Taking Jesus Seriously Buddhist Meditation For Christians:

Taking Jesus Seriously John Cowan, 2004 In *Taking Jesus Seriously* the words of Jesus become clearer when matched with the practices and insights of Buddhist meditation This book presents a Christian way to implement the words of Jesus by looking inside to see what stands between the reader and God's kingdom Cowan connects everyday examples and Jesus words to the method of Buddhist vipassana or insight meditation by offering instruction perception and guidance With practice readers can begin to notice what is actual leave anxiety to the Father accept pain and see the world as a child would This book is designed to be read over twelve weeks while practicing 20-30 minutes of daily meditations Each chapter includes questions and answers Chapters in Prelude are The Reign of God Escaping Delusion The Practice Observing Delusion and Reality Replacing Delusions with Material Reality and Escaping the Delusion that We Are Our Feelings and Thoughts Chapters in First Interlude What Am I Doing Here are The Delusion that Happiness Results from Fulfilling Desires Distinguishing the Reality of Pain from the Delusion of Suffering The Delusion of Permanence and The Delusion of Person Chapters in Second Interlude The Delusion of Two are Empty of Delusion and Now as Reality Past and Future as Delusion The chapter in Third Interlude Intention is Evolution and the Reign of God Also includes Postlude on the Christian Life My Book Shelf and an index John Cowan has been a student of Zen for over forty years Currently he is an Episcopal priest and an interim rector at St Anne's in Sunfish Lake Minnesota

Without Buddha I Could Not be a Christian Paul F. Knitter, 2013-01-01 An honest unflinching tale of re-finding one's faith from one of the world's most famous theologians *Without Buddha I Could Not Be a Christian* narrates how esteemed theologian Paul F Knitter overcame a crisis of faith by looking to Buddhism for inspiration From prayer to how Christianity views life after death Knitter argues that a Buddhist standpoint can encourage a more person-centred conception of Christianity where individual religious experience comes first and liturgy and tradition second Moving and revolutionary this book will inspire Christians everywhere

Buddhist Christianity Ross Thompson, 2010-08-16 It is possible to be a Christian Buddhist in the context of a universal belief that sits fairly lightly on both traditions Ross Thompson takes especially seriously the aspects of each faith that seem incompatible with the other no God and no soul in Buddhism for example and the need for grace and the historical atonement on the cross in Christianity Buddhist Christianity can be no bland blend of the tamer aspects of both faiths but must result from a wrestling of the seeming incompatibles allowing each faith to shake the other to its very foundations The author traces his personal journey through which his need for both faiths became painfully apparent He explores the Buddha and Jesus through their teachings and the varied communities that flow from them investigating their different understandings of suffering and wrong self and liberation meditation and prayer cosmology and God or not He concludes with a bold commitment to both faiths

Wounded Wisdom Ross Thompson, 2011-09-16 Most of us have lived through painful humiliating or traumatic experiences leaving us haunted and conditioned by reactions that trap us in ongoing cycles of

feeling hurt and hurting others And on the wider political scale we have obviously yet to learn the art of responding well to the hurts of terrorism exploitation or more local conflicts of interest Either we resort to reciprocal violence or claim too readily the status of innocent victim The book begins by looking at three predominant negative responses It then draws on a variety of traditions from the author's own Buddhist Christian perspective exploring how deep meditation can help take us beyond the negative narratives of hurt The author finds ambivalent but broadly positive images in childhood innocence and the tragicomic fool and urges the importance of a radical and unconditional forgiveness of self and others that is grounded in both Buddhist Emptiness and the risen Christ By these means the habit of accusation that so easily dominates self and society can give way to humour and mutual wonder Mindful Ministry Judith Thompson, 2014-07-24 A constructive resource for all who endeavour to become reflective practitioners **Hawk Rising** John Cowan, 2009-06 Thousands in the Western world have sought a brighter life through the practice of Eastern meditation While many have experienced a deeper sense of calm most have never experienced the enlightenment promised by these methods Through witty entertaining anecdotes Hawk Rising shares the secret to understanding observing and then managing a calming approach that softens but does not stifle the desire for achievement John Cowan has spent his lifetime learning within the worlds of spirituality and motivational psychology and offers an innovative method derived from the Buddhist system that effectively reduces anxiety through meditation and visualization Cowan teaches through exercises and personal stories that viewing the imagination as part of the here and now will end frustration and increase the ability to begin each day with renewed power and confidence Anyone interested in remaining in the hustle and bustle of the world and still achieving a new level of inner peace will benefit from his explorations of the sources of anxiety its causes and how to develop a method for being usefully anxious while living a free active and creative life Buddhist and Christian? Rose Drew, 2013-07-03 This is a detailed exploration of Buddhist Christian dual belonging engaging from both Buddhist and Christian perspectives the questions that arise and drawing on extensive interviews with well known individuals in the vanguard of this important and growing phenomenon The issue is pressing insofar the last century has witnessed a gradual but profound transformation of the West's religious landscape In today's context of diversity people are often influenced by more than one religion Multireligious identities are consequently on the rise At one end of the spectrum are those who identify themselves as fully belonging to more than one tradition One of the most prevalent combinations is Christianity and Buddhism This book addresses central and fundamental questions How is it possible to be authentically Buddhist and authentically Christian when for example God is central to Christianity yet absent from Buddhism when Christians have faith in Jesus Christ while Buddhists take refuge in the Buddha when Christians hope for heaven and Buddhists hope for nirvana and when Buddhists and Christians engage in different practices Are those who identify themselves as belonging to both traditions profoundly irrational religiously schizophrenic or perhaps just spiritually superficial Or is it possible somehow to reconcile the thought and practice of Buddhism and Christianity in such a way that

