end of the summary The Summary of The documentary Strangers in Their Own Land addresses the political issues that have caused a rift in the United States with a particular emphasis on the Tea Party movement in Louisiana The author encourages readers to empathise with various political stances as she walks them through the process of understanding how Louisiana arrived at its current state of affairs Strangers in Their Own Land summary includes the key points and important takeaways from the book Strangers in Their Own Land by Arlie Russell Hochschild Disclaimer 1 This summary is meant to preview and not to substitute the original book 2 We recommend for in depth study purchase the excellent original book 3 In this summary key points are rewritten and recreated and no part text is directly taken or copied from original book 4 If original author publisher wants us to remove this summary please contact us at support mocktime com **Summary and Analysis of Strangers in Their Own Land: Anger and Mourning on the American Right** Worth Books, 2017-05-16 So much to read so little time This brief overview of Strangers in Their Own Land tells you what you need to know before or after you read Arlie Russell Hochschild's book Crafted and edited with care Worth Books set the standard for quality and give you the tools you need to be a well informed reader This short summary and analysis of Strangers in Their Own Land Anger and Mourning on the American Right includes Historical context Chapter by chapter overviews

Character profiles Detailed timeline of events Important quotes Fascinating trivia Glossary of terms Supporting material to enhance your understanding of the original work About Strangers in Their Own Land by Arlie Russell Hochschild Renowned sociologist Arlie Russell Hochschild seeks to understand why some American conservatives continue to vote for policies that ultimately harm them She traveled to Louisiana to complete a five year study talking to members of the Tea Party and attempting to breach the empathy wall that stands between conservatives and liberals A compassionate observer Hochschild pursues the heart of the deeper story blaming the narrative not her subjects that informs these peoples choices She particularly examines the long history of environmental pollution in the region and the state governments failure to address it a failure that this political faction refuses to condemn Strangers in Their Own Land is a compelling analysis of one of the most important factors in American culture today and Hochschild s measured and empathic approach leads her readers toward a greater understanding of their fellow citizens The summary and analysis in this ebook are intended to complement your reading experience and bring you closer to a great work of nonfiction

**How the Liberal Arts Can Save Liberal Democracy** Steven M. DeLue, 2018-06-06 Currently liberal democracy is threatened by authoritarian movements not just in the United States but also in societies around the world The liberal arts arrests authoritarian tendencies by advancing what it shares with the citizens of a liberal democracy autonomy and freedom Autonomy is the capacity to make reasoned decisions about a host of political social and personal matters independent of external parties who seek to control our lives for the sake of their ends and at the cost of our freedom But autonomy depends on people being able to enter into discussions what I call discourses of mutual respect designed to test ideas in public against facts and good reasons This discourse is facilitated by an enlarged culture through which individuals identify what they hold in common and by which individuals work to understand their differences Now authoritarian regimes reject autonomy because it empowers citizens to designate the boundaries and content of political authority Liberal democracies in contrast embrace autonomy because it is the basis for the political institutions that provide civic equality and through it the freedom of citizens to control their destiny Yet ironically an enlarged culture and the discourse of mutual respect that together sustain autonomy are not likely to be produced within a highly partisan political atmosphere of a liberal democracy Still a liberal democracy is open to the importation of these elements from the liberal arts Thus saving liberal democracy from authoritarianism depends on a robust liberal arts presence in society What reforms of the liberal arts are needed to make this objective possible Much rides on the answer to this question For the fact is that if the liberal arts recedes to a whisper liberal democracy is likely to be defeated by the authoritarian s bluster filled and always nihilist roar

**California Dreams and American Contradictions** Monique McDade, 2023-03 California Dreams and American Contradictions establishes a genealogy of western American women writers publishing between 1870 and 1965 to argue that both white women and women of color regionalized dominant national literary trends to negotiate the contradictions between an American liberal individualism and American equality

Monique McDade analyzes works by Mar a Amparo Ruiz de Burton Helen Hunt Jackson Sui Sin Far and a previously unstudied African American writer Eva Rutland to trace an archive of western American women writers who made visible what dominant genres subsumed under images of American progress and westward expansion Read together these writers provide new entry points into the political debates that have plagued the United States since the nation s founding and that set the precedent for westward expansion Their romances regional sketches memoirs and journalism point to the inherently antagonistic relationship between a Rooseveltian rugged individualism that encouraged an Anglo male dominated West and the progressive equality and opportunity the West seemingly promised disenfranchised citizens The writers included in California Dreams and American Contradictions challenged literature s role in creating regional division conformist communities that support nationally sponsored images of gendered ethnic and immigrant others and liberal histories validated through a strategic vocabulary rooted in freedom equality and progress

