Social Development and Planning in Asia Ralph Pieris, 2003-06 While probing into the economics of development and planning and evolving the strategy for social transformation professional economists often lose sight of the ultimate goalman The firsthand knowledge and experience of the human situation are tabulated and computerised and then they reappear as abstract models and formal indicators In his *Social Development and Planning in Asia* Dr Ralph Pieris salvages this human factor that often tends to disappear behind significant statistics Unlike the alienated technocrats whose profession is to devise strategies for economic development Dr Pieris stresses the human dimension of all socio economic planning The papers included in this volume were prepared during 1951 75 they trace not only the history of the socio economic development in the underdeveloped Asian countries but also delineate the dialectical relationship between the philosophy of development and the social man This vein of concern for the human situation though running through all his writings is methodically formulated in Part IV of the book *The Problem of Human Relationships A Grammar of Sociology* In whatever he has written during the past quarter century Dr Ralph Pieris is rightfully confident that he has pre-empted Gunnar Myrdal's *Prognosis* 1970 *Population Index*, 1975 Annotated bibliography covering books journal articles working papers and other material on topics in population and demography *National Library of Medicine Current Catalog* National Library of Medicine (U.S.), **The SAGE Handbook of Social Network Analysis** John Scott, Peter J. Carrington, 2011-10-07 This sparkling Handbook offers an unrivalled resource for those engaged in the cutting edge field of social network analysis Systematically it introduces readers to the key concepts substantive topics central methods and prime debates Among the specific areas covered are Network theory Interdisciplinary applications Online networks Corporate networks Lobbying networks Deviant networks Measuring devices Key Methodologies Software applications The result is a peerless resource for teachers and students which offers a critical survey of the origins basic issues and major debates The Handbook provides a
