13 Ideas That Are Transforming the Community College World Terry U. O'Banion, 2019-03-15 America's community colleges are experiencing the most creative and substantive period of transformation in their 118 year history. There has never been so much research so much support from foundations and so much commitment from national leaders to reimagine community colleges for today and for the future. 13 Ideas that Are Transforming the Community College World edited by Terry U. O'Banion is the seminal work that captures the major ideas faced by community college leaders in this period of transformation. The book includes 23 authors representing 12 national organizations perhaps the most significant and substantive list of individuals ever to participate in an edited book on the community college. Each author is a nationally recognized authority on his or her chapter and all have played major roles as leaders of national organizations.

Reinventing the Open Door Gunder Myran, Gunder A. Myran, 2009-12 Offers a new broader model of the open door philosophy of community colleges to better serve an increasingly diverse student population by not only ensuring access to higher education but also by ensuring success a campus environment of inclusiveness and the colleges engagement with the communities they serve. Taking a Big Picture Look @ Technology, Learning, and the Community College Mark David Milliron, Cindy L. Miles, 2000 This book describes trends in technology and learning that are influencing community colleges. Chapter 1 presenting results from a 3 year 700 college study concludes that colleges will become more learning centered find it difficult to maintain services and open access as student demands increase and resources shrink form more partnerships offer more remedial education and be subject to more accountability mandates. In chapter 2 lessons from Maricopa County Community College Arizona indicate that educators must critique envision and create rather than just buy technology to meet the needs of the learner. Chapters 3 4 and 5 examine administrative faculty and student services strategies that make use of emerging technologies. Chapter 6 describes user support models based on survey responses from 114 colleges. Chapter 7 details attributes of successful computer based instructional programs that serve basic skills students. Chapter 8 traces the development of distance learning and its emerging role in instructional programs. Chapter 9 explores changes in culture policies practices and other essential college characteristics that accompany changes in technology. Chapter 10 describes technology driven marketing strategies that help recruit students secure funding and enhance the institution's image. Chapter 11 explores the impact of the Internet on higher education. Contains 52 figures 221 references and 6 survey forms. PGS
