A Blueprint of the Divine Plan Donald Thomas, 2020 Most people who have heard the phrase 'there's nothing new under the sun' tend to agree if they live long enough I suspect that most people don't know that this phrase was adapted from the Bible Ecclesiastes 1:9 This book is about our biblical religion and admittedly there is no information contained in the text of this book that is new under this sun What makes this text different is the concise direct and to the point manner in which the three important concepts that are crucial to our destiny are highlighted These vital concepts are essential to God's divine plan for mankind There are also biblical truths highlighted that many may find uncomfortable and controversial however the truth is not as grievous as some may fear because the truth will set you free

John 8 32 The purpose of this book is to highlight these simple straightforward and vitally important concepts that are often overlooked or diminished in our daily routines which are crucial to our salvation The goal is to explain why they are significant so that you will have good solid information to build a sound foundation in which to worship This book is for those that are open to curious about and actively seeking information that points in the right direction the truth