**Psychoanalytic Insights into Social, Political, and Organizational Dynamics** Seth Allcorn,Howard Stein,2021-08-16 This fascinating interdisciplinary work explores U S politics since 2015 and offers psychodynamic insights into the unconscious undercurrents of contemporary culture and politics in the United States Allcorn and Stein expertly lead readers up the steep learning curve of understanding the Trump era by exploring seven key elements of recent political dynamics Using the complementary psychodynamic models of object relations Group Relations and Karen Horney s tripartite theory this book makes sense of the Age of Trump and its chaotic world of alternate facts conspiracy theories reality TV politics hoax pandemics and the sweeping chaos of life in the United States This sense making relies on two triangulations The first represents the complex systemic political scene The second uses three psychoanalytic theories to understand social political and organizational dynamics This book is a key resource for helping readers know and understand ourselves our fellow citizens colleagues family friends and what Trump and his followers call them such as liberals and foreign immigrants as well as both the larger polarized social and political context in the United States today The book also provides concrete examples of how these discoveries can be operationalized both in organizations and at the level of national government and leadership This book is an essential reading for students in organizational behavior including leadership and how governments operate as well as behavioral health professionals consulting or offering therapy to organizations

**Contesting the Far Right** Claudia Leeb,2024-04-23 Why have so many people responded to the insecurity exploitation alienation and isolation of precarity capitalism by supporting the far right In this timely book Claudia Leeb argues that psychoanalytic and feminist critical theory illuminates how economic and psychological factors interact to produce this extreme political shift Contesting the Far Right examines right wing recruitment tactics in the United States and Austria where people discontented with the status quo have turned to far right parties and movements that further cement capitalism s adverse effects Leeb contends that Freudian psychoanalytic theory and early Frankfurt School Critical Theory provide analytical tools to explain this apparent contradiction in psychological

terms Living under precarity capitalism generates feelings of failure and anxiety which people experience as non wholeness because it has become difficult if not impossible to live up to the fetish of economic interpersonal and bodily success and the far right preys on such feelings Its psychologically oriented propaganda tactics produce the illusion of wholeness and a positive sense of self while leaving the socioeconomic conditions that cause people s suffering intact At the same time they remove the inhibitions that keep people s repressed aggression and racist and sexist attitudes in check To demonstrate the workings of this process Leeb compares cases including Trump and the alt right in the United States and the Freedom Party and the identitarian movement in Austria At once theoretically rich and politically engaged this book also offers ways to resist the far right and counter the psychological appeal of its propaganda techniques *The Specter of Sex* Sally Kitch,2009-08-06 Genealogy of the formation of race and gender hierarchies in the U S **Moral Minefields** Shai M. Dromi,Samuel D. Stabler,2023-08-18 An analysis of the effects of moral debates on sociological research Few academic disciplines are as contentious as sociology Sociologists routinely turn on their peers with fierce criticisms not only of their empirical rigor and theoretical clarity but of their character as well Yet despite the controversy scholars manage to engage in thorny debates without being censured How In *Moral Minefields* Shai M Dromi and Samuel D Stabler consider five recent controversial topics in sociology race and genetics secularization theory methodological nationalism the culture of poverty and parenting practices to reveal how moral debates affect the field Sociologists they show tend to respond to moral criticism of scholarly work in one of three ways While some accept and endorse the criticism others work out new ways to address these topics that can transcend the criticism while still others build on the debates to form new more morally acceptable research *Moral Minefields* addresses one of the most prominent questions in contemporary sociological theory how can sociology contribute to the development of a virtuous society Rather than suggesting that sociologists adopt a clear paradigm that can guide their research toward neatly defined moral aims Dromi and Stabler argue that sociologists already largely possess and employ the repertoires to address questions of moral virtue in their research The conversation thus is moved away from attempts to theorize the moral goods sociologists should support and toward questions about how sociologists manage the plurality of moral positions that present themselves in their studies Moral diversity within sociology they show fosters disciplinary progress **Asia's Environmental Crisis** Michael C. Howard,2019-04-11 This book focuses on the political economy of the environment in Asia examining the economic and political forces that have generated the problems the political efforts to find solutions and the economic and political contexts of proposed solutions *The Concept of Exile in Ancient Israel and Its Historical Contexts* Ehud Ben Zvi,Christoph Levin,2010 In ancient Israelite literature Exile is seen as a central turning point within the course of the history of Israel In these texts the Exile is a central ideological concept It serves to explain the destruction of the monarchic polities and the social and economic disasters associated with them in terms that YHWH punished Israel Judah for having abandoned his ways As it develops an image of an unjust Israel it creates

