A Guide to Non-Jazz Improvisation: Guitar Edition Dick Weissman, Dan Fox, 2010-12-29 The non jazz improvisation series is a concept that germinated in Dick Weissman s mind while he was attending music school He wrote a 15 piece arrangement of the old square dance tune Cripple Creek and wanted the trombone to take a solo as part of the arrangement When the trombonist kept playing a bebop solo that was totally unsuitable for the chart Dick realized that in addition to the many musicians who do not improvise there are even jazz musicians who don t know how to improvise outside the limits of their own stylistic backgrounds Fingerstyle and flatpicking techniques demonstrate the use of the guitar as an incredibly versatile instrument that holds its own in a variety of musical genres Various guitar tunings are included All examples are written out in traditional and tablature notation
