Create Connections

Encouraging parents to read with their children (e.g. choosing materials which their children enjoy, even things like scripts or computer games)

Recognising the value of **home language & culture** in supporting literacy development.

Value the Diversity

Recognise and value the diverse backgrounds in the classroom:

Create a classroom environment that **respects and values each student's identity** and align learning of literacy with this (e.g., incorporate different learning styles).

Classroom Culture

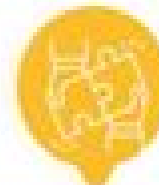

Foster a positive classroom culture:

What might this look like?

Create a classroom culture that **values and encourages literacy**, and where all students feel safe and supported.

Set high expectations for literacy achievement, provide opportunities for students to share their ideas and perspectives, and create a **supportive and inclusive learning environment**.

Collaboration

What might this look like?

Allow students the opportunity to **learn from each other's** perspectives and experiences.

Create opportunities for students to work together in groups, share their ideas, and learn from one another (for example, using drama, role play, or information exchange activities)

Improving socio-cultural perspectives towards literacy requires a commitment to creating a culturally responsive & inclusive learning environment that values & respects diversity.
