

The background of the slide is a detailed illustration. In the upper left, a city with classical columns is engulfed in flames. A large, winged figure, possibly a phoenix or a warrior, is depicted in the center, wearing a vibrant red cloak and holding a sword. The figure appears to be in flight or a dynamic pose. The sky is a mix of blue and orange, suggesting a sunset or sunrise. The overall tone is epic and dramatic.

Andrew L. Whitehead, Samuel L. Perry

Taking America:

Taking America Jeff Madrick, 2003 This is a reprint of a previously published work It deals with the megamerger movement of the 1980s and the scandals that it produced **Taking America Off Drugs** Stephen Ray Flora, 2012-02-01 In this highly provocative book Stephen Ray Flora maintains that we have been deceived into believing that whatever one's psychological problem from anxiety anorexia bulimia depression phobias sleeping and sexual difficulties to schizophrenia there is a drug to cure us In contrast he argues that these problems are behavioral not chemical and he advocates behavioral therapy as an antidote He makes the controversial claim that for virtually every psychological difficulty behavioral therapy is more effective than drug treatment Not only that but the side effects of behavioral therapy rather than being harmful like many drugs are actually beneficial often facilitating self empowerment through learning functional life skills **Taking America Back for God** Andrew L. Whitehead, Samuel L. Perry, 2020-02-03 Why do white Protestants in America embrace a president who seems to violate their basic standards of morality The answer Andrew Whitehead and Samuel Perry argue is Christian nationalism the belief that the United States is and should be a Christian nation Knowing someone's stance on Christian nationalism this book shows tells us more about his or her political beliefs than race religion or political party Drawing on national survey data and interviews with Americans across the political spectrum Taking America Back for God illustrates the tremendous influence of Christian nationalism on debates about the most contentious issues dominating American public life The Patriot's Guide to Taking America Back Charles Kraut, 2011 Every American over the age of fifteen needs to read this book the Constitution of the United States is the most important political document in the history of the human race it enshrines natural rights instead of the terribly destructive human rights which are being forced upon us Very few Americans Understand The Constitution which is why our government has been able to trample and discard it with little or no protest The Patriot's Guide to Taking America Back explains in simple clear language exactly how far we have moved from the Constitution and why America faces so many problems today most of which have been caused by our government The Patriot's Guide offers a plan by which Americans may take America back To The Constitution and regain the sacred freedoms we seem to be willing to throw away If you think something is terribly wrong in America today you're right The Patriot's Guide will help you Understand The problem And The solution **We the People, Taking America Back** Polly Nicolay, 2008-02 Simple step by step solutions show the path to returning America to the land of Freedom of Religion According to the Holy Bible Social Issues **Gundamentalism and Where It Is Taking America** James E. Atwood, 2017-01-09 Gundamentalism and Where It Is Taking America is the work of James Atwood a retired Presbyterian pastor and an avid deer hunter for half a century who has also been in the forefront of the faith community's fight for two constitutional rights the right to keep and bear arms and the right to live in domestic tranquility free of gun violence He explains why guns mystically control so many Americans and exposes the fallacies of the gun industry's spurious claim that

firearms actually protect us He argues there are no bona fide scientific studies that show defensive guns save us from harm while there is voluminous research showing a defensive gun puts the owner and his or her family at greater risk Atwood s book which details his learning of a lifetime in the struggle for reasonable gun laws in America puts dependable social and theological analysis of our unique national epidemic into your hands along with scientific data that will provoke honest reflection and discussion for the building of a safer and saner America Questions for group discussion and suggestions for action are included *Counter-case of the United States of America* Norway,1922 The Pageant of America, a Pictorial History of the United States ,1927 *History of the United States of America* George Bancroft,1876 *The Statutes at Large and Proclamations of the United States of America from ...* United States,1873
