**The Head Men** Warren Murphy, Richard Sapir, 1979      **Eternal Truth** Rear Admiral Joseph H. Miller, 2015-09-25 We must discover the real world All generations are struggling for truth Truth is our heritage and gift to the next generation so we must support education for all people Some generations have essentially halted progress and others are making progress only because of a few In our world we must proclaim religious and free speech The concept of human liberty is more than 4 000 years old and is repeated by Christ Himself We must dare to read think speak and write the truth Truth is not only violated by falsehood but also by silence Ignorance produces the work of monsters Ignorance is not bliss it is oblivion Ignorance is sin not innocence Man is what he believes coated by either truth or ignorance Truth demands a basic standard of living for the masses to ensure security and freedom for their development Man is master of his fate but he must seek the truth Truth is on the march and nothing can stop it      **Catalog of Copyright Entries. Third Series** Library of Congress. Copyright Office, 1979      Contemporary Authors New Revision Pamela Dear, 2000 In response to the escalating need for up to date information on writers Contemporary Authors New Revision Series brings researchers the most recent data on the world s most popular authors These exciting and unique author profiles are essential to your holdings because sketches are entirely revised and up to date and completely replace the original Contemporary Authors entries For your convenience a soft cover cumulative index is sent biannually      *British Warship Losses in the Modern Era* David Hepper, 2022-07-31 This important new reference work details all those ships and vessels of the Royal Navy large and small which were lost by accident or enemy action during the twentieth century from the end of the First World War to the last years of the century In all the fates of over 2 000 ships and small craft are covered from aircraft carriers and battleships to motor launches harbour tenders and tugs Those vessels hired or purchased for wartime service such as trawlers paddle steamers and yachts are also listed During wartime ships are lost it is their purpose to go in harm s way Hostile gunfire torpedoes and mines were established threats throughout the period while the increasing threat of air attack and the introduction of weapons employing new technology such as influence triggered mines homing torpedoes or air launched guided weapons added to the risks of operating in a hostile environment Ships operating in extremely hazardous conditions such as at Dunkirk in 1940 or Singapore in 1942 suffered heavy losses in brief concentrated conflicts but the long continuous campaigns such as the

Atlantic convoys or the constant need to sweep for mines also took their toll. Peacetime losses are dominated by submarine casualties demonstrating the dangerous character of that service. To this may be added the hazardous nature of the sea itself when ships are lost in heavy weather; sometimes human error or plain foolishness may play a part. The core of the book is taken up by those losses experienced during the Second World War, but peacetime losses and more recent conflicts such as the Falklands War of 1982 are included. Arranged chronologically, every entry notes the outline details of the vessel, identifies the Commanding Officer where known, and gives a full and often harrowing account of the circumstances of the loss and the number of casualties. The details come from extensive original research using primary source material wherever possible, particularly the relevant War Diaries and the collected loss and damage reports, casualty reports and reports of proceedings now in the National Archives. Wartime losses of the Dominions are included to ensure completeness. This comprehensive record of warship losses from all causes suffered by the Royal Navy over the past one hundred years is the first single volume work on the subject and represents a major milestone in naval research and publishing.

**Taking the Bastille; Or, Pitou the Peasant** Alexandre Dumas, 2019-11-25. In *Taking the Bastille Or Pitou the Peasant* Alexandre Dumas crafts a riveting narrative set against the backdrop of the French Revolution. Through the eyes of the humble peasant Pitou, Dumas explores themes of class struggle, social justice, and the quest for liberty, employing a vivid literary style that blends historical detail with adventure. The novel is framed within the tumultuous events surrounding the fall of the Bastille, showcasing Dumas's masterful ability to intertwine personal and political drama, rich character development, and pulse-pounding action, a hallmark of his illustrious oeuvre that includes classics like *The Three Musketeers*. A towering figure of 19th-century literature, Alexandre Dumas was deeply influenced by his own mixed heritage and the socio-political climate of his time. Born to a French nobleman and a former slave, Dumas's works often reflect his passion for social equality and a fascination with history. His extensive travels throughout France and its tumultuous past informed his perspective, leading to a vivid representation of the revolutionary spirit in *Taking the Bastille*, an exploration that simultaneously critiques and celebrates the profound changes of his era. This novel is a compelling recommendation for readers interested in historical fiction that resonates with modern themes of justice and equality. Dumas's vibrant prose invites readers to not only witness history but to engage with the timeless struggles for freedom and dignity. As relevant today as it was in the 19th century, this work deserves a place on the shelves of those who cherish insightful literary explorations.
