The Languages of Global Hip Hop Marina Terkourafi, 2010-07-22 In the case of hip hop, the forces of top-down corporatization and bottom-up globalization are inextricably woven. This volume takes the view that hip hop should not be viewed with this dichotomous dynamic in mind and that this dynamic does not arise solely outside of the continental US. Close analysis of the facts reveals a much more complex situation in which market pressures, local musical traditions, linguistic and semiotic intelligibility as well as each country's particular historico-political past conspire to yield new hybrid expressive genres. This exciting collection looks at linguistic, cultural and economic aspects of hip hop in parallel and showcases a global scope. It engages with questions of code-switching, code-mixing, the minority language, regional dialect vs. standard dynamic, the discourse of political resistance, immigrant ideologies, youth and new language varieties and will be essential reading for graduates and researchers in sociolinguistics and discourse analysis.

Homegirls Norma Mendoza-Denton, 2014-01-21 In this groundbreaking new book on the Norte and Sure, a North-South youth gang dynamic, cultural anthropologist and linguist Norma Mendoza-Denton looks at the daily lives of young Latinas and their innovative use of speech, bodily practices and symbolic exchanges that signal their gang affiliations and ideologies. Her engrossing ethnographic and sociolinguistic study reveals the connection of language behavior and other symbolic practices among Latina gang girls in California and their connections to larger social processes of nationalism, racial/ethnic consciousness and gender identity. An engrossing account of the Norte and Sur girl gangs, the largest Latino gangs in California, traces how elements of speech, bodily practices and symbolic exchanges are used to signal social affiliation and come together to form youth gang styles. Explores the relationship between language and the body, one of the most striking aspects of the tattoos, make-up and clothing of the gang members. Unlike other studies which focus on violence, fighting and drugs, Mendoza-Denton delves into the commonly overlooked cultural and linguistic aspects of youth gangs.
