The Threshold Covenant Henry Clay Trumbull, 1896 **Nature Spirits of the Trees and What They Want to Tell Us** Verena Stael von Holstein, 2019-11-06 People often ask us about the best way to come close to nature and the beings enchanted within it One way to do so is through wonder and astonishment to open our senses fully to nature s beauty and wisdom And here we can encounter entities that most closely resemble human beings the trees Verena has learned to communicate with elemental and nature beings and to translate their language into terms we can understand In her remarkable book Nature Spirits and What They Say she conversed with a range of beings including spirits of fire air water and stone In this new volume we hear from trees the nature spirits that in many ways are most similar to human beings Through Verena s remarkable clairvoyant abilities conversations with different tree species such as sweet cherry rowan elm and common oak are relayed These communications reveal compelling insights into the role of trees within the natural world and their relationships with the vegetable animal human and spirit kingdoms Particular emphasis is placed on the characteristics of trees that correspond with qualities of the human soul such as the oak s connection to individualism The tree spirits want to speak and are responsive all kinds of questions such as their roles in the landscape their specific shapes on problems that affect them in particular and on urgent issues that are relevant to all beings on earth such as climate change The interviews disclose beautiful fascinating and often challenging insights offering inspiration to help us build more

constructive relationships to these wonderful entities **Feeding a Thousand Souls** Vijaya Nagarajan,2019 Every day millions of Tamil women in southeast India wake up before dawn to create a kolam an ephemeral ritual design made with rice flour on the thresholds of homes businesses and temples This thousand year old ritual welcomes and honors Lakshmi the goddess of wealth and alertness and Bhudevi the goddess of the earth Created by hand with great skill artistry and mathematical precision the kolam disappears in a few hours borne away by passing footsteps and hungry insects This is the first comprehensive study of the kolam in the English language It examines its significance in historical mathematical ecological anthropological and literary contexts The culmination of Vijaya Nagarajan s many years of research and writing on this exacting ritual practice Feeding a Thousand Souls celebrates the experiences thoughts and voices of the Tamil women who keep this tradition alive *Travels on the Northern Path of Initiation* Are Thoresen,2021-11-10 In March 2020 Are Thoresen contracted Covid 19 Whilst convalescing from the disease and suffering great exhaustion he experienced a breakthrough in his daily meditation Although he has always been able to see into the spiritual world now deeper unknown realms appeared to his inner vision In the soapstone surround of the fireplace in his Norwegian home he perceived the elemental beings and forces that make up the mineral at an atomic level A few days later an even deeper dimension revealed itself in the form of a void or vacuum Here astonishingly was an open portal to the entire cosmos In *Travels on the Northern Path of Initiation* Thoresen shares the results of his latest spiritual investigations including a moving life changing encounter with the Light of the World He details the teachings he receives from the beings Vidar and Balder who stand as guardians to the threshold of the outer etheric world and characterizes the Northern way of initiation which is based on merging or fading into nature Thoresen documents Rudolf Steiner s descriptions of this path and shows how it is reflected in the Old Norse Poetic Edda the Kalevala and von Eschenbach s Parzival Based on painstaking research he describes the individual qualities of the three elemental realms and how the adversarial forces seeking to corrupt human senses hinder spiritual observation of them Thoresen s book is a powerful personal testimony to the human potential for spiritual knowledge and experience in our time **Anthroposophy and the Philosophy of Freedom** Sergei O. Prokofieff,2009 I asked Rudolf Steiner What will remain of your work thousands of years from now He replied Nothing but The Philosophy of Freedom But everything else is contained in it If one realizes the act of freedom described there one can discover the whole content of Anthroposophy Walter Johannes Stein Some people s path to Anthroposophy leads them directly to Rudolf Steiner s early work *Intuitive Thinking* as a Spiritual Path A Philosophy of Freedom which becomes the philosophical basis for further exploration Steiner referred to this as a safe approach However the destiny of many leads them directly to Anthroposophy itself perhaps through one of its practical initiatives such as Waldorf education or biodynamics sometimes making it difficult to relate to the cognitive basis of Anthroposophy In this unique study Prokofieff offers a fresh approach to Steiner s crucial book *Intuitive Thinking* as a Spiritual Path He shows why the book is so important to Anthroposophy as the work in which Steiner lays a foundation for his

