Clements, 2021-10-12 For more than four centuries Europeans and Euroamericans have been making written records of the spoken words of American Indians

While some commentators have assumed that these records provide absolutely reliable information about the nature of Native American oral expression even its aesthetic qualities others have dismissed them as inherently unreliable In Native American Verbal Art Texts and Contexts William Clements offers a comprehensive treatment of the intellectual and cultural constructs that have colored the textualization of Native American verbal art Clements presents six case studies of important moments individuals and movements in this history He recounts the work of the Jesuits who missionized in New France during the seventeenth and eighteenth centuries and textualized and theorized about the verbal expressions of the Iroquoians and Algonquians to whom they were spreading Christianity He examines in depth Henry Timberlake s 1765 translation of a Cherokee war song that was probably the first printed English rendering of a Native American poem He discusses early nineteenth century textualizers and translators who saw in Native American verbal art a literature manqué that they could transform into a fully realized literature with particular attention to the work of Henry Rowe Schoolcraft an Indian agent and pioneer field collector who developed this approach to its fullest He discusses the scientific textualizers of the late nineteenth century who viewed Native American discourse as a data source for historical ethnographic and linguistic information and he examines the work of Natalie Curtis whose field research among the Hopis helped to launch a wave of interest in Native Americans and their verbal art that continues to the present In addition Clements addresses theoretical issues in the textualization translation and anthologizing of American Indian oral expression In many cases the past records of Native American expression represent all we have left of an entire verbal heritage in most cases they are all that we have of a particular heritage at a particular point in history Covering a broad range of materials and their historical contexts Native American Verbal Art identifies the agendas that have informed these records and helps the reader to determine what remains useful in them It will be a welcome addition to the fields of Native American studies and folklore Sing with the Heart of a Bear Kenneth Lincoln, 2023-09-01 Examining contemporary poetry by way of ethnicity and gender Kenneth Lincoln tracks the Renaissance invention of the Wild Man and the recurrent Adamic myth of the lost Garden He discusses the first anthology of American Indian verse The Path on the Rainbow 1918 which opened Jorge Luis Borges university surveys of American literature to thirty five contemporary Indian poets who speak to with and against American mainstream bards From Whitman s free verse through the Greenwich Village Renaissance sandwiched between the world wars and the post apocalyptic Beat incantations to transglobal questions of tribe and verse at the century s close Lincoln shows where we mine the mother lode of New World voices what distinguishes American verse which tales our poets sing and what inflections we hear in the rhythms pitches and parsings of native lines Lincoln presents the Lakota concept of singing with the heart of a bear as poetry which moves through an artist He argues for a fusion of estranged cultures tribal and migr margin and mainstream in detailing the ethnopoeitics of Native American translation and the growing modernist concern for a native sense of the makings of American verse This fascinating work represents a major new effort in understanding American and

Native American literature spirituality and culture Examining contemporary poetry by way of ethnicity and gender Kenneth Lincoln tracks the Renaissance invention of the Wild Man and the recurrent Adamic myth of the lost Garden He discusses the first anthology of American Indian verse *The Path on the* [Dictionary of Midwestern Literature, Volume Two](#) Philip A. excavates this fantasy to show how the Southwest emerged as a symbolic space from 1880 through the early decades of the twentieth century Drawing on sources as diverse as regional magazines and modernist novels Pueblo portraits and New York exhibits Goodman has crafted a wide ranging history that explores the invention translation and representation of the Southwest Its principal players include amateur ethnographer Charles Lummis who conflated the critical work of cultural translation pulp novelist Zane Grey whose bestselling novels defined the social meanings of the modern West fashionable translator Mary Austin whose re expressions of Indian song are contrasted with recent examples of ethnopoetics and modernist author Willa Cather who demonstrated an immaterial feeling for landscape from the Nebraska Plains to Acoma Pueblo Goodman shows how these writers as well as photographers such as Paul Strand Ansel Adams and Alex Harris exhibit different phases of the struggle between an Anglo calling to document Native and Hispanic difference and America s larger drive toward imperial mastery In critiquing photographic representations of the Southwest she argues that commercial interests and eastern prejudices boiled down the experimental images of the late nineteenth century to a few visual myths the persistence of wilderness the innocence of early portraiture and the purity of empty space An ambitious synthesis of criticism and anthropology art history and geopolitical theory Translating Southwestern Landscapes names the defining contradictions of America s most recently invented cultural space It shows us that the Southwest of these early visitors is the only Southwest most of us have ever known

The Text and the Voice Alessandro Portelli, 1994-01-05 The Text and the Voice **Hearing Sappho in New Orleans** Ruth Salvaggio, 2012-06-13 While sifting through trash in her flooded New Orleans home Ruth Salvaggio discovered an old volume of Sappho's poetry stained with muck and mold In her efforts to restore the book Salvaggio realized that the process reflected how Sappho's own words were unearthed from the refuse of the ancient world Undertaking such a task in New Orleans she sets out to recover the city's rich poetic heritage while searching through its flooded debris Hearing Sappho in New Orleans is at once a meditation on this poetic city its many languages and cultures and a history of its forgotten poetry Using Sappho's fragments as a guide Salvaggio roams the streets and neighborhoods of the city as she explores the migrations of lyric poetry from ancient Greece through the African slave trade to indigenous America and ultimately to New Orleans The book also directs us to the lyric call of poetry the voice always in search of a listener Writing in a post Katrina landscape Salvaggio recovers and ponders the social consequences of the long song lyric chants especially the voices of women lost in time as it resonates from New Orleans's poetic sites like Congo Square where Africans and Indians gathered in the early eighteenth century to the modern day Maple Leaf Bar where poets still convene on Sunday afternoons She recovers for example an all but forgotten young Creole woman named L I and leads us all the way up to celebrated contemporary writers such as former Louisiana poet laureate Brenda Marie Osbey Sybil Kein Nicole Cooley and Katherine Soniat Hearing Sappho in New Orleans is a reminder of poetry's ability to restore and secure fragile and fragmented connections in a vulnerable and imperiled world *The Workbook*, 1994 **Speak Like Singing** Kenneth Lincoln, 2007 Speak Like Singing honors talk song visions for all relatives and seeks to plumb if not to reconcile Native and American poetics tribal chorus and solitary vision