one can be deeply committed to both And if it is possible will the influence of Buddhist Christians on each of these traditions be something to be regretted or celebrated

Growing in Love and Wisdom Susan J. Stabile, 2012-10-02 Although raised Roman Catholic Susan Stabile was ordained as a Tibetan Buddhist nun and devoted 20 years of her life to practicing Buddhism before returning to Catholicism in 2001 In *Growing in Love and Wisdom* she draws on this unique dual perspective to explore the value of interreligious dialogue the spiritual dynamics that operate across faith traditions and how Buddhist meditation practices can deepen Christian prayer She begins by examining the values and principles shared by the two faiths and shows that both traditions seek to effect a fundamental transformation in the lives of believers Both stress the need for experiences with deep emotional resonance that goes beyond the level of concepts to touch the heart The center of the book offers 15 Tibetan Buddhist contemplative practices adapted for Christian use Stabile provides clear instructions on how to do these meditations and helpful commentary on each explaining its purpose and the relation between the Buddhist original and her Christian adaptation of it Throughout she highlights the many remarkably close parallels between the teachings of Jesus and the Buddha The meditations offered in this unusual book will be extremely useful to thoughtful Christians to those responsible for giving spiritual direction and also to Buddhist sympathizers who will be intrigued and pleased to see familiar contemplations handled so skillfully by a former Buddhist practitioner who has gratefully learned so much from her former religion and now introduces the riches of that tradition to her fellow Christians

Buddhist-Christian Dual Belonging Gavin D'Costa, Ross Thompson, 2017-05-15 A growing number of people describe themselves as both Buddhist and Christian but does such a self description really make sense Many people involved in inter faith dialogue argue that this dialogue leads to a mutually transformative process but what if the transformation reaches the point where the Buddhist or Christian becomes a Buddhist Christian Does this represent a fulfilment of or the undermining of dialogue Exploring the growing phenomenon of Buddhist Christian dual belonging a wide variety of authors including advocates sympathisers and opponents from both faiths focus on three key questions Can Christian and Buddhist accounts and practices of salvation or liberation be reconciled Are Christian theism and Buddhist non theism compatible And does dual belonging inevitably distort the essence of these faiths or merely change its cultural expression Clarifying different ways of justifying dual belonging contributors offer criticisms of dual belonging from different religious perspectives Theravada Buddhist Evangelical Reformed and Roman Catholic and from different methodological approaches Four chapters then carry the discussion forward suggesting ways in which dual belonging might make sense from Catholic Theravada Buddhist Pure land Buddhist and Anglican perspectives The conclusion clarifies the main challenges emerging for dual believers and the implications for interreligious dialogue

Buddhist-Christian Dialogue as Theological Exchange Ernest M. Valea, 2015-04-14 This book is intended to encourage the use of comparative theology in contemporary Buddhist Christian dialogue as a new approach that would truly respect each religious tradition s uniqueness and make dialogue beneficial for all participants interested in a real theological

exchange As a result of the impasse reached by the current theologies of religions exclusivism inclusivism and pluralism in formulating a constructive approach in dialogue this volume assesses the thought of the founding fathers of an academic Buddhist Christian dialogue in search of clues that would encourage a comparativist approach These founding fathers are considered to be three important representatives of the Kyoto School Kitaro Nishida Keiji Nishitani and Masao Abe and John Cobb an American process theologian The guiding line for assessing their views of dialogue is the concept of human perfection as it is expressed by the original traditions in Mahayana Buddhism and Orthodox Christianity Following Abe's methodology in dialogue an Orthodox contribution to comparative theology proposes a reciprocal enrichment of traditions not by syncretistic means but by providing a better understanding and even correction of one's own tradition when considering it in the light of the other while using internal resources for making the necessary corrections
