Social Science Commentary On The Of Revelation:

Social-Science Commentary on the Book of Revelation Bruce J. Malina, John J. Pilch, A groundbreaking first social science commentary on this popular book of the Bible **Social-science Commentary on the Book of Revelation** Bruce J. Malina, John J. Pilch, 2000 The author of Revelation presents himself as John the astral seer who professes faith in the Resurrected Jesus and who belonged to the house of Israel John writes of traveling into the sky but this perspective of sky visions is completely neglected in the traditional commentaries and studies on Revelation Malina and Pilch demonstrate the necessity of taking ancient sky interpretation seriously for reading the book of Revelation in its first century context Building on their earlier works on Revelation and using this highly successful commentary model Malina and Pilch have charted a new direction for Revelation studies Includes line drawings and photographs as well as charts and diagrams on ancient Mediterranean astrology **Social-Science Commentary on the Deutero-Pauline Letters** Bruce J. Malina, John J. Pilch, 2013-10-11 The Social Science Commentary series pioneers an alternative commentary genre providing in this volume the text of the deutero Pauline letters and cultural notes on them The Social Science Commentary on the Deutero Pauline Letters provides essential reading scenarios on specific cultural phenomena in these letters including forgery normative conflict paideia training and Household Codes This volume highlights the transformation of the memory of Paul in early Christianity as reflecting the concerns and interest of communities after Paul's death **Social-science Commentary on the Synoptic Gospels** Bruce J. Malina, Richard L. Rohrbaugh, 2003 The notion of Quality in business performance has exploded since the publication of the first edition of this classic text in 1988 Today there is a plethora of performance improvement frameworks including LEAN Six Sigma ISO 9001 and ISO 26 000 offering a confusing variety of ways to achieve business excellence Quality guru John Oakland's famous TQM model in many ways a precursor to these frameworks has evolved to become the ultimate holistic overview of performance improvement strategy Incorporating the frameworks that succeeded it the revised model redefines Quality by Accelerating change Reducing cost Protecting reputation Oakland's popular practical jargon free style along with eleven brand new case studies effortlessly ties the model to its real life applications making it easy to understand how to apply what you've learned to your practices and achieve sustainable competitive advantage The book is supplemented for the first time with a suite of online teaching aids for busy tutors This exciting update of a classic is all the confused student or busy professional will need to begin understanding how to manage Quality Social Scientific Models for Interpreting the Bible John Pilch, 2021-10-01 Fourteen members of The Context Group honor Bruce J Malina and his scholarship in this volume by following his consistent example of developing or using explicit social scientific models to interpret documents from the ancient Mediterranean world Ordinary features of that cultural world such as gossip reciprocity a pervasive military presence the power of women and becoming a follower of Jesus stand out with greater clarity in the Bible when a reader understands the cultural matrix in which such social dynamics function

These essays reflect The Context Group's more than twenty years of collaborative experience in researching the cultural context of the Bible. New insights are built on the solidly established foundations of their earlier cross cultural studies. Readers will find the individual essays enlightening and challenging. Taken as a whole they form a valuable resource and a stimulating and helpful aid to further study.

Reclaiming the Book of Revelation Wilfried E. Glabach, 2007. Progressive Christians have largely resisted studying the book of Revelation but *Reclaiming the Book of Revelation* shows that the last book of the Bible has great relevance for progressive Christians and congregations in this world. It addresses themes such as how to avoid being drawn into the values of a consumerist society, how to describe our fears instead of fleeing from them, and how to live with hope in difficult times. Because Revelation has been claimed by the religious right and proponents of rapture theology, Wilfried E. Glabach addresses the need for more progressive Christians to give another interpretation of the book. *Reclaiming the Book of Revelation* offers an interpretation that stresses God's forgiveness and the healing of the nations rather than the destruction of many and the redemption of a few. Dr. Glabach motivates and encourages preachers, teachers, and lay readers to explore Revelation's vision of assurance, justice, and peace. Back cover

The Westminster Dictionary of New Testament and Early Christian Literature and Rhetoric David Edward Aune, 2003-01-01. The Westminster Dictionary of New Testament and Early Christian Literature and Rhetoric details the variety of literary and rhetorical forms found in the New Testament and in the literature of the early Christian church. This authoritative reference source is a treasury for understanding the methods employed by New Testament and early Christian writers. Aune's extensive study will be of immense value to scholars and all those interested in the ways literary and rhetorical forms were used and how they functioned in the early Christian world. This unique and encyclopedic study will serve generations of scholars and students by illuminating the ways words shaped the consciousness of those who encountered Christian teachings.

