The Taking of Pelham 123 (video). ,1974 The Taking of Pelham 123 John Godey,1973 **Tony Scott** Larry Taylor,2019-01-17 Tony Scott got his start as a film director when he joined his brother at the lucrative commercial directing company Ridley Scott Associates After directing Top Gun his second film which changed not only the trajectory of his own life but of the entire action movie industry Scott s career would be a roller coaster of blockbuster hits personal films and confounding failures With extensive research and original interviews with actors cinematographers and writers this book documents Tony Scott s larger than life persona from his early days to his untimely death which left a hole in genre filmmaking yet to be filled **Media and Crime in the U.S.** Yvonne Jewkes,Travis Linnemann,2017-07-27 The rise of mobile and social media means that everyday crime news is now more immediate more visual and more democratically produced than ever Offering new and innovative ways of understanding the relationship between media and crime Media and Crime in the U S critically examines the influence of media coverage of crimes on culture and identity in the United States and across the globe With comprehensive coverage of the theories research and key issues acclaimed author Yvonne Jewkes and award winning professor Travis Linnemann have come together to shed light on some of the most troubling questions surrounding media and crime today *If You Like Quentin Tarantino...* Katherine Rife,2012-10-01 If You Like If You Like Quentin Tarantino draws on over 60 years of cinema history to crack the Tarantino code and teach readers to be confidently conversant in the language of the grindhouse and the drive in What fans love about director Quentin Tarantino is the infectious enthusiasm that s infused into every frame of his films And Tarantino films lend themselves exceptionally well to reference and recommendation because each itself is a dense collage of references and recommendations Spaghetti westerns blaxploitation revenge sagas car chase epics samurai cinema film noir kung fu slasher flicks war movies and today s neo exploitation explosion There s an incredible range of vibrant and singularly stylish films to discover If You Like Quentin Tarantino is an invitation to connect with a cinematic community dedicated to all things exciting outrageous and unapologetically badass **The Cinema of Urban Crisis** Lawrence Webb,2025-10-01 In the 1970s cities across the United States and Western Europe faced a deep social and political crisis that challenged established principles of planning economics and urban theory At the same time film industries experienced a parallel process of transition the effects of which rippled through the aesthetic and narrative form of the decade s cinema The Cinema of Urban Crisis traces a new path through the cinematic legacy of the 1970s by drawing together these intertwined histories of urban and cultural change Bringing issues of space and place to the fore the book unpacks the geographical and spatial dynamics of film movements from the New Hollywood to the New German Cinema showing how the crisis of the seventies and the emerging postindustrial economy brought film and the city together in new configurations Chapters cover a range of cities on both sides of the Atlantic from New York Philadelphia and San Francisco to London Paris and Berlin Integrating analysis of film industries and

production practices with detailed considerations of individual texts the book offers strikingly original close analyses of a wide range of films from New Hollywood *The Conversation* *The King of Marvin Gardens* *Rocky* to European art cinema *Alice in the Cities* *The Passenger* *Tout va Bien* and popular international genres such as the political thriller and the crime film Focusing on the aesthetic and representational strategies of these films the book argues that the decade s cinema engaged with and helped to shape the passage from the urban crisis of the late sixties to the neoliberal urban renaissance of the early eighties Splicing ideas from film studies with urban geography and architectural history the book offers a fresh perspective on a rich period of film history and opens up new directions for critical engagement between film and urban studies