one of a just deity But YHWH is not only imagined as just but also as loving and forgiving for the exile is presented as a transitory state Exile is deeply intertwined with its discursive counterpart the certain Return As the Exile comes to be understood as a necessary purification or preparation for a renewal of YHWH's proper relationship with Israel the seemingly unpleasant Exilic conditions begin discursively to shape an image of YHWH as loving Israel and teaching it Exile is dystopia but one that carries in itself all the seeds of utopia The concept of Exile continued to exercise an important influence in the discourses of Israel in the Second Temple period and was eventually influential in the production of eschatological visions

**Jesus' Parables Speak to Power and Greed** Richard Q. Ford, 2022-09-19 The psychological process of denial involves refusing to see what is in front of us and for some time we have been struggling to shape master narratives to encompass climate breakdown Jesus' longer parables offer insight into the possibilities that are hidden within the hierarchies of power Through the work of understanding the experiences of all the parable actors we are invited to practice the empathy required to face the global challenges of the twenty first century

**The Federated States of Micronesia's Engagement with the Outside World** Gonzaga Puas, 2021-09-28 This study addresses the neglected history of the people of the Federated States of Micronesia's FSM engagement with the outside world Situated in the northwest Pacific FSM's strategic location has led to four colonial rulers Histories of FSM to date have been largely written by sympathetic outsiders Indigenous perspectives of FSM history have been largely absent from the main corpus of historical literature A new generation of Micronesian scholars are starting to write their own history from Micronesian perspectives and using Micronesian forms of history This book argues that Micronesians have been dealing successfully with the outside world throughout the colonial era in ways colonial authorities were often unaware of This argument is sustained by examination of oral histories secondary sources interviews field research and the personal experience of a person raised in the Mortlock Islands of Chuuk State It reconstructs how Micronesian internal processes for social stability and mutual support endured rather than succumbing to the different waves of colonisation This study argues that colonisation did not destroy Micronesian cultures and identities but that Micronesians recontextualised the changing conditions to suit their own circumstances Their success rested on the indigenous doctrines of adaptation assimilation and accommodation deeply rooted in the kinship doctrine of eaea fengen sharing and alilis fengen assisting each other These values pervade the Constitution of the FSM which formally defines the modern identity of its indigenous peoples reasserting and perpetuating Micronesian values and future continuity

**Adorno's Shadow** Amirhosein Khandizaji, Wolfgang Sohst, 2025-06-13 Theodor W Adorno's legacy as a philosopher sociologist musicologist and critical theorist remains as vital today as it was in his own time This volume brings together a diverse array of essays that engage deeply with Adorno's work exploring its enduring power to illuminate the complexities of contemporary life From the culture industry's grip on digital existence to the commodification of human relationships the contributors trace Adorno's critiques of modernity to our present moment demonstrating the ongoing relevance of his thought in an era of rising authoritarianism

ecological collapse and social fragmentation Far from being a mere exercise in intellectual history this collection wrestles with Adorno's most challenging ideas his negative dialectics his reflections on education and his unwavering insistence on the necessity of critique The essays reveal how Adorno's commitment to human emancipation tempered by an acute awareness of the forces that obstruct it offers not just a diagnosis of social pathologies but also a fragile hope for transformation For scholars students and anyone grappling with the urgent questions of justice freedom and solidarity this book is an invitation to think with Adorno to confront the discomforts of our time resist facile consolations and sustain the difficult labor of imagining a more humane world

Cosmopolitan Strangers in US Latinx Literature and Culture Esther Álvarez-López, Andrea Fernández-García, 2023-03-30 This book presents a study of the figure of the stranger in US Latinx literary and cultural forms ranging from contemporary novels through essays to film and transborder art activism The focus on this abject figure is twofold first to explore its potential to expose the processes of othering to which Latinxs are subjected and second to foreground its epistemic response to neocolonial structures and beliefs Thus this book draws on relevant sociological literature on the stranger to unveil the political and social processes behind the recognition of Latinxs as out of place On the other hand and most importantly this volume follows the path of neo cosmopolitan approaches to bring to the fore processes of interrelatedness interaction and conviviality that run counter to criminalizing discourses around Latinxs Through an engagement with these theoretical tenets the goal of this book is to showcase the role of the Latinx stranger as a cosmopolitan mediator that transforms walls into bridges

