A. James,2016-08-29 How champions think is what makes their paths master trends in a world of constant change a globe without a wall giving room for transitional leadership Every day new discoveries keep swallowing old and new generations keep overtaking existing histories making new giants to keep emerging There is a power of hidden potential in every man but little minds focus on what happens average focus on how things happen great minds focus on why things happen making them to unleash the hidden power within Every dream that will see the light of the day must be exposed to new possibility thinking No matter the shape color and size of your dream today all you need to achieve it is your thinking habit no road is not no way after all Life is like dropping with a parachute if you just hang there in fate and enjoy the cool breeze and the shade from the sun while complaining about the loneliness it will take you where the wind of life blows in the ocean of hopelessness wilderness of confusion desert of dejection or valley of past failures You must take charge of your life by trading the power of your thoughts When you throw down a tennis ball with force it bounces back with the same energy only that it rises higher but when you throw down a glass cup it shatters on the ground and scatters in pieces flung here and there What happens No energy to bounce up No There is energy but that had

been used to scatter the pieces here and there The energy in your failure is the lessons and the experience Now you know how it is not going to work Now you are a coach in the making To every action of falling there will be an equal and opposite reaction this could be a reaction of bouncing up or rolling on the ground or shattering in pieces But be sure this book will remold your mentality to leap forward despite the odds This master piece will take you through on how to Grow your courage again with hope Live your best life by the energy of creative and constructive thinking See purpose for your past potentials in your now and dreams for your future Put up a possibility life by engaging the power of faith talents and idea Process your failure for future success Sermons of Faith Peggy Elliott Teague,2011-02-22 *More Than Existing* Corrie

Thorne,2020-07-28 *More Than Existing* is a story of love and healing as Corrie shares her struggles and pain narrated through the eyes and memories of the woman she is today along with the Divine channels that walk alongside her Through learning to revisit and truly see through the eyes of others including the so called enemies she released the energy tied to being a victim and instead transmuted the trauma and pain into an energy of love She is no longer defined by the past and has learned to truly see her worth value and importance of establishing clear boundaries as she now walks a path of *More Than Existing* The journey from arriving here in human form to becoming the woman she is today has not been easy but it has been worth every step Readers will see themselves walking through their own stories looking through new eyes and applying the wisdom and knowledge shared by Corrie in learning to take ownership and responsibility for their life This is a healing journey when one allows themselves to receive the messages and blessings embedded within every page Corrie has developed a complete self actualization coaching program based on the principles of learning to live a life of *More Than Existing* Her deepest wish is for readers to know that they are worthy and deserve to find happiness and joy by first understanding that this is found within each of us and not within the approval or acceptance so often sought from others