Bible Translation Timothy Wilt, 2014-04-08. This book offers a broad-based contemporary perspective on Bible translation in terms of academic areas foundational to the endeavor: translation studies, communication theory, linguistics, cultural studies, biblical studies, and literary and rhetorical studies. The discussion of each area is geared towards non-specialists to introduce them to notions, trends, and tools that can contribute to their understanding of translation. The Bible translator is encouraged to appreciate various approaches to translation in view of the wide variety of communicative, organizational, and sociocultural situations in which translation occurs. However, literary representation of the Scriptures receives special attention since it has been neglected in earlier influential works on Bible translation. In addition to useful introductory and concluding sections, the book consists of six chapters: Scripture Translation in the Era of Translation Studies; Translation and Communication: The Role of Culture in Communication; Advances in Linguistic Theory and their Relevance to Translation; Biblical Studies and Bible Translation; and A Literary Approach to Biblical Text Analysis and Translation. The authors are translation consultants for the United Bible Societies. They have worked with translation projects in various media and in languages ranging from ones of a

few hundred speakers to international ones in Africa the Americas and Asia **The Scientist in the Early Roman Empire** Richard Carrier,2017-12-01 In this extensive sequel to Science Education in the Early Roman Empire Dr Richard Carrier explores the social history of scientists in the Roman era Was science in decline or experiencing a revival under the Romans What was an ancient scientist thought to be and do Who were they and who funded their research And how did pagans differ from their Christian peers in their views toward science and scientists Some have claimed Christianity valued them more than their pagan forebears In fact the reverse is the case And this difference in values had a catastrophic effect on the future of humanity The Romans may have been just a century or two away from experiencing a scientific revolution But once in power Christianity kept that progress on hold for a thousand years while forgetting most of what the pagans had achieved and discovered from an empirical anatomy physiology and brain science to an experimental physics of water gravity and air Thoroughly referenced and painstakingly researched this volume is a must for anyone who wants to learn how far we once got and why we took so long to get to where we are today **The Trinity Guide to the Bible** Richard H. Hiers,2001-10-01 In this marvelous book Hiers leads readers through a book by book overview and analysis of the Bible **The Social Gospel of Jesus** Bruce J. Malina,2001 Scholars are agreed that the central metaphor in Jesus proclamation was the kingdom of God But what did that phrase mean in the first century Palestinian world of Jesus Since it is a political metaphor what did Jesus envision as the political import of his message Since this is tied to the political economy how was that structured in Jesus day How is the violence of Jesus Mediterranean world addressed in the kingdom And how does self denial fit into Jesus agenda Malina tackles these questions in a very accessible way providing a social scientific analysis meaning that he brings to bear explicit models and a comparative approach toward an exciting interpretation of what Jesus was up to and how his first century audience would have heard him *Flights of the Soul* John J. Pilch,2011-04-29 Reports of dreams journeys into the heavens and other alternate states of consciousness abound in the Old and New Testaments and in extrabiblical literature While some scholars have considered such reports to be simple literary devices John J Pilch a leading expert in social scientific interpretation of the Bible believes otherwise As Pilch points out anthropological research on over 400 representative cultures in the world shows that more than ninety percent of these cultures have reported such experiences routinely Factual or not he says biblical accounts of alternate consciousness are both plausible and significant because they constitute a very common real human experience in their respective cultures Drawing on insights from from anthropology cognitive neuroscience psychology and the social sciences Pilch investigates and interprets Old and New Testament accounts of dreams visions journeys into the heavens and other alternate states of consciousness within their cultural contexts The result is a fresh and intriguing take on familiar biblical events Flights of the Soul sheds new light on such things as these Ezekiel s prophetic visions Enoch s sky journeys Jesus transfiguration and ascension Resurrection appearances in the Gospels Paul s ecstatic vision on the road to Damascus John s heavenly journeys described in Revelation [The Blackwell](#)

