Take That Hill:

The art of teaching young minds to observe and think John Gill (of the Normal college, Cheltenham.),1872

Northwest Africa George Frederick Howe,1957 The assault on North Africa on 8 November 1942 led to a bitter conflict that finally culminated in the defeat of the Axis forces in Tunisia seven months later The campaign was for the U S Army a school in coalition warfare and an introduction to enemy tactics Young Rocky Joe Kinney,Adolph Caso,1985-05-01

Nightmare on Iwo Jima Patrick F. Caruso,2007-10-07 On February 19 1945 the 4th and 5th Marine Divisions stormed ashore from a naval support force Among them was green young lieutenant Pat Caruso who became de facto company commander when the five officers ranking him were killed or wounded He led his rapidly diminishing force steadily forward for the next few days when a day s gains were measured in yards Caruso was eventually wounded himself and was evacuated Realizing that the heroism of his comrades would be lost by the decimation of his unit Caruso latched onto any paper he could find and filled every blank space with his memory of the fighting This edition has a new foreword and index boasts nine new photographs and a map of the action It resumes its place as a classic account of the experience of being in close direct and constant contact with a determined enemy at close quarters Many did not survive those who did were changed forever

No Body Armor Donald R. White,2013-08 By the time America decided to engage in Vietnam the Soviets had already overwhelmed fifteen nations by force and fear The conflict that followed was one of American history s toughest infantry wars American soldiers who fought in the Vietnam War call it the Nam In this unique recollection of deadly close quarters infantry combat author and twenty year US Army veteran Donald R White shares his wealth of personal experience presenting an emotional trip through violence and bloodshed In the time period between late fall of 1965 and late summer of 1969 hundreds of men were killed in action each week something that survivors live with daily Former US Army platoon sergeant Donald R White reveals detailed facts about infantry war that are bloody horrific and shocking In this personal account he deals with memories that are seldom happy and often grim giving readers an eye witness account of what the Nam was really like for American fighting men Dak To and the Border Battles of Vietnam, 1967-1968 Michael A.

Eggleston,2017-02-06 In 1967 the North Vietnamese launched a series of offensives in the Central Highlands along the border with South Vietnam a strategic move intended to draw U S and South Vietnamese forces away from major cities before the Tet Offensive A series of bloody engagements known as the border battles followed with the principle action taking place at Dak To Drawing on the writings of key figures veterans memoirs and the author s records from two tours in Vietnam this book merges official history with the recollections of those who were there revealing previously unpublished details of these decisive battles *Motor Field* ,1911 **Automotive Industries** ,1907 Vols for 1919 include an Annual statistical issue title varies

Chicago Daily News Almanac and Political Register ,1919 **TOO YOUNG FOR A FORGETTABLE WAR** WILLIAM EDWARD ALLI,2009-03-03 History shows that the world avoided World War III partly

because of the impact of the Korean War That standoff war led to rules of engagement which guided the West and the Soviet Union for nearly forty years ending with the Soviet collapse The protagonists had decided that they would allow no regional conflict to set off a worldwide nuclear war between them Too Young for a Forgettable War follows the journey of an eighteen year old fresh out of high school and activated for duty in a distant war His is a coming of age story in the most dangerous of environments The dangers turn out to be not only from the enemy s weapons but even those of a United Nations ally whose soldiers mistakenly arrest him as an enemy agent clearly a justification for his execution Returning to America he hopes to forget the trauma of his experiences Decades later he travels back to Korea and is finally able to come to terms with his wartime experiences Readers will find parallels between that war s veterans and those of Vietnam Iraq and Afghanistan The author and his fellow veterans reveal vivid personal experiences that extend our knowledge and perhaps our empathy with those who served regardless of age in any war however forgettable
