Tales of the Natural and Supernatural Mario Pei, 1971 Fourteen creative and entertaining stories of medieval lore eerie suspense and futuristic intrigue by a contemporary linguist and master of language Natural and Supernatural Tales Paul Baker, 2018-03-29 A collection of eclectic tales some of which are Natural easy to believe the tale occurred exactly as described Other tales involve Supernatural events Some Supernatural tales occurred exactly as described In some cases the author completed an incomplete tale And no the author does not reveal which parts of tales are fiction All the tales examine the spiritual side of reality **Chicorel Index to Short Stories in Anthologies and Collections** ,1974 **A Trip to the Country** Henriette-Julie de Castelnau, 2011-09-15 Translates an important example of late seventeenth century French hybrid experimental fiction that provided the primary literary backdrop for the first French fairy tales Popular with the worldly aristocracy late seventeenth century experimental novels like the Countess de Murat's *Voyage de campagne* *A Trip to the Country* were published in small format widely circulated and reprinted more frequently than any other type of fiction both in France and abroad Murat's hybrid work built around a humorous frame narrative details a trip to a pristine country estate taken by seven Parisian aristocrats and contains interpolated examples of the period's most popular literary forms including seven ghost stories seven autobiographical anecdotes one literary fairy tale one rondeau two gallant poems two love letters and eleven proverb comedies In this translation of *A Trip to the Country* editors Perry Gethner and Allison Stedman present the entire work in the English language for the first time The editors follow the original 1699 edition as closely as possible to preserve the syntax word choice and other lively readable qualities that were appreciated by the novel's first readers Modern readers will value the editors' extensive footnotes to the text that offer additional definitions historical referents and notes on form and structure An extensive introduction by Allison Stedman also draws connections between the late seventeenth century experimental novel and the rise of the literary fairy tale genre in France to provide a valuable context for students and scholars of the field Gethner and Stedman offer an accessible and informative translation of *A Trip to the Country* that will appeal to students and teachers of fairy tale studies and those interested in the history of French literature **Fairy Tales, Natural History and Victorian Culture** Laurence Talairach-Vielmas, 2015-12-04 *Fairy Tales Natural History and Victorian Culture* examines how literary fairy tales were informed by natural historical knowledge in the Victorian period as well as how popular science books used fairies to explain natural history at a time when nature became a much debated word Tradition and Fantasy in the Tales of Reb Nahman of Bratslav Ora Wiskind-Elper, 2012-02-01 One of the most radically innovative of Hasidic masters Reb Nahman of Bratslav transformed images and concepts basic to Jewish thought into new and compelling forms *Tradition and Fantasy in the Tales of Reb Nahman of Bratslav* uses comparative literary criticism a range of Hasidic commentary and original exegesis of the source texts to bring the complex artistry of Reb Nahman's thought to light making it accessible to a wider audience **Ghosts and the Gothic** Ruth Heholt, Joanne Ella

Parsons, 2025-09-16 Ghosts have long been connected with the Gothic but until now there has not been a book dedicated to the subject This collection examines ghostly presences and absences in both classic and lesser known Gothic texts from the beginning of the genre to the present in a global context Arguing that the undead in the form of ghosts are intrinsic to the Gothic mode essays in the collection question the place of manifested spirits The Gothic has always been political and essays in this collection examine some of the most relevant issues facing us today from the destruction of the natural environment to questions of freedom to gender politics *Spirits of the Wild: Paranormal Phenomena in Nature* Vikki Strack, The call of the wild is a powerful force It beckons us to the untamed spaces to the places where the earth breathes its ancient breath But within those wild spaces there lies another story a tale whispered on the wind carried by the rustling leaves and etched into the very fabric of the land It is the story of the spirits of the wild the unseen forces that linger in the shadows the echoes of the past that linger long after their physical forms have faded This book is a journey into that world of whispers and shadows an exploration of the paranormal phenomena that haunt the natural world It is a testament to the power of folklore the tales passed down through generations weaving together the fabric of our understanding of the world It is a testament to the enduring mystery of nature the secrets that lie hidden in the twilight the unseen forces that shape our world In these pages we will venture into the heart of haunted forests where the air is thick with the scent of decay and the sound of whispers We will encounter the spectral animals that prowl the wilderness the ghosts of creatures that once roamed free We will uncover the eerie legends that cling to ancient trails the tales of spirits bound to the land This is not a book for the faint of heart It is a journey into the realm of the unknown where the boundaries between the real and the unreal blur It is a book for those who are willing to question to explore and to embrace the mystery that lies within nature's embrace **American Literature, 1607-1885** Charles Francis Richardson, 1888 Nature's Mysteries Alfred Percy Sinnett, 1901