method of spiritual research In Steiner's own words One who is willing can indeed find the basic principles of Anthroposophy in my Philosophy of Freedom Prokofieff discusses the Christian nature of the anthroposophic means of cognition and how it is integral to freedom and love This in turn reveals the deeply Christian roots of Intuitive Thinking as a Spiritual Path and its importance for modern Christian esoteric work In considering its multifaceted cosmic and human dimension Prokofieff discusses Intuitive Thinking as a Spiritual Path in relation to the mystery of the Resurrection the work of the hierarchies the being Anthroposophia the Fifth Gospel Steiner's path of initiation the Rosicrucian and Michaelic impulses the life between death and rebirth the Foundation Stone the Christian mysteries of karma and the science of the Grail The Aurelian Destiny Pasquale De Marco,2025-05-09 The Aurelian Destiny is a book about the hero's journey It is a journey that we all take regardless of our age gender or background It is a journey of self discovery and growth The hero's journey is not always easy We will face challenges and obstacles along the way But if we persevere we will emerge from the journey stronger and wiser than before Pasquale De Marco draws on the stories of great heroes from history and mythology to illustrate the different stages of the hero's journey He shows us how these heroes faced their challenges and how they emerged victorious The Aurelian Destiny is a book that will inspire you to embark on your own hero's journey It is a journey that will lead you to a deeper understanding of yourself and the world around you It is a journey that will help you to become the best that you can be In The Aurelian Destiny you will learn about The call to adventure The challenges and obstacles we face on our journey The rewards of the journey How to integrate the lessons of the journey into our lives The Aurelian Destiny is a book that will stay with you long after you finish reading it It is a book that will inspire you to live your life to the fullest If you like this book write a review on google books **Start Now!** Rudolf Steiner,2004 Start Now offers an extensive and representative sample of Steiner's spiritual instructions and meditative practices including meditation instructions mantric verses daily weekly and monthly practices for the development of soul qualities karmic exercises and meditations for working with the dead the angelic hierarchies and our guardian angel *Knowledge of the Higher Worlds and Its Attainment* Rudolf Steiner,2007 Knowledge Of the Higher Worlds And Its Attainment By Rudolf Steiner Originally published in 1938 Many of the earliest books particularly those dating back to the 1900s and before are now extremely scarce and increasingly expensive Obscure Press are republishing these classic works in affordable high quality modern editions using the original text and artwork Contents include How is Knowledge of the Higher World Attained The Stages of Initiation Some Practical Aspects The conditions of Esoteric Training Some Results of Initiation The Transformation of Dream Life The Continuity of Consciousness The Partition of Human Personality During Spiritual Training The Guardian of the Threshold The Great or Second Guardian of the Threshold **Controversies and Interdisciplinarity** Jens Allwood,Olga Pombo,Clara Renna,Giovanni Scarafile,2020-10-15 Nowadays the forms assumed by knowledge indicate an unhinging of traditional structures conceived on the model of discipline Consequently what was once strictly disciplinary becomes interdisciplinary

what was homogeneous becomes heterogeneous and what was hierarchical becomes heterarchical When we look for a matrix of interdisciplinarity that is to say a primary basis or an essential dimension of all the complex phenomena we are surrounded by we see the need to break with the disciplinary self restraint in which often completely inadvertently many of us lock ourselves up remaining anchored to our own competences ignoring what goes beyond our own sphere of reference However interdisciplinarity is still a vague concept and a much demanding practice It presupposes the continuous search for convergent theoretical perspectives and methodologies and the definition of common spaces and languages as well as a true dialogical and open mind of several scholars From ethics to science from communication to medicine from climate change to human evolution the volume Controversies and Interdisciplinarity offers a series of original insights beyond disciplinary fragmentation for a new knowledge model
