Nechtman, 2018-09-13 Pitcairn a tiny Pacific island that was refuge to the mutineers of HMAV Bounty and home to their descendants later became the stage on which one imposter played out his influential vision for British control over the nineteenth century Pacific Ocean Joshua W Hill arrived on Pitcairn in 1832 and began his fraudulent half decade rule that has until now been swept aside as an idiosyncratic moment in the larger saga of Fletcher Christian s mutiny against Captain Bligh and the mutineers unlikely settlement of Pitcairn Here Hill is shown instead as someone alert to the full scope and power of the British Empire to the geopolitics of international imperial competition to the ins and outs of naval command the vicissitudes of court politics and as such to Pitcairn s symbolic power for the British Empire more broadly **Going Places** Robert Burgin, 2013-01-08 Successfully navigate the rich world of travel narratives and identify fiction and nonfiction read alike with this detailed and expertly constructed guide Just as savvy travelers make use of guidebooks to help navigate the hundreds of countries around the globe smart librarians need a guidebook that makes sense of the world of travel narratives

Facing the Pacific Jeffrey A. Geiger, 2007-04-30 The enduring popularity of Polynesia in western literature art and film attests to the pleasures that Pacific islands have over the centuries afforded the consuming gaze of the west connoting solitude release from cares and more recently self-renewal away from urbanized modern life Facing the Pacific is the first study to offer a detailed look at the United States' intense engagement with the myth of the South Seas just after the First World War when at home a popular vogue for all things Polynesian seemed to echo the expansion of U.S. imperialist activities abroad Jeffrey Geiger looks at a variety of texts that helped to invent a vision of Polynesia for U.S. audiences focusing on a group of writers and filmmakers whose mutual fascination with the South Pacific drew them together and would eventually drive some of them apart Key figures discussed in this volume are Frederick O'Brien author of the bestseller *White Shadows in the South Seas* filmmaker Robert Flaherty and his wife Frances Hubbard Flaherty who collaborated on *Moana* director W.S. Van Dyke who worked with Robert Flaherty on MGM's adaptation of *White Shadows* and Expressionist director F.W. Murnau whose last film *Tabu* was co-directed with Flaherty

Migrations Rod Edmond, 2013 Traces the journeys of his Scottish forebears as they separately made their way to New Zealand The migration story begins with Charles Murray leaving Aberdeenshire in 1884 to become a missionary on the island of Ambrym On the other side of Scotland Catherine McLeod and her family had already abandoned their small coastal croft and sailed for Tasmania Back cover

Happiness Across Cultures Helaine Selin, Gareth Davey, 2012-02-29 Different cultures experience happiness differently Traditionally the West is considered materialistic and

happiness is said to come from achievement and acquisition The East is said to be more people oriented where happiness is a result of deep personal interactions Thus poor people can be happier in the East than the West because they are not so concerned with possession and more with society This book considers happiness and quality of life in non Western countries and cultures Its coverage is diverse and spans the breadth of the non Western world revealing unique perspectives of happiness and life quality embedded in rich cultural traditions and histories *Tales from the Torrid Zone* Alexander Frater,2011-06-15 Alexander Frater was born to a family of Scottish expatriates on the tiny island of Irikiki in the South Seas Following his dreams of being a writer Frater left home but the call of the tropics compelled him to return again and again Join him as he dines with the Queen of Tonga makes his way through two civil wars visits the spots where surfing and bungee jumping originated and expresses his love for the region where he is at once a tourist explorer adventurer and native son From Tahiti to Thailand Mexico to Mozambique Frater gives us a richly described endlessly surprising picture of this diverse feverish languorously beautiful world *Sea Kayaking* John Dowd,2015-04-20 Sea Kayaking covers the basics of equipment and technique including types of paddles and strokes as well as such essential skills as how to read the weather and the water how to navigate with and without GPS and how to travel with a group Still regarded as the bible for both new and experienced kayakers after more than thirty years in print Drawing on his many years of experience paddling in all climates John Dowd presents practical advice on dealing with potential hazards from surf to sea ice to sharks carrying out rescues and planning for long distance expeditions New for this edition are hints about digital technologies for planning and navigating while kayak touring as well as lots of tips for outfitting boats adapting equipment and finessing fishing technique while kayak angling whether casting and jigging for fun on a day trip or trolling for dinner on a longer expedition Also fully updated are the sections on managing risk and the inspiring stories of adventure including Freya Hoffmeister s record breaking circumnavigation of Australia and Japanese paddlers increasingly challenging trips around the islands and beyond As a sport sea kayaking continues to evolve Once the sport of a very few long distance paddlers embarking on international expeditions then the recreational pursuit of many weekend tourers sea kayaking is now popular with many day trippers as well As more and more paddlers take to the water for the day the weekend or many months this classic guide continues to be required reading for those seeking adventure on the open ocean **Travel Writing from Black Australia** Robert Clarke,2015-11-19 Over the past thirty years the Australian travel experience has been Aboriginalized Aboriginality has been appropriated to furnish the Australian nation with a unique and identifiable tourist brand This is deeply ironic given the realities of life for many Aboriginal people in Australian society On the one hand Aboriginality in the form of artworks literature performances landscapes sport and famous individuals is celebrated for the way it blends exoticism mysticism multiculturalism nationalism and reconciliation On the other hand in the media cinema and travel writing Aboriginality in the form of the lived experiences of Aboriginal people has been exploited in the service of moral panic patronized in the name of white benevolence or simply