**White Working Class** Joan C. Williams, 2017-05-16 I recommend a book by Professor Williams it is really worth a read it's called White Working Class Vice President Joe Biden on Pod Save America An Amazon Best Business and Leadership book of 2017 Around the world populist movements are gaining traction among the white working class Meanwhile members of the professional elite journalists managers and establishment politicians are on the outside looking in left to argue over the reasons In White Working Class Joan C Williams described as having something approaching rock star status by the New York Times explains why so much of the elite's analysis of the white working class is misguided rooted in class cluelessness Williams explains that many people have conflated working class with poor but the working class is in fact the elusive purportedly disappearing middle class They often resent the poor and the professionals alike But they don't resent the truly rich nor are they particularly bothered by income inequality Their dream is not to join the upper middle class with its different culture but to stay true to their own values in their own communities just with more money While white working class motivations are often dismissed as racist or xenophobic Williams shows that they have their own class consciousness White Working Class is a blunt bracing narrative that sketches a nuanced portrait of millions of people who have proven to be a potent political force For anyone stunned by the rise of populist nationalist movements wondering why so many would seemingly vote against their own economic interests or simply feeling like a stranger in their own country White Working Class will be a convincing primer on how to connect with a crucial

set of workers and voters      What Our History Means Jessie Ethel Sampter,1916      Summary, Analysis & Review of Arlie Russell Hochschild's Strangers in Their Own Land by Instaread Instaread,2016-12-12 Summary Analysis Review of Arlie Russell Hochschild's Strangers in Their Own Land by Instaread Preview Strangers in their Own Land Anger and Mourning on the American Right describes a liberal sociologist's journey toward understanding the emotional appeal of the Tea Party Author Arlie Russell Hochschild who is based in Berkeley California traveled to the American South to speak with more than 60 men and women who identified with the Tea Party Describing dynamics within the state of Louisiana as representative of national political phenomena she made 10 field trips there between 2011 and 2016 In addition to her cross country travels Hochschild had to traverse mental obstacles to understand her subjects As she embedded herself in the daily lives of six core subjects all white men and women between the ages of 40 and 85 she struggled to comprehend the blatant contradictions between their political ideologies and their material circumstances Over the course of her research Hochschild focused on the issue of environmentalism by questioning locals PLEASE NOTE This is a Summary Analysis Review of the book and NOT the original book Inside this Summary Analysis Review of Arlie Russell Hochschild's Strangers in Their Own Land by Instaread Overview of the Book Important People Key Takeaways Analysis of Key Takeaways About the Author With Instaread you can get the key takeaways and analysis of a book in 15 minutes We read every chapter identify the key takeaways and analyze them for your convenience Visit our website at instaread.co      **Political Speech as a Weapon** Sylvia Gonzalez-Gorman,2018-09-20 Provides a penetrating examination of how political rhetoric from public officials creates tensions via microaggression cues due to changing demographics campaign rhetoric and the use of social media What are microaggression cues and what are examples of those cues in political rhetoric How have microaggression cues from former presidents elected officials and political candidates led to further polarization of America's citizens What are the connections between these microaggression cues the demographic shift of the United States and the growing fear among longtime majority populations Political Speech as a Weapon Microaggression in a Changing Racial and Ethnic Environment answers these questions and helps readers understand related topics such as nativism the transformation process of the U S population and cultural norms and how Americans can best respond to evolving conditions to meet these challenges Author Sylvia Gonzalez Gorman addresses a blind spot in the field of American politics and connects hostile rhetoric by public officials to the effect of such rhetoric which leads to the marginalization of groups and a polarizing cultural environment The book specifically focuses on the role of political rhetoric as a microaggression cue and clearly illustrates how these cues are a well established and damaging component of U S political culture

This is likewise one of the factors by obtaining the soft documents of this **Strangers In Their Own Land** by online. You might not require more era to spend to go to the book instigation as well as search for them. In some cases, you likewise complete not discover the publication Strangers In Their Own Land that you are looking for. It will categorically squander the time.

However below, considering you visit this web page, it will be therefore entirely simple to acquire as skillfully as download guide Strangers In Their Own Land

It will not give a positive response many period as we run by before. You can pull off it though deed something else at home and even in your workplace. so easy! So, are you question?
