Talkin' Moscow Blues:

Talkin' Moscow Blues Josef Škvorecký, 1990 **Talkin' Moscow Blues** Josef Škvorecký, Sam Solecki, 1989-01 This collection of author Josef Skvorecky's essays, reviews and interviews includes deeply personal stories about the people and events that have shaped his beliefs and his writing. Included are his views on the nature of art, politics, freedom, writers and film makers *Cross the Water Blues* Neil A. Wynn, 2010-02-09 Contributions from Christopher G. Bakriges, Sean Creighton, Jeffrey Green, Leighton Grist, Bob Groom, Rainer E. Lotz, Paul Oliver, Catherine Parsonage, Iris Schmeisser, Roberta Freund, Schwartz, Robert Springer, Rupert Till, Guido van Rijn, David Webster, Jen Wilson and Neil A. Wynn. This unique collection of essays examines the flow of African American music and musicians across the Atlantic to Europe from the time of slavery to the twentieth century. In a sweeping examination of different musical forms—spirituals, blues, jazz, skiffle and orchestral music—the contributors consider the reception and influence of black music on a number of different European audiences, particularly in Britain but also France, Germany and the Netherlands. The essayists approach the subject through diverse historical, musicological and philosophical perspectives. A number of essays document little-known performances and recordings of African American musicians in Europe. Several pieces, including one by Paul Oliver, focus on the appeal of the blues to British listeners. At the same time, these considerations often reveal the ambiguous nature of European responses to black music and, in so doing, add to our knowledge of transatlantic race relations.

The Nonconformists Brian K. Goodman, 2023-06-20 How risky encounters between American and Czech writers behind the Iron Curtain shaped the art and politics of the Cold War and helped define an era of dissent. In some indescribable way, we are each other's continuation. Arthur Miller wrote of the imprisoned Czech playwright Václav Havel: After a Soviet-led invasion ended the Prague Spring, many US-based writers experienced a similar shock of solidarity. Brian Goodman examines the surprising and consequential connections between American and Czech literary cultures during the Cold War—connections that influenced art and politics on both sides of the Iron Curtain. American writers had long been attracted to Prague, a city they associated with the spectral figure of Franz Kafka. Goodman reconstructs the Czech journeys of Allen Ginsberg, Philip Roth and John Updike, as well as their friendships with nonconformists like Havel, Josef Skvorecký, Ivan Klíma and Milan Kundera. Czechoslovakia meanwhile was home to a literary counterculture shaped by years of engagement with American sources, from Moby Dick and the Beats to Dixieland jazz and rock n' roll. Czechs eagerly followed cultural trends in the United States, creatively appropriating works by authors like Langston Hughes and Ernest Hemingway, sometimes at considerable risk to themselves. *The Nonconformists* tells the story of a group of writers who crossed boundaries of language and politics, rearranging them in the process. The transnational circulation of literature played an important role in the formation of new subcultures and reading publics, reshaping political imaginations and transforming the city of Kafka into a global capital of dissent. From the postwar dream of a Czechoslovak road to socialism to the neoconservative embrace of Eastern bloc dissidence on the eve of the Velvet

Revolution history was changed by a collision of literary cultures **Civic Jazz** Gregory Clark, 2015-02-25 Jazz is born of collaboration improvisation and listening In much the same way the American democratic experience is rooted in the interaction of individuals It is these two seemingly disparate but ultimately thoroughly American conceits that Gregory Clark examines in *Civic Jazz* Melding Kenneth Burke's concept of rhetorical communication and jazz music's aesthetic encounters with a rigorous sort of democracy this book weaves an innovative argument about how individuals can preserve and improve civic life in a democratic culture Jazz music Clark argues demonstrates how this aesthetic rhetoric of identification can bind people together through their shared experience in a common project While such shared experience does not demand agreement indeed it often has an air of competition it does align people in practical effort and purpose Similarly Clark shows Burke considered Americans inhabitants of a persistently rhetorical situation in which each must choose constantly to identify with some and separate from others Thought provoking and path breaking Clark's harmonic mashup of music and rhetoric will appeal to scholars across disciplines as diverse as political science performance studies musicology and literary criticism **Profiles in Canadian Literature** 7 Jeffrey M. Heath, 1991-09-01 Profiles in Canadian Literature is a wide ranging series of essays on Canadian authors Each profile acquaints the reader with the writer's work providing insight into themes techniques and special characteristics as well as a chronology of the author's life Finally there is a bibliography of primary works and criticism that suggests avenues for further study I know of no better introduction to these writers and the studies in question are full of basic information not readily obtainable elsewhere U of T Quarterly *Through a Screen Darkly* Martha Bayles, 2014-01-21 How the vulgarization of American popular culture has distorted the image of the United States for millions of people around the world Francis Fukuyama New York Times bestselling author What does the world admire most about America Science technology higher education consumer goods but not it seems freedom and democracy Indeed these ideals are in global retreat for reasons ranging from ill conceived foreign policy to the financial crisis and the sophisticated propaganda of modern authoritarians Another reason explored for the first time in this pathbreaking book is the distorted picture of freedom and democracy found in America's cultural exports In interviews with thoughtful observers in eleven countries Martha Bayles heard many objections to the violence and vulgarity pervading today's popular culture But she also heard a deeper complaint namely that America no longer shares the best of itself Tracing this change to the end of the Cold War Bayles shows how public diplomacy was scaled back and in your face entertainment became America's de facto ambassador This book focuses on the present and recent past but its perspective is deeply rooted in American history culture religion and political thought At its heart is an affirmation of a certain ethos of hope for human freedom tempered with prudence about human nature that is truly the aspect of America most admired by others And its author's purpose is less to find fault than to help chart a positive path for the future An extremely intelligent mix of reporting analysis and policy prescription Robert Asahina author of *Just Americans* Informative witty and thought provoking Peter L Berger author of

Invitation to Sociology **Notable Americans of Czechoslovak Ancestry in Arts and Letters and in Education**

Miloslav Rechcigl Jr., 2021-11-02 As pointed out in my last two publications no comprehensive study has been undertaken about the American Learned Men and Women with Czechoslovak roots The aim of this work is to correct this glaring deficiency with the focus on immigration from the period of mass migration and beyond irrespective whether they were born in their European ancestral homes or whether they have descended from them Whereas in the two mentioned monographs the emphasis has been on scholars and social and natural scientists and men and women in medicine applied sciences and engineering respectively the present compendium deals with notable Americans of Czechoslovak ancestry in arts and letters and in education With respect to women although most professional fields were closed to them through much of the nineteenth century the area of arts and letters was opened to them as noted earlier and as this compendium authenticates