ignored For many travel writers this irony the clash between different regimes of valuing Aboriginality is one of the great challenges to travelling in Australia Travel Writing from Black Australia examines the ambivalence of contemporary travelers engagements with Aboriginality Concentrating on a period marked by the rise of discourses on Aboriginality championing indigenous empowerment self determination and reconciliation the author analyses how travel to Black Australia has become for many travelers a means of discovering new and potentially transformative styles of interracial engagement The Wide Wide Sea Hampton Sides, 2025-05-27 NEW YORK TIMES BESTSELLER A thrilling and superbly crafted The Wall Street Journal account of the most momentous voyage of the Age of Exploration which culminated in Captain James Cook's death in Hawaii and left a complex and controversial legacy still debated to this day One of The New York Times Book Review's 10 Best Books of the Year A BEST BOOK OF THE YEAR THE NEW YORK TIMES TIME THE ECONOMIST NPR THE NEW YORKER THE SMITHSONIAN AND KIRKUS REVIEWS In this masterly history Sides tracks the 18th century English naval officer James Cook's third and final voyage across the globe painting a vivid and propulsive portrait The New York Times Book Review On July 12th 1776 Captain James Cook already lionized as the greatest explorer in British history set off on his third voyage in his ship the HMS Resolution Two and a half years later on a beach on the island of Hawaii Cook was killed in a conflict with native Hawaiians How did Cook who was unique among captains for his respect for Indigenous peoples and cultures come to that fatal moment Hampton Sides bravura account of Cook's last journey both wrestles with Cook's legacy and provides a thrilling narrative of the titanic efforts and continual danger that characterized exploration in the 1700s Cook was renowned for his peerless seamanship his humane leadership and his dedication to science On previous expeditions Cook mapped huge swaths of the Pacific including the east coast of Australia and initiated first European contact with numerous peoples He treated his crew well and endeavored to learn about the societies he encountered with curiosity and without judgment Yet something was different on this last voyage Cook became mercurial resorting to the lash to enforce discipline and led his two vessels into danger time and again Uncharacteristically he ordered violent retaliation for perceived theft on the part of native peoples This may have had something to do with his secret orders which were to chart and claim lands before Britain's imperial rivals could and to discover the fabled Northwest Passage Whatever Cook's intentions his scientific efforts were the sharp edge of the colonial sword and the ultimate effects of first contact were catastrophic for Indigenous people around the world The tensions between Cook's overt and covert missions came to a head on the shores of Hawaii His first landing there was harmonious but when Cook returned after mapping the coast of the Pacific Northwest and Alaska his exploitative treatment of the Hawaiians led to the fatal encounter At once a ferociously paced story of adventure on the high seas and a searching examination of the complexities and consequences of the Age of Exploration THE WIDE WIDE SEA is a major work from one of our finest narrative nonfiction writers **Blood Brothers** B. Lintner, 2016-04-30 From pirates singing Ricky Martin to mob hits carried out with samurai swords Bertil Lintner offers a fascinating look at organized crime

in the Asia Pacific Both Western and Asian pundits assert that shady deals are an Asian way of life Some argue that corruption and illicit business ventures gambling prostitution drug trafficking gun running oil smuggling are entrenched parts of the Asian value system Yet many Asian leaders maintain that their cities are safer than Sydney Amsterdam New York and Los Angeles Making use of expertise gained from twenty years of living in Asia Lintner exposes the role crime plays in the countries of the Far East In *Blood Brothers* he takes you inside the criminal fraternities of Asia examining these networks and their past histories in order to answer one question How are civil societies all over the world to be protected from the worst excesses of increasingly globalised mobsters

savage populations The cannibals raptors and smoke monsters that exist on the islands of popular culture aside the more than one million islands and islets on the planet are indeed small geological biological and cultural laboratories From Britain to Japan from the Galapagos to Manhattan this book roams the planet to provide the first global introduction to these waterlocked landforms Longtime island dweller Steven Roger Fischer shows that since time began islands have been one of the primary birthplaces for plants animals and proto humans These eyots of stone and sand whether in ocean lake or river fostered the human race and Fischer recounts how humanity then exploited these remarkable habitats as stepping stones to global dominion He explores island economics warfare and politics and he examines the role they have played in literature art and psychology At the same time he sparks our imagination with visions of islands from Atlantis to Tahiti Treasure Island to Hawaii Ultimately he reveals these isolated mini worlds are a measure of humankind itself An engaging account of the islets that have enriched lured terrified and inspired us Islands shines new light on these cradles of earth and human history
