Tales Of The Iroquois Volumes 1 :

Weird Tales, Volume 1, Number 1, March 1923 The Unique Magazine Various,2022-10-13 Excerpt Tales of horror or goose flesh stories are commonly shunned by magazine editors Few if any will consider such a story no matter how interesting it may be They believe that the public doesn't want this sort of fiction We however believe otherwise We believe there are tens of thousands perhaps hundreds of thousands of intelligent readers who really enjoy goose flesh stories Hence WEIRD TALES *Picturesque America. Volume 1. Part 2* William Bryant,2019-05-20 Picturesque America was a two volume set of books describing and illustrating the scenery of America which grew out of an earlier series in Appleton and s Journal It was published by D Appleton and Company of New York in 1872 and 1874 and edited by the romantic poet and journalist William Cullen Bryant and 1794 1878 and who also edited the New York Evening Post The layout and concept was similar to that of Picturesque Europe The work and s essays together with its nine hundred wood engravings and fifty steel engravings are considered to have had a profound influence on the growth of tourism and the historic preservation movement in the United States

The Origin of Table Manners Claude Lévi-Strauss,1990-11-08 The Origin of Table Manners is the third volume of a tetralogy devoted to American Indian mythology Unlike the first two volumes The Raw and the Cooked From Honey to Ashes which are devoted to South American myths the present one establishes relations with North America which is the subject of the fourth The Naked Man In the course of the analysis the myths link up with ideas of more general interest Thus we find

discussions of numeration of morals and of the origin of the novel The Origin of Table Manners is thus of special interest to students of American Indian mythology although it contains ideas of interest to other fields and even to the general reader Daniel C Raffalovich American Anthropologist An immense anthropological erudition is here wielded by one of the world s finest minds and the myths themselves have never been taken more seriously L vi Strauss raises issues and then resolves them with the suspenseful cunning of a mystery novelist John Updike New Yorker Trübner's American and Oriental Literary Record ,1869 A monthly register of the most important works published in North and South America in India China and the British colonies with occasional notes on German Dutch Danish French Italian Spanish Portuguese and Russian books **Children's Catalog of Two Thousand Books** H.W.