Companion to The New Testament David E. Aune, 2010-01-22 The Blackwell Companion to the New Testament is a detailed introduction to the New Testament written by more than 40 scholars from a variety of Christian denominations. It treats the 27 books and letters of the New Testament systematically, beginning with a review of current issues and concluding with an annotated bibliography. It considers the historical, social, and cultural contexts in which the New Testament was produced, exploring relevant linguistic and textual issues. An international contributor list of over 40 scholars represents worldwide field expertise and a variety of Christian denominations. Distinctive features include a unified treatment of Luke through Acts, articles on the canonical Gospels, and a discussion of the apocryphal New Testament. *Mockery and Secretism in the Social World of Mark's Gospel* Dietmar Neufeld, 2014-04-24 Having established the context of mockery and shame in Ancient Mediterranean cultures, Dietmar Neufeld shows how Mark presented Jesus as a person with a sense of honour and with a sense of shame, willing to accept the danger of being visible and the mockery it attracted. Neufeld also considers the social functions of ridicule, mockery more broadly as strategies of social sanction, leading to a better understanding of how social, religious, and political practices and discourse variously succeeded or failed in Mark. Finally, Neufeld investigates the author of Mark's preoccupation with secrecy, showing that his disposition to secrecy in his narrative heightened when the dangers of scorn and ridicule from crowds or persons became pressing concerns. In a fiercely competitive literary environment where mocking and being mocked were ever-present dangers, Mark, in his pursuit of authority, gains it by establishing a reputation of possessing authentic secret knowledge. In short, the so-called secrecy motif is shown to be deployed for specific strategic reasons that differ from those that have been traditionally advanced. **Discerning the Spirits** André Munzinger, 2007-08-02 How did Paul determine ethical and theological truth? Were all believers expected to be able to discern the spirits? 1 Corinthians 12:10. This 2007 study shows that discernment must be understood against the backdrop of an extensive hermeneutic by which Paul inherently relates ethical and theological knowledge. Understanding the will of God requires noetic and existential transformation; in short, the renewal of the mind. Romans 12:2. Munzinger argues that Paul implies a process of inspiration in which the Spirit sharpens the discerning functions of the mind, because the believer is liberated from a value system dominated by status and performance. The love of God enables all believers to learn to interpret reality in a transformed manner and to develop creative solutions to questions facing their communities. For Paul, authentic discernment is linked to a comprehensive sense of meaning. *Pillars in the History of Biblical Interpretation, Volume 2* Stanley E. Porter, Sean A. Adams, 2016-11-03 This two-volume set is part of a growing body of literature concerned with the history of biblical interpretation. The ample introduction first situates key players in the story of the development of the major strands of biblical interpretation since the Enlightenment, identifying how different theoretical and methodological approaches are related to each other and describing the academic environment in which they emerged and developed. Volume 1 contains fourteen essays on twenty-two interpreters who were principally active before 1980, and volume 2 has

nineteen essays on twenty seven of those who were active primarily after this date Each chapter provides a brief biography of one or more scholars as well as a detailed description of their major contributions to the field This is followed by an often new application of the scholar s theory By focusing on the individual scholars and their work the book recognizes that interpretive approaches arise out of certain circumstances and that scholars are influenced by and have influences upon both other interpreters and the times in which they live This set is ideal for any class on the history of biblical interpretation and for those who want a greater understanding of how the current field of biblical studies developed

Celebrating Paul Peter Spitaler, 2023-09-29 The significance of the Pauline writings Joseph A Fitzmyer Divisions are necessary 1 Corinthians 11 19 Jerome Murphy O Connor In search of the historical Paul James D G Dunn I rate all things as loss Paul s puzzling accounting system Judaism as loss or the re evaluation of all things in Christ William S Campbell Paul and the Jewish tradition the ideology of the Shema Mark D Nanos Paul a change agent model for the twenty first century John J Pilch Paul s four discourses about sin Stanley K Stowers Adam and Christ in the Pauline Epistles Pheme Perkins Living in newness of life Paul s understanding of the moral life Frank J Matera Ecocentric or anthropocentric a reading of Romans 8 18 25 Jan Lambrecht Set apart for the gospel Romans 1 1 Paul s self introduction in the letter to the Romans Ekkehard W Stegemann Adam Christ and the law in Romans 5 8 Brendan Byrne and in Paul s writings Helmut Koester Interpreting Romans 11 14 what is at stake Jean No l Aletti Reinterpreting Romans 13 within its broader context Robert Jewett To the Jew first Romans 1 16 Paul s defense of Jewish privilege in Romans Gregory Tatum Paul ritual purity and the ritual baths south of the Temple Mount Acts 21 15 28 David E Aune Where have all my siblings gone a reflection on the use of kinship language in the Pastoral Epistles Raymond F Collins Augustine s Pauline method 1 Corinthians 11 2 16 as a case study Thomas F Martin *The Idea of 'Israel' in Second Temple Judaism* Jason A.
