Jennifer L. Armentrout The Dark Elements Complete Collection Jennifer L. Armentrout, 2016-04-11 1 New York Times bestselling author Jennifer L Armentrout draws readers into the extraordinary irresistible world of wardens and demons in the New York Times bestselling series The Dark Elements WHITE HOT KISS Book 1 Seventeen year old Layla just wants to be normal fit in at school and go out on a real date with the gorgeous Zayne Trouble is Zayne treats Layla like a sister and Layla is anything but normal She's half demon half gargoyle with abilities no one else possesses And even though Zayne is a gargoyle Layla's kiss will kill anything with a soul including him Then she meets Roth a tattooed sinfully hot demon who claims to know her secrets Trusting Roth could ruin her chances with Zayne and brand her a traitor But as Layla discovers she s the sole reason for a violent demon uprising kissing the enemy suddenly pales in comparison to the looming end of the world STONE COLD TOUCH Book 2 Layla Shaw is trying to pick up the pieces of her shattered life no easy task for a seventeen year old Her impossibly gorgeous best friend Zayne is forever off limits thanks to the mysterious powers of her soul stealing kiss The Warden clan that has always protected her is suddenly keeping dangerous secrets And she can barely think about Roth the wickedly hot demon prince who understood her in ways no one else could But sometimes rock bottom is only the beginning Because suddenly Layla's powers begin to evolve and she's offered a tantalizing taste of what has always been forbidden EVERY LAST BREATH Book 3 Every choice has consequences but Layla faces tougher choices than most Light or darkness Wickedly sexy demon prince Roth or Zayne the gorgeous protective Warden she never thought could be hers Layla has a new problem too A Lilin the deadliest of demons has been unleashed wreaking havoc on those around her including her best friend To keep Sam from a fate worse than death Layla must strike a deal with the enemy while saving her city from destruction But sometimes when secrets are everywhere and the truth seems unknowable you have to listen to your heart pick a side and then fight like hell **The L** Bruce Andrews, Charles Bernstein, 1984 L A N G U A G E started as a bimonthy magazine of infrmation and commentary a forum for discussion and interchange Throughout we have emphasized a spectrum of writing that places its attention primarily on language and ways of making meaning that takes for granted neither vocabulary grammar process shape syntax program or subject matter All of these remain an issue Focussing on this range of poetic exploration and on related aesthetic and political concerns we have tried to open things up beyond correspondence and conversation to break down some unnecessary encapsulation of writers person to person scene from scene and to develop more fully the latticework of those involved in aesthetically related activity Repossessing the word The Latest Catastrophe Henry Rousso, 2016-07-06 The writing of recent history tends to be deeply marked by P IX conflict by personal and collective struggles rooted in horrific traumas and bitter controversies Frequently today s historians can find themselves researching the same events that they themselves lived through This book reflects on the concept and practices of what is called contemporary history a history of the present time and identifies special tensions in the field between knowledge and experience distance and proximity and objectivity and subjectivity Henry Rousso addresses the rise of contemporary history and the relations of present day societies to their past especially their legacies of political violence Focusing on France Germany the United Kingdom and the United States he shows that for contemporary historians the recent past has become a problem to be solved No longer unfolding as a series of traditions to be respected or a set of knowledge to be transmitted and built upon history today is treated as a constant act of mourning or memory an attempt to atone Historians must also negotiate with strife within this field as older scholars who may have lived through events clash with younger historians who also claim to understand the experiences Ultimately The Latest Catastrophe shows how historians at times against their will have themselves become actors in a history still being made
