Take Off Your Shoes You're Standing On Holy Ground:

Take Off Your Shoes Anne Dier Wilson, Lenora Nazworth, 2012-07-07 *Beyond the Bougainvillea: Reflections on Disability and Rehabilitation* Gillian Paterson, Sara Bhattacharji, 2020-03-10

What does it mean to be disabled? What gives people the courage to live with long term disability or incapacity? Can any of us claim to be fully abled? And what is it that hurts most about being disabled? Is it the physical difficulties or is it the isolation and stigma that often accompany them? These are real questions. In search of answers, *Beyond the Bougainvillea* takes readers through the curtain of flowers that covers the front of the Rehabilitation Institute of the Christian Medical College Vellore in South India. There they are introduced to a community of patients and staff therapists, researchers and relatives whose lives have been changed by the experience of disability and the challenges of rehabilitation. This encounter is not for the faint hearted. The experience of disability speaks to everyone seeking answers to the big questions that face all of us in the end, such as what does it mean to be human? And how can we best accompany one another on the journey of life?

Angel Hugs, This beautiful collection of thirty one meditations will inspire, encourage and uplift its reader. Each delightful and very personal devotion begins with a scripture and concludes with a thought provoking quotation and simple prayer.

Inherited Silence Louise Dunlap, 2022-09-06

An insightful look at the historical damages early colonizers of America caused and how their descendants may recognize and heal the harm done to the earth and the native peoples. *Inherited Silence* tells the story of beloved land in California's Napa Valley, how the land fared during the onslaught of colonization and how it fares now in the drought, development and wildfires that are the consequences of the colonial mind. Author Louise Dunlap's ancestors were among the first Europeans to claim ownership of traditional lands of the Wappo people during a period of genocide. As settlers, her ancestors lived the dream of Manifest Destiny, their consciousness changing only gradually over the generations. When Dunlap's generation inherited the land, she had already begun to wonder about its unspoken story. What had kept her ancestors from seeing and telling the truth of their history? What had they brought west with them from the very earliest colonial experience in New England? Dunlap looks back into California's and America's history for the key to their silences and a way to heal the wounds of the land, its original people and the harmful mind of the colonizer. It's a powerful story that will awaken others to consider their own ancestors' role in colonization and encourage them to begin reparations for the harmful actions of those who came before. More broadly, it offers a way for every reader to evaluate their own current life actions and the lasting impact they can have on society and our planet.

God's Trombones James Weldon Johnson, 1927

The inspirational sermons of the old Negro preachers are set down as poetry in this collection, a classic for more than forty years frequently dramatized, recorded and anthologized. Mr Johnson tells in his preface of hearing these same themes treated by famous preachers in his youth; some of the sermons are still current and like the spirituals they have taken a significant place in black folk art. In transmuting their essence into original and moving poetry, the author has also ensured the survival of a
